U.S. Planes Bomb Haiphong Targets

SAIGON (AP) — U.S. Navy planes hit four targets inside Haiphong Monday in the closest raids ever made to the center of the port city.

The dock facilities were spared, but raiding jets from the carriers Coral Sea and Oriskany hit two of the main bridges in North Vietnam's chief port, the main rail yard and a sprawling warehouse area.

Antiaircraft and missiles barrages sent against the raiders included two Soviet-built SAM rockets that apparently went out of control and exploded near three ships, including one Polish and one Italian, anchored in the Red River mouth 20 miles from the port. One missile exploded 1,800 feet above the ships and the other exploded in the water about 2,000 yards away.

The raids into the heavily defended heartland of North Vietnam maintained a U.S. policy of putting as much pressure as possible on the Hanoi regime before monsoons curtail air operations against the North in about a month.

The intensified air war was paralleled by heavy ground fighting Monday and today in South Vietnam's northern war zone where U.S. Marines have been fighting off freshly equipped North Vietnamese regulars.

The Marines reported 40 Communist soldiers and 14 Marines killed and 35 Marines wounded in two actions Monday and two shelling attacks today.

Meanwhile, South Vietnamese forces suffered heavy casualties in two attacks early today south of Da Nang.

U.S. B52 bombers made the raids early today on North Vietnamese positions inside the demilitarized zone from which the Communists send troops south against the Marines and bombarded the Leatherneck outposts just below the zone.

Navy pilots returning from the Haiphong raids reported a hail of SAM missiles and antiaircraft fire, and Hanoi Radio claimed two U.S. jets were shot down.

The U.S. Command reported no losses on the Haiphong strike, but said a B57 Canberra was shot down Monday north of the demilitarized zone and the two crewmen were missing. It was the 674th U.S. combat plane reported lost in the air war against North Vietnam.

A comprehensive estimate of the damage in Haiphong Monday was unavailable until film from photo planes was developed.

The bridges spanned the big canal that bisects Haiphong and carried the main rail and road traffic for Hanoi to the west. They were located one mile and eight-tenths of a mile from the geographic center of the city, the U.S. Command said.

The closest raid previously to the center of Haiphong was an attack last April on a cement plant and power plant 1.1 miles from the center.

The spokesman said none of the four targets had been hit previously. The most recent attack close in to Haiphong was on Sept. 4 against the big rail bridge about three miles southeast of the city.

Air Force, Navy and Marine pilots flew 110 missions against North Vietnam Monday. In addition to the targets in Haiphong, they pounded the two rail lines from Hanoi to Red China and ranged southward to strike supply targets, missile sites and gun positions down to the demilitarized zone between North and South Vietnam.

Just north of the DMZ a flight of Phantom and Thunderchief jets destroyed one of the mobile transporters that carry the

Strike For Second Day

New York City's Teachers 'Balk'

NEW YORK (AP) — City teachers struck for the second straight day today as Albert Shanker, teachers union head, vowed that the work stoppage affecting more than a million pupils will continue "until our demands are granted."

When the fall term opened Monday, more than 40,000 teachers, carrying picket signs, defied a court order and boycotted classrooms. Nearly 400,000 youngsters also stayed away and those that did show up found only an approximation of normal classes.

Shanker, president of the 49,000-member AFL-CIO United Federation of Teachers, is due in State Supreme Court today to show cause why a temporary injunction forbidding the walkout should not be made permanent.

The action was expected to lead to a test of the new state law forbidding strikes by public employe unions. The union said Monday night it would make a legal counterattack and seek to force the city to close all the schools until the dispute is settled.

To meet the crisis in some schools, parents and community volunteers helped out.

In the afternoon thousands of the teachers gathered outside City Hall, chanting, "We will win! We will win!" Shanker responded, "We will stay out until our demands are granted."

In all, 740 of the city's 900 schools were picketed. The strike drew the support of AFL-CIO President George Meany and of two nationally known Negro leaders, A. Philip Randolph and Bayard Rustin.

However, some other Negroes said they see discrimination in the union demand that teachers be allowed to initiate the dismissal from schools of disruptive pupils.

The Board of Education reported that 11,662 of 57,644 assigned teachers showed up for classes Monday. They were augmented by some 8,600 volunteers.

The union said 49,500 teachers stayed out in the dispute over wages and classroom conditions. No new talks were scheduled. The union has rejected a proposed $125-mlilion pact.

Board of Education President Alfred A. Giardino said in a statement, "The schools will remain open tomorrow. I do not expect a long protest. After their initial duty to the union is fulfilled, they will then respond to their obligation to the pupils."

The federation is seeking a salary scale for its teachers of $7,500 to 18,000 a year. A mediation panel recommended a $6,600 to 13,600 scale, which was accepted by the school board. The old contract ranged from $5,400 to $11,950.

Chrysler Increases New Models $133; Ford Talks Slated

DETROIT (AP)—An increase in car prices was a new factor in auto labor-management relations today as negotiators prepared to resume bargaining between the struck Ford Motor Co. and the United Auto Workers.

Chrysler Corp., citing increased costs of labor and new health and safety items required by federal law, Monday became the first of the four major U.S. automakers to announce a price increase. It said 1968 models would cost an average of $133 or 4.6 per cent more than 1967s.

General Motors, American Motors and Ford are also preparing higher price listings on new models but it was not immediately known when their prices will be announced.

Ford and the UAW have agreed to return to the bargaining table Friday in an effort to end a six-day-old strike by 160,000 Ford workers. The UAW had no immediate comment on Chrysler's announcement, but it was expected to study the new prices to get an indication of what kind of second contract offer the company might make.

The union has rejected nearly identical offers made by the Big Three. One GM official estimated the original offer would add $4 an hour to the $4.70 an hour in wages and fringe benefits the average worker now draws.

The Big Three offers included raising the current average straight time hourly rate of $3.41 an hour by 13 cents the first year and by 2.8 per cent each successive year.

Board Stands Firm

Pupils At Negley Return To School

EAST PALESTINE — All Negley students were back in school today and the community resistance to a board of education plan to bus fourth graders to East Palestine apparently eased as a result of a meeting of a Negley delegation with the board Monday night.

But one member of the delegation declared, "The fight will continue in another direction." Another town meeting is scheduled Wednesday night.

The Negley committee said the decision to have all the Negley youngsters go back to school today after a one - day "stay home" action Monday was made prior to the meeting last night with the board.

The board of education stood firm on its decision to have the 17 fourth - grade students at Negley transported to East Palestine because the small number of pupils did not justify hiring a teacher.

Atty. James Allison, president, polled each member of the board, and all expressed the sentiment that the decision was made in the best interests of education in the school district.

—:—

THE COMMITTEE said it had earlier decided to have the Negley students go back to school "win or lose", saying the youngsters had been kept out of school long enough.

Parents of the fourth-graders had taken their youngsters to the Negley School three days last week for "sit - in'," refusing to let them be transported to East Palestine.

Monday more than 90 per cent of the some 280 Negley students were kept out of classes at Negley and East Palestine.

Judge D. Barry Dickson, East Palestine attorney representing the Negley group, last night urged the board to consider the community's feelings and desires of the parents to have their youngsters in their own school.

Dickson read an editorial from "The Review" which indicated a reconsideration of the decision was warranted by the board.

Later, questions were asked by the six - member committee which includes Dale Murphy, Harry Evans Jr., Harry Evans Sr., Lewis Justison, Charles Minamyer and William Powers.

—:—

BOARD MEMBERS said there would be "no reprisals" as a result of the "sit - ins" or "stay - home" moves, either academically or disciplinary, against students.

Asked about a patrol for school areas as in East Palestine, board members said busy intersections in East Palestine were manned by special police paid by the city, and suggested the Negley group request the township trustees for aid in obtain-

Peking Warns Of 'Crushing Blows'

Indian And Red Chinese Troops Clash On Border

NEW DELHI (AP) — Intermittent firing continued through the night between Indian and Red Chinese troops on the mountainous border between Tibet and Sikkim, a Defense Ministry spokesman said today.

The spokesman said he was unable to give any reason for the clashes which India claims were provoked by the Chinese. "It is perhaps part of the frustration in the wake of the so-called cultural revolution," he said.

Peking accused India of starting the shooting Monday and threatened "crushing blows" against any invasion.

Recalling the defeat Chinese troops administered to Indian forces in their border war five years ago, a Chinese government note delivered to the Indian Embassy in Peking said: "Do not misjudge the situation and repeat your mistake of 1962."

"For the defense of the sacred territory of their motherland," the note continued, "the great Chinese people and the Chinese People's Liberation Army will certainly deal crushing blows at any enemy that dares invade us."

India proposed an immediate cease-fire and a meeting of the local military commanders "to reduce the tension and prevent the situation from assuming a very serious aspect."

Each side accused the other of opening fire first on Monday.

The clash occurred at Nathu La Pass, a Himalayan ridge abou 20 miles from Gangtok, the Sikkimese capital where the former Hope Cooke, an American socialite, reigns with her husband the Maharajah Palden Thondup Namgyal.

Red China said 36 of its frontier guards were killed or wounded in the clash, the second outbreak of fighting at the pass in five days.

India said the Chinese opened fire with rifles and machine guns and followed with mortar and artillery barrages, killing and wounding some Indians. Unofficial accounts in New Delihi said eight Indians were wounded and a lesser number killed.

Sikkim, a protectorate of India, has a population of 17,000 and an armed force of 300 palace guards. India is responsible for its defense and foreign relations.

Tension has been mounting between Indian and Chinese patrols facing each other at Nathu La Pass, which lies at the end of a strip of Tibetan territory reaching south between Sikkim and Bhutan.

Two patrols of about 60 men each clashed briefly with bayonets at the pass last Thursday, and the Chinese claimed two of their soldiers were wounded.

Thomas E. Millsop Dies, Leader Of Weirton Steel

Thomas E. Millsop, honorary chairman of the National Steel Corp., who rose from the steel industry's ranks to become one of its outstanding leaders, died of an apparent heart attack at 9:20 a. m. at his home in Weirton. He was 69.

Mr. Millsop served as president of Weirton Steel for more than 18 years, having been elected to the post in June 1936 as the youngest man ever to fill such a position in a major steel firm.

He also served as Mayor of Weirton, and was active in many civic positions in the city and West Virginia.

In 1954 he became president and chief executive officer of the National Steel Corp., Weirton Steel's parent firm. In a realignment of National Steel officers in February 1961, Mr. Millsop was named chairman and chief executive officer, succeeding as board chairman, George M. Humphrey, former secretary of the treasury and founder of the corporation.

Mr. Millsop was chairman and chief executive officer until his retirement Nov. 18, 1964, when he was named honorary chairman. He continued to be a

Accept Pay Package

Police, Firemen Return To Posts In Youngstown

YOUNGSTOWN, Ohio (AP)—Less than an hour after Mahoning County Common Pleas Judge Sidney Rigelhaupt announced that Youngstown's striking safety forces had accepted a $100 monthly wage package Monday, police and fire services in the city were back to normal.

Nearly 500 of the 600 police and firemen went on strike last Wednesday night demanding an immediate pay increase of $25 a week.

They settled for a package that includes $26 a month immediately and $74 a month more if the voters approve an increase in the city income tax from 1 per cent to 1.5 per cent at a special election Dec. 14.

The pay raise agreement was worked out in Judge Rigelhaupt's chambers with represenatives of the city and the striking police and firemen. It then was accepted by a nearly unanimous voice vote of the strikers.

Earlier Monday the safety forces rejected by a secret ballot vote of 298 to 69 an offer of $26 a month immediately and $30 more if the proposed income tax increase passed.

This was done in the face of possible contempt of court action and a warning from Mayor Anthony B. Flask that he would invoke the state's Ferguson Act which makes strikes by public employes illegal with dismissal as the penalty for those who strike.

Judge Rigelhaupt issued a temporary injunction Saturday ordering the strikers back to work and they had until 9 a.m. Monday to obey. The judge indicated the injunction would have been enforced Monday to obey. The judge indicated the injunction would have been enforced

Airport Plans Explained To City Planners

An updated report on plans for construction of a Columbiana County Airport near Glenmoor was given to members of the City Planning Commission Monday night at City Hall by Vincent Laneve of East Liverpool, chairman of the County Airport Authority.

Laneve told the commission the latest plans show the runway as a 3,500-foot paved strip, rather than 4,000 feet, with a 400-foot cleared approach at either end of the field. He said the plans would allow the runway to be lengthened to 5,000 feet later, if funds are available.

Laneve reported construction may begin in the spring on the field, which will be built on the former Swaney Field site along State Route 267. He pointed out that the revised plans have been

Bid Openings Due Nov. 14 On Road Link

Ohio Highway Director P. E. Masheter said today at Columbus bids for construction of a 4.8-mile section of Ohio 11, the "Lake - to - River Highway," will be opened in Columbus Nov. 14.

The project lies between points east of West Point and Lisbon. Reconstruction of 1.2-mile of Ohio 154 and construction of an Ohio 11-154 interchange approximately a mile east of Lisbon will be included. The estimated total cost is $4.5 million.

The new, four - lane Ohio 11 ultimately will connect the industrial areas of Lake Erie and the Ohio River valley.

Construction of this section will include two sets of twin structures to carry Ohio 11 over SR 154 and the Middle Fork of Little Beaver Creek. Single structures will carry TR 900 (the Roller Coaster Rd.) and CR 417 over Ohio 11.

County Rd. 417 will be closed to traffic for approximately 150 days during construction of the grade separation. Other local traffic will be maintained.

Views Lineup At County Jail

Priest Puts The 'Finger' On Second Holdup Figure

LEETONIA — Fr. Thomas Beldue of St. Patrick's Church identified a Poland resident Monday night as one of two armed men who attempted to rob him Sunday night, Sept. 3, in the rectory.

He viewed a six-man lineup at the County Jail in Lisbon and pointed to James T. Martin, 31, of 13 Whittier Court.

Police Chief Allen Gibson earlier had charged Martin with assault with a deadly weapon. A bullet grazed the priest's head as he exchanged gunfire with the intruders.

Gibson said ballistics tests revealed three bullets removed from Martin at Youngstown South Side Hospital last Wednesday were fired from Fr. Beldue's .25 - caliber pistol.

The priest told Gibson one gunman was dressed like a priest and the other wore a stocking mask. The pastor was certain he shot one man a couple of times in the chest and probably hit the other one. The pair ran from the rectory kitchen where the shooting took place and escaped in a car.

Martin wore the priest disguise, according to Gibson and James (Ronnie) Gause, special investigator for the prosecutor's office.

The other man, they say, was James Black, 32, of 3205 Graceland Rd., New Castle, who remains under guard in St. Francis Hospital there. Doctors removed a bullet from his stomach Sept. 4.

Gibson charged Black with attempted armed robbery after bullet tests at the Ohio Bureau of Criminal Identification and Investigation showed the slug came from Fr. Beldue's gun.

Martin was transferred from South Side Hospital to the County Jail last evening by Chief Deputy Sheriff Robert Beresford and Deputy Herman (Cy) Well-

Bid Openings Due Nov. 14 On Road Link

Ohio Highway Director P. E. Masheter said today at Columbus bids for construction of a 4.8-mile section of Ohio 11, the "Lake - to - River Highway," will be opened in Columbus Nov. 14.

The project lies between points east of West Point and Lisbon. Reconstruction of 1.2-mile of Ohio 154 and construction of an Ohio 11-154 interchange approximately a mile east of Lisbon will be included. The estimated total cost is $4.5 million.

The new, four - lane Ohio 11 ultimately will connect the industrial areas of Lake Erie and the Ohio River valley.

Construction of this section will include two sets of twin structures to carry Ohio 11 over SR 154 and the Middle Fork of Little Beaver Creek. Single structures will carry TR 900 (the Roller Coaster Rd.) and CR 417 over Ohio 11.

County Rd. 417 will be closed to traffic for approximately 150 days during construction of the grade separation. Other local traffic will be maintained.

Board Stands Firm

Pupils At Negley Return To School

EAST PALESTINE — All Negley students were back in school today and the community resistance to a board of education plan to bus fourth graders to East Palestine apparently eased as a result of a meeting of a Negley delegation with the board Monday night.

But one member of the delegation declared, "The fight will continue in another direction." Another town meeting is scheduled Wednesday night.

The Negley committee said the decision to have all the Negley youngsters go back to school today after a one - day "stay home" action Monday was made prior to the meeting last night with the board.

The board of education stood firm on its decision to have the 17 fourth - grade students at Negley transported to East Palestine because the small number of pupils did not justify hiring a teacher.

Atty. James Allison, president, polled each member of the board, and all expressed the sentiment that the decision was made in the best interests of education in the school district.

—:—

THE COMMITTEE said it had earlier decided to have the Negley students go back to school "win or lose", saying the youngsters had been kept out of school long enough.

Parents of the fourth-graders had taken their youngsters to the Negley School three days last week for "sit - in'," refusing to let them be transported to East Palestine.

Monday more than 90 per cent of the some 280 Negley students were kept out of classes at Negley and East Palestine.

Judge D. Barry Dickson, East Palestine attorney representing the Negley group, last night urged the board to consider the community's feelings and desires of the parents to have their youngsters in their own school.

Dickson read an editorial from "The Review" which indicated a reconsideration of the decision was warranted by the board.

Later, questions were asked by the six - member committee which includes Dale Murphy, Harry Evans Jr., Harry Evans Sr., Lewis Justison, Charles Minamyer and William Powers.

—:—

BOARD MEMBERS said there would be "no reprisals" as a result of the "sit - ins" or "stay - home" moves, either academically or disciplinary, against students.

Asked about a patrol for school areas as in East Palestine, board members said busy intersections in East Palestine were manned by special police paid by the city, and suggested the Negley group request the township trustees for aid in obtain-

Views Lineup At County Jail

Priest Puts The 'Finger' On Second Holdup Figure

LEETONIA — Fr. Thomas Beldue of St. Patrick's Church identified a Poland resident Monday night as one of two armed men who attempted to rob him Sunday night, Sept. 3, in the rectory.

He viewed a six-man lineup at the County Jail in Lisbon and pointed to James T. Martin, 31, of 13 Whittier Court.

Police Chief Allen Gibson earlier had charged Martin with assault with a deadly weapon. A bullet grazed the priest's head as he exchanged gunfire with the intruders.

Gibson said ballistics tests revealed three bullets removed from Martin at Youngstown South Side Hospital last Wednesday were fired from Fr. Beldue's .25 - caliber pistol.

The priest told Gibson one gunman was dressed like a priest and the other wore a stocking mask. The pastor was certain he shot one man a couple of times in the chest and probably hit the other one. The pair ran from the rectory kitchen where the shooting took place and escaped in a car.

Martin wore the priest disguise, according to Gibson and James (Ronnie) Gause, special investigator for the prosecutor's office.

The other man, they say, was James Black, 32, of 3205 Graceland Rd., New Castle, who remains under guard in St. Francis Hospital there. Doctors removed a bullet from his stomach Sept. 4.

Gibson charged Black with attempted armed robbery after bullet tests at the Ohio Bureau of Criminal Identification and Investigation showed the slug came from Fr. Beldue's gun.

Martin was transferred from South Side Hospital to the County Jail last evening by Chief Deputy Sheriff Robert Beresford and Deputy Herman (Cy) Well-

A Human Relations Meeting

Judge Emphasizes Need For Proper Perspective

Judge Ralph F. Scalera urged problems be put in their proper perspective so they can be understood during his talk Monday night at the third annual anniversary dinner of the Midland Human Relations Commission at the Crucible Management Club in Industry.

Scalera, president judge of Beaver County, said we must not be victims of overspeaking.

"If there were a political debate on Main St., Midland, the audience would realize what was involved and make the necessary allowances in its thinking. But, when persons from other places are heard, and we do not know them, we cannot make those adjustments," he said. "We must learn to put problems in their proper perspective and not lose our sense of balance."

—:—

THE JUDGE cited Midland as a small community that has produced many outstanding athletes, citizens and people of all races, religions and circumstances. This very fact brings sanity and reason to an unhappy era, he said.

"It appears all is not well in 1967 with the shining American dream of equal opportunity and brotherhood," Scalera commented.

Seventy attended. C. R. Schmitt, commission chairman, introduced Mayor Eli Corak, who formed the commission three years ago. The mayor said he believes many communities have waited too long to form similar organizations. The Midland commission has 15 representatives representing various religions and races.

Schmitt said he hopes Midland will be a model community for good human relations. Members of the commission attending were Paul McGovern, James Morrison, William Vinovich Sr., Olen Gibson, Fredrica Folks, the Very Rev. Stephen Burdis, the Very Rev. Milorad Dobrota, Emeric Davis, Wilbur Dershimer and Will Leavell.

—:—

IN HIS opening remarks, McGovern said there was a good cross - section representation of the borough at the dinner, including businessmen, parent - teacher association officers, educators, and members of Council and the Board of Education.

Rev. Dobrota of the St. George Serbian Orthodox Church gave the invocation, Fred Martell led group singing of "America" and Fr. Burdis of the Presentation Church gave the benediction.

Standing committees for the coming year are McGovern, Fr. Burdis, Fr. Doborta, Morrison and Sherman Stewart, public relations; Vinovich, Davis, Gibson and the Rev. W. L. Harris, employment; Wilbur Basinger, Leavell, the Rev. Paul A. McClenon and McGovern, housing, and Dershimer, the Rev. George Bohlender, Mrs. Folks and Morrison, education.

Flower centerpieces were presented Mrs. Folks, Mrs. Gwendolyn Delvaux and Sister Mary Robert.

Special Meeting Slated Friday By City's Employes

All city workers who are members of Local 677, American Federation of State, County and Municipal Employes, have been asked to attend a special meeting Friday night at 8 in Room 4 of the old IBOP Building.

Louis Campbell, assistant business agent of Northeast Ohio Council 18 of the public employes' union, will be the principal speaker.

The local emphasized the meeting concerns only its members who are city employes. The local's membership also include employes of the school system such as custodians and bus drivers.

The discussion is expected to include a proposed agreement on working conditions which the union presented to City Council Sept. 5. The agreement covers such conditions as dues checkoff, seniority, lay-off procedures, sick leave, vacations, holidays and grievance and arbitration procedure.

Beaver County Plans Riot Control Seminar

More than 100 are expected to attend a special riot control seminar to be held for Beaver County firemen and industrial police Sept. 19 at the auditorium of the Beaver County Home and Hospital.

The seminar is being sponsored by Beaver County District Attorney Robert J. Masters. Pennsylvania State Police and the county sheriff's office will participate. Lecturers will include several officers who have had experience with riots in other areas.

Masters said no difficulty is expected in the county, but added that "it is best to be prepared."

Two Changes Made

Requirements Lowered For Food Stamp Users

The purchase requirement in the U. S. Food Stamp program has been cut by the Department of Agriculture's Consumer and Marketing Service in an effort to reach more people who can benefit from the program.

The change will affect those in the stamp program in Columbiana, Beaver and Hancock Counties.

Officials said that since families with little or no income find it hard to pay even the previously required $2 a person a month for food coupons, the purchase requirement for the lowest income groups has been cut to 50 cents a person a month.

For example, a two - person household, with a net monthly income from zero to $19.99, would pay $1 each month (50 cents each), instead of $4 (at the former rate). They would be given $23 in bonus food coupons, thus having $24 each month to buy food.

However, for larger households with the same amount of income, zero to $19.99, the rate per person gets smaller. Thus, households with seven or more persons never pay more than $3 for stamps, (less than 50 cents a piece) and yet receive large amounts of bonus stamps.

Also, in view of the difficulty a family has in putting together enough cash to enter the program, and pay its back bills at the same time, new participants may purchase food coupons at one - half the regular price, during their first month of participation. This rule applies to everyone who is eligible for the program, not just those in the lowest income groups.

Here's an example to show how this change works: An eight - person household, with a net monthly income from $30 to $39.99, would pay $7 during their first month in the program. They would receive $79 in free or bonus coupons and thus have $86 each month to buy food. After the first month in the program they would start paying the normal amount — $14 each month—receive $72 in bonus stamps and still have $86 to buy food.

This change allows them to get a head start on old bills, and once in the program, they should be able to meet other bills more easily.

The Food Stamp Program is a food assistance project, which helps low - income families improve their diets. It started in 1961 on a trial basis, and has grown from 43 pilot projects with 350,550 persons taking part, to 838 projects with 1,829,052 participants.

Persons in the program buy food stamps with the money they would usually spend each month for food. They are then given bonus or extra stamps, paid for by USDA, which, added with those they bought, gives them more food buying power.

The stamps can be spent at any food store, authorized to accept them by USDA. All foods, except imported items, can be bought with the coupons.

Low income families not now participating in the Food Stamp Program may get further information at the Columbiana County Welfare Department at Lisbon, the Hancock County Food Stamp office at Ridge Ave., New Cumberland or the Beaver County Food Stamp office in Beaver.

Hancock Farmers Reminded On Sept. 18 Ballot Deadline

Ballots for the election of Hancock County committeemen for the Agricultural Stabilization and Conservation Service must be returned by Sept. 18, according to Norma Murray, office manager, at New Cumberland.

Six have been nominated for the three - year term.

The candidates are Steve Chapko Jr., C. T. Haynes, Walter Herron, Shields Mayhew, Lester Miller and Chester Ralston.

Ballots were mailed earlier this month.

Two alternates also will be elected to one - year terms.

During 1966, 103 farmers took part in at least one program administered by the ASC. Funds disbursed under the committee's supervision amounted to $14,584.

Mrs. Murray said lists of eligible voters are available in the county office. Any local producer is eligible to vote and hold office as committeeman.

She cautioned farmers to sign the statement on the back of the outside envelope to certify their eligibility to vote, then mark the ballot and seal it inside the plain envelope which is supplied.

She cautioned that no writing should appear.

Ballots will be counted in the ASCS office Sept. 19 at 9:30 a. m.

The incumbent committee is Carl R. Assjson, chairman; Shields Mayhew, vice chairman; Plummer Smith, member; Robert Conkle, first alternate, and William Hillyard, second alternate. Elections last year were held in December.

37-foot, Soviet-made antiaircraft missiles.

In the ground war, military communiques reported at least 175 Communists killed in scattered fights in the preceding 24 hours.

Action again centered in the five provinces of the northern war zone where the U.S. Marines have been battling infiltrating North Vietnamese troops for the past nine days. The Communists appear ready for an intensive effort to weaken the allied hold on the five provinces which are politicly the shakiest in South Vietnam.

South Vietnamese forces south of Da Nang were hit hard.

After a mortr and ground assault early Monday on the provincial capital of Hoi An, 20 miles south of the big Marine base at Da Nang, Red forces early today attacked a South Vietnamese subsector headquarters at Hieu Nhon, near Hoi An, and an outpost one mile west of Nghia Hanh, in Quang Ngai Province farther south.

In both attacks, the enemy penetrated the compounds, inflicted heavy casualties on the defending troops before pulling out, and at Hieu Nhon killed two Vietnamese civilians and kidnaped 47.

The only known enemy casualties were four Viet Cong killed.

In another Communist attack early today, South Vietnamese militiamen guarding a bridge 1½ miles northwset of Hue suffered moderate casualties but turned back the Viet Cong with the help of artillery support. Enemy casualties were not known, and the bridge was not damaged.

ing traffic protection for pupils.

Board members were asked if plans were being considered for eventually closing the Negley School. It was pointed out that a number of repairs have been made to keep the school in shape and there is no intention of closing the building.

The bussing of fourth - graders to East Palestine, it was explained, was strictly "for economic reasons" — the number of students did not warrant hiring a teacher.

Atty. Jack Cohen, solicitor for the board, urged all parents to forego any action such as keeping youngsters from school, saying it was a violation of the law.

—:—

THE COMMITTEE explained the move was taken because it was apparently the only way to bring the issue fully to the attention of the board.

Cohen said he had sent notices of trespassing to parents who staged the "sit-in," but he could have taken more direct legal action.

Murphy said the community plans to continue to battle the board's decision and other policies, referring to the November general election in which he is a candidate.

He said another town meeting will be held Wednesday night at 7:30 at the fire station.

Court Begins Hearing On 3 Assault Charges

A lengthy hearing was under way this morning before Municipal Judge Samuel M. Chertoff for three Washington County (Pa.) men all charged with assault with a deadly weapon as a result of a battle early Wednesday in the Diamond Restaurant.

The defendants are Jack Boyer, 24, Ronald Boyer, 22, and Raymond Joseph Boyer, 18. All are accused of using beer bottles to assault George Whitney, 23, of 2123 Ohio Ave. Each of the Boyers also is charged with intoxication.

The defendants previously entered not guilty pleas on all charges. Ronald Boyer is represented by J. Michael Kapp. George Hanna, a Burgettstown attorney, represents Jack and Raymond Boyer. Asst. Solicitor Richard J. Clark is prosecuting.

New Way Found To Stop Hair Loss, Grow More Hair

HOUSTON, Texas — If you don't suffer from male pattern baldness, you can now stop your hair loss... and grow more hair.

For years "they said it couldn't be done." But now a firm of laboratory consultants has developed a treatment for both men and women, that is not only stopping hair loss . . . but is really growing hair!

They don't even ask you to take their word for it. If they believe that the treatment will help you, they invite you to try it for 32 days, at their risk, and see for yourself!

Naturally, they would not offer this no-risk trial unless the treatment worked. However, it is impossible to help everyone.

The great majority of cases of excessive hair fall and baldness are the beginning and more fully developed stages of male pattern baldness and cannot be helped.

But, if you are not already slick bald, how can you be sure what is actually causing your hair loss? Even if baldness may seem to "run in your family," this is certainly no proof of the cause of YOUR hair loss.

Many conditions can cause hair loss. No matter which one is causing your hair loss, if you wait until you are slick bald and your hair roots are dead, you are beyond help. So, if you still have any hair on top of your head, and would like to stop your hair loss and grow more hair . . . now is the time to do something about it before it's too late.

Loesch Laboratory Consultants, Inc., will supply you with treatment for 32 days, at their risk, if they believe the treatment will help you. Just send them the information listed below. All inquiries are answered confidentially, by mail and without obligation. Adv.

Two Changes Made

Requirements Lowered For Food Stamp Users

The purchase requirement in the U. S. Food Stamp program has been cut by the Department of Agriculture's Consumer and Marketing Service in an effort to reach more people who can benefit from the program.

The change will affect those in the stamp program in Columbiana, Beaver and Hancock Counties.

Officials said that since families with little or no income find it hard to pay even the previously required $2 a person a month for food coupons, the purchase requirement for the lowest income groups has been cut to 50 cents a person a month.

For example, a two - person household, with a net monthly income from zero to $19.99, would pay $1 each month (50 cents each), instead of $4 (at the former rate). They would be given $23 in bonus food coupons, thus having $24 each month to buy food.

However, for larger households with the same amount of income, zero to $19.99, the rate per person gets smaller. Thus, households with seven or more persons never pay more than $3 for stamps, (less than 50 cents a piece) and yet receive large amounts of bonus stamps.

Also, in view of the difficulty a family has in putting together enough cash to enter the program, and pay its back bills at the same time, new participants may purchase food coupons at one - half the regular price, during their first month of participation. This rule applies to everyone who is eligible for the program, not just those in the lowest income groups.

Here's an example to show how this change works: An eight - person household, with a net monthly income from $30 to $39.99, would pay $7 during their first month in the program. They would receive $79 in free or bonus coupons and thus have $86 each month to buy food. After the first month in the program they would start paying the normal amount — $14 each month—receive $72 in bonus stamps and still have $86 to buy food.

This change allows them to get a head start on old bills, and once in the program, they should be able to meet other bills more easily.

The Food Stamp Program is a food assistance project, which helps low - income families improve their diets. It started in 1961 on a trial basis, and has grown from 43 pilot projects with 350,550 persons taking part, to 838 projects with 1,829,052 participants.

Persons in the program buy food stamps with the money they would usually spend each month for food. They are then given bonus or extra stamps, paid for by USDA, which, added with those they bought, gives them more food buying power.

The stamps can be spent at any food store, authorized to accept them by USDA. All foods, except imported items, can be bought with the coupons.

Low income families not now participating in the Food Stamp Program may get further information at the Columbiana County Welfare Department at Lisbon, the Hancock County Food Stamp office at Ridge Ave., New Cumberland or the Beaver County Food Stamp office in Beaver.

Hancock Farmers Reminded On Sept. 18 Ballot Deadline

Ballots for the election of Hancock County committeemen for the Agricultural Stabilization and Conservation Service must be returned by Sept. 18, according to Norma Murray, office manager, at New Cumberland.

Six have been nominated for the three - year term.

The candidates are Steve Chapko Jr., C. T. Haynes, Walter Herron, Shields Mayhew, Lester Miller and Chester Ralston.

Ballots were mailed earlier this month.

Two alternates also will be elected to one - year terms.

During 1966, 103 farmers took part in at least one program administered by the ASC. Funds disbursed under the committee's supervision amounted to $14,584.

Mrs. Murray said lists of eligible voters are available in the county office. Any local producer is eligible to vote and hold office as committeeman.

She cautioned farmers to sign the statement on the back of the outside envelope to certify their eligibility to vote, then mark the ballot and seal it inside the plain envelope which is supplied.

She cautioned that no writing should appear.

Ballots will be counted in the ASCS office Sept. 19 at 9:30 a. m.

The incumbent committee is Carl R. Assison, chairman; Shields Mayhew, vice chairman; Plummer Smith, member; Robert Conkle, first alternate, and William Hillyard, second alternate. Elections last year were held in December.

ing traffic protection for pupils.

Board members were asked if plans were being considered for eventually closing the Negley School. It was pointed out that a number of repairs have been made to keep the school in shape and there is no intention of closing the building.

The bussing of fourth - graders to East Palestine, it was explained, was strictly "for economic reasons" — the number of students did not warrant hiring a teacher.

Atty. Jack Cohen, solicitor for the board, urged all parents to forego any action such as keeping youngsters from school, saying it was a violation of the law.

—:—

THE COMMITTEE explained the move was taken because it was apparently the only way to bring the issue fully to the attention of the board.

Cohen said he had sent notices of trespassing to parents who staged the "sit-in," but he could have taken more direct legal action.

Murphy said the community plans to continue to battle the board's decision and other policies, referring to the November general election in which he is a candidate.

He said another town meeting will be held Wednesday night at 7:30 at the fire station.

Vietnam

In the ground war, military communiques reported at least 175 Communists killed in scattered fights in the preceding 24 hours.

Action again centered in the five provinces of the northern war zone where the U.S. Marines have been battling infiltrating North Vietnamese troops for the past nine days. The Communists appear ready for an intensive effort to weaken the allied hold on the five provinces which are politicly the shakiest in South Vietnam.

South Vietnamese forces south of Da Nang were hit hard.

After a mortr and ground assault early Monday on the provincial capital of Hoi An, 20 miles south of the big Marine base at Da Nang, Red forces early today attacked a South Vietnamese subsector headquarters at Hieu Nhon, near Hoi An, and an outpost one mile west of Nghia Hanh, in Quang Ngai Province farther south.

In both attacks, the enemy penetrated the compounds, inflicted heavy casualties on the defending troops before pulling out, and at Hieu Nhon killed two Vietnamese civilians and kidnaped 47.

The only known enemy casualties were four Viet Cong killed.

In another Communist attack early today, South Vietnamese militiamen guarding a bridge 1½ miles northwset of Hue suffered moderate casualties but turned back the Viet Cong with the help of artillery support. Enemy casualties were not known, and the bridge was not damaged.

Court Begins Hearing On 3 Assault Charges

A lengthy hearing was under way this morning before Municipal Judge Samuel M. Chertoff for three Washington County (Pa.) men all charged with assault with a deadly weapon as a result of a battle early Wednesday in the Diamond Restaurant.

The defendants are Jack Boyer, 24, Ronald Boyer, 22, and Raymond Joseph Boyer, 18. All are accused of using beer bottles to assault George Whitney, 23, of 2123 Ohio Ave. Each of the Boyers also is charged with intoxication.

The defendants previously entered not guilty pleas on all charges. Ronald Boyer is represented by J. Michael Kapp. George Hanna, a Burgettstown attorney, represents Jack and Raymond Boyer. Asst. Solicitor Richard J. Clark is prosecuting.

By the end of 1967 there will be 19 million Americans 65 or older.

No-Lose vs. No-Win

The United States has bombed the port of Cam Pha, previously on the restricted list of North Vietnam targets. This will please U.S. war "hawks."

The harshest thing the roughest critics of war policy in Southeast Asia can think of is to accuse the Johnson administration of a no-win policy.

The Johnson administration actually is following a no-lose policy.

It is fighting to keep its enemy in Southeast Asia from winning.

It is fighting what is known as a "limited war," something its critics never heard of and do not agree with. What is a "limited war"?

It is a war fought to prevent the other side from winning — not to force the other side into unconditional surrender.

It holds open the possibility of peace negotiations at any time and tries to assure the possibility of negotiated peace by establishing confidence in the promises of the combatants.

It is a war in which the potentialties of military destruction remain unrealized by both sides. The United States has refrained from waging all-out war in Vietnam because the enemy has refrained from unrestricted bombing in Saigon and other cities in South Vietnam. The enemy has restricted infiltration of South Vietnam by North Vietnamese troops. The enemy has shown no overt inclination to reactivate the never-ended war in Korea and has refrained from calling in "volunteers" from other Communist countries.

Hordes of Chinese "volunteers' in the Korean war finally brought about a stalemate in that no-win war, fought under the Truman and Eisenhower administrations.

Harry Truman continues to be blamed for the U.S. no-win policy there, but Dwight Eisenhower, fresh from unconditional-victory over the Axis powers in Europe, presided over a no-lose settlement in Asia.

With the bombing of Cam Pha, the question becomes whether no-win critics finally have caused President Johnson to waver in his determination to carry on a no-lose campaign in Southeast Asia.

Too many motorists, here and across the nation, not only don't know how to drive properly, they don't know how to park.

Start A Trend

Even so - called good drivers can be seen on 5th and 6th Sts. disdainfully nudging into an ample slot between two other parked cars, banging bumpers and scraping a fender or two.

Angled and parallel parking areas are also sources of complaints of dented sides as a result of thoughtless drivers and passengers opening doors wide without regard to the ajacent vehicle.

This results in steamed tempers, an inclination to be less considerate "the next time," extensive repair bills, higher insurance rates and adds to the general attitude of "what the heck."

It has been estimated if there were a week's suspension of parking damage claims, insurance rates would be cut as much as $10 a policy.

Everyone can park properly; everyone can be courteous and leave a note if another parked car is damaged. Why not start a trend?

Long Live Femininity!

The annual Miss America pageant is a Linus-type security blanket for a host of Americans.

On the basis of looks and figure, the names of the 50 contestants could be mixed in a hat and a satisfactory winner picked at random.

But the ideal Miss America has more than outward beauty — she has brains, too.

The 10 finalists displayed a pleasing range in talent competition and performed ably enough to dispel any notion that beauty and brains are incompatible.

We are reassured annually about the young women of our country by this display of balanced beauty and talent from representatives of the 50 states.

We are not discounting the showmanship that goes on, nor do we swallow the whole bit—because women are human.

But there is enough genuineness in the contestants to restore our faith in genteel femininity — faith that somehow had slipped with a year of reading about and observing anti-feminine antics.

It is obvious young American men are going to have a good crop of prospects as they choose their wives.

The young women in the pageant inspire within us the hope that tomorrow's wives and mothers will be fully capable of handling their responsibilities in an ever-changing world.

The Right Way

Little of a beneficial nature rises from the smoke of a damaging fire.

One encouraging note, however, is found in the comments of Chief Alfred Van Dyne following the blaze which occurred in the Diamond early Saturday evening.

The chief not only had deserving praise for his men, but hastened to commend bystanders for not crowding the scene to the point where firefighting operations were hampered.

Frequently in the past we've found it necessary to complain editorially about the congregated onlookers who made things tough for the firemen.

Regardless of what may have motivated the change in behavior by the bystanders Saturday, it's a welcome development — and one which should continue when sirens wail in the future.

What the too curious fail to realize is that in most cases they not only jeopardize the work of the firemen, but also leave themselves open to possible injury.

Some Unfinished Business

As widespread unease about the shrinking value of the dollar continues to undermine confidence in the federal government's money handling, demands for wage and price controls will be heard.

It will be pointed out by the demanders that the only way to keep both guns and butter within the buying reach of the government and its taxpayers is to put a lid on gun-makers, buttermakers and their employes.

Wartime controls, it will be asserted, are the only way to keep inflation from destroying the value of money—the only way to keep citizens with fixed incomes from being wined out– the only way to keep public revenue within theoretical balancing distance of public spending.

But when demands for wage and price controls become clamorous, some unfinished business pending before Congress and the Johnson administration will loom so large no one will be able to pretend any more that it isn't there.

The United States never declared war on anyone in Southeast Asia.

Any attempt to give the Johnson administration, or any subsequent administration, wartime power without a declaration of war would turn into a long-running constitutional bicker.

It goes without saying at this juncture in a war no one but the military minds of the United States can justify that an even worse bicker would ensue if the administration asked for a formal declaration of war.

What would have been unpopular when escalation in Vietnam was only beginning would be just as unpopular now that escalation has carried the United States deep into a cul-de-sac of Asiatic power politics.

The official line has been to pooh-pooh absense of a declaration of war. Pooh-poohing would stop in a hurry if the administration asked for wartime emergency powers to cope with a war that never was declared.

TRUMAN TWILL

Purely Personal

It seems incredible to me when August comes that last April I was a-twitter about baseball training camps. I am not a basebll fan, but I am crazy about anything that helps me to forget winter.

Most remarkable thing about Abba Eban is the fact his lucid prose reads as good as it sounds when he makes a speech as foreign minister of Israel. This is contrary to the rule that the written language and the spoken language are horses of different colors.

Line Forms To The Right

Who's Worried?

By Art Buchwald

WASHINGTON

One of the troubles with the world these days is that people have too much to worry about. You barely get over worrying about one thing and you have to start worrying about something else.

Art Buchwald

Most Americans aren't equipped to worry about everything, and yet we constantly are told by scientists, politicians, generals, social workers, doctors, lawyers, TV commentators, newspaper editorial writers and columnists that we'd better start worrying, or else.

My family thinks we have the solution to the problem. And since it's worked so well for us, I thought I'd pass it on to other people in hopes it might work for them. We decided a couple of weeks ago that each of us would worry about only one thing, to the exclusion of all other things.

FOR EXAMPLE, my father decided to worry about the Middle East. Since he's been worried about the Middle East, none of the rest of us has to worry about it, and we're free to worry about the things that interest us.

My sister Alice worries about China for us. Any time she reads anything about Mao or the Red Guards she'll call us up and say, "I'm very worried." Naturally, we're very relaxed about it because we always say to ourselves, "China's her problem."

My sister Edith worries about the population explosion. Why she decided on the population explosion we'll never know, except that one day she claimed she heard either on the Johnny Carson show, the Merv Griffin show or the Joey Bishop show — she can't remember which one — that by the year 2000 each person will have only 20 square inches of land to stand on. NOW she skims through the papers, and if she doesn't find a population story she's free to enjoy the day.

We were fortunate in that my Uncle Oscar said he'd like to worry about Vietnam. No one really wanted to worry about Vietnam, since it takes up so much time, but Oscar said he'd rather worry about Vietnam than the riots in America's cities.

My sister Doris, who is a Francophobe, worries exclusively about Charles de Gaulle. She got into a fight with Edith, my population-explosion sister, the other day because Edith said De Gaulle really wasn't worth worrying about. But Doris said she'd worry about what she darn pleased, and she's been very anxious ever since De Gaulle's trip to Canada.

MY WIFE CHOSE to worry about the cigarette smoking scare. I tried to talk her out of it because the more she worries, the more cigarettes she smokes. But since she now does all the worrying for us about cigarettes, the rest of the family can continue to smoke without a care in the world.

My brothers-in-law also have chosen one subject each to worry about. Harold worries about auto safety, Arthur worries about air pollution, but the only thing we could get Iz to worry about was the Boston Red Sox.

Because I live in Washington, the family asked me to worry about President Johnson. At first I objected, since worrying about LBJ is a full-time job and I wouldn't have any time to think about anything else. But they pointed out that since I've worried about him for such a long time for myself, I could just as easily do it for them.

I agreed reluctantly and while I haven't been sleeping very well since, at least I'm not worrying about Richard Nixon any more. That's Aunt Molly's job.

VICTOR RIESEL

Norway Solves Strike Problem

OSLO — Strolling through the aromatic open-air flower and fruit market outside the Norwegian Labor Party headquarters here the other day, one of its high officials chuckled and observed that we Americans are "problem-proud."

Victor Riesel

We had been discussing his friend Walter Reuther and the crisis in the U.S. car industry. For every solution, said the candid Norwegian, "you have a problem." "If only Lyndon Johnson had been given a copy of the Norwegian labor law when he was here as Vice-President some years ago, America, too, might today be virtually a strikeless nation," mused my companion.

Norway and the rest of Scandinavia see no profit in strikes or lockouts. They have a simple 40-year-old national Labor Disputes Act. The U.S. could wipe out the kind of local strikes, wildcat walkouts and sporadic upheavals which plague the auto industry back home, were we to pattern our law after the successful legislation of the Scandinavians.

Here the law states specifically that there positively cannot be any strikes over the interpretation of existing labor-management contracts. If there is a dispute, it must go to special Labor Courts. If a local branch is involved, the district court appoints two lay judges to the existing panel — one from the union and one from the employers group.

IF THE DISPUTE is broader than a local argument, it foes to the central Labor Court on Grubbegt 1, a street here in Oslo. Theoretically appointed by King Olav, this court is actually appointed by the government. Three members are neutrals, two are nominated by labor and two by industry. But the chairman and at least one public member must be of the caliber of regular Supreme Court justices. This means these two men must have all the qualifications of Norway's most capable judicial minds.

They consider the grievances in regular public sessions reminiscent of an ordinary trial. They interpret the labor-management contract, issue their decision and it is the law. There is no appeal except on the matter of jurisdiction — which is rare.

Thus it is illegal for a local or a band of unionists to hit the bricks over a grievance, or in anger against a signed-and-sealed agreement made by their leaders with employers associations. And the law has teeth. It can be enforced. Violators who defy the court are punished.

Though the Labor Court has jurisdiction over disputes springing from existing collective bargaining agreements, it has its full place in the Norwegian judicial system. Thus its prestige is high and no contempt for it by some shop steward or counterpart of our business agents or local union officials will be tolerated by the public or the national labor leadership itself.

When a quarrel is merely of local interest and no broad principle is involved, the labor dispute can be handled by ordinary municipal or county courts. This takes the burden off what in effect is a labor supreme court sitting here in the capital. However, local decisions can be appealed to this central Labor Court, the ruling of which is binding.

What all this actually says is that if the rank and file's leaders have signed a contract it is a matter of the highest ethics to honor their officers' word, deed and signature. It is unthinkable here that a membership would reject parts of an agreement after it has been signed.

THE TIME FOR SUCH ACTION, according to Norwegian law, is before both sides have given their word. There actually is no law which forbids a national or sectional crippling strike or lockout during such negotiations as Walter Reuther's auto union has been having with the auto manufacturers.

House painters can strike; bakers can cease baking; waiters can stop waiting.

But if the threatened strike can injure the national security, welfare or economic well-being, the cabinet, in the name of King and country, moves swiftly. Shipping, for example, is the lifeblood artery of the Norwegian economy. Electric power, from Kirkenes, a few miles from the Soviet community of Boris Gleb, is critical. So is stevedoring and, of course, transportation. This nation cannot afford, nor does it really tolerate, stoppages in these fields.

There is all the standard mediation, public hearings and cooling-off periods with which we are familiar. But if these don't take the heat out of the feud, the Minister of Labor tells the Prime Minister that the crisis looks mighty grim. They go to the cabinet. It decides the time has come for a quick law.

Swiftly, before the strike can break out, the Storting (Congress) passes a compulsory arbitration act. That's it. Usually the dispute then goes to a State Wage Committee originally created to handle civil service matters. It makes the decision on pay, fringes and working conditions.

And it should be remembered that all this is standard operating practice — even when a Labor government is in power. The workers are primary in this beautiful, fjord-filled land. But the survival of the nation is more primary than anything else.

DAVID LAWRENCE

Wartime Controls

President Johnson is up against a crisis in his political career, and the country is faced, also, with a climax in its economic life.

The only way out may be laws imposing wage-and-price controls as well as higher income taxes on individuals and an excess-profits tax on business.

Whenever there has been a large war heretofore—including the Korean War—such laws have been passed. Mr. Jornson has been trying to get along without them, but now he is feeling the full effects of an attempt to give the nation "guns and butter, too."

Whatever "peace feelers" may emerge, it is not likely that the guerrilla-type war in Vietnam will be stopped as easily as a conflict between governments, with large bodies of land troops in action.

SINCE THE OUTLOOK is for a prolonged war, the President is confronted with huge expenditures. Because he has also endeaveored to spend on domestic reforms sums unparalleled in history, a big deficit has resulted from the expenses of the war abroad as well as projects at home.

The fear now is that if nothing but the proposed tax-surcharge is tried inflation will get out of hand just the same, and interest rates may rise to unprecedented proportions.

On the surface, the economy looks as if it were in a boom. But it may be the boom before the crash.

History shows that in the 1920s the word "prosperity" was widely used. But in 1929, the economic facts began to reveal signs of severe strain, and an inevitable readjustment started.

The question at present is not merely how to preserve a sound economic position, but how to prevent a collapse or slowdown of the business apparatus altogether due to excessive restriction.

There is no hint yet from the administration that it is thinking about wage-and-price controls. But, in the background, almost everybody who has followed the economic trend knows it is the absence of such restraints which has permitted the present inflation to grow while the deficit is approaching approximately $29 billion for the current fiscal year.

Certain risks have to be taken in war, but matters are reaching the hour when logically there has to be more intensive action on the military side in order to move into a decisive stage.

MEANWHILE, it looks like a period of two or three years of economic readjustment is ahead inside the United States, no matter what happens in the war.

This means the President not only will insist upon a 10-per-cent surcharge, but he will have to decide soon to do something about wage-and-price controls.

The strike against Ford Motor Co. has dramatically emphasized that powerful forces are at work which can seriously disturb the economy.

The automobile industry is not the only one which can be subjected to higher-wage demands and threats of strikes. This leads, of course, to higher prices and intensifies the inflation.

During wartime heretofore, the government has imposed limitations on wages and required corporations to maintain price levels, while at the same time it has collected more revenue through an excess-profits tax.

What all this might do to the domestic-reform program is difficult to analyze at this time. Certainly, there has been overextension on the sociological front.

Lots of money has been poured into the states and cities which, under normal circumstances, could be utilized effectively. But with a war going on and a grave economic crisis at hand, it is not likely the government will wish to increase such expenditures by substantial amounts.

Members of Congress have been opposed to a tax increase. This is not surprising.

But as more strikes occur and the economy starts feeling the effects of higher and higher prices, there will be a demand for restraint by action of government itself.

The question is: When is the propitious moment for such action?

Many observers believe the time has come when the President, reluctant as he may be to do so, will have to make the decision in favor of a controlled economy during wartime.

No-Lose vs. No-Win

The United States has bombed the port of Cam Pha, previously on the restricted list of North Vietnam targets. This will please U.S. war "hawks."

The harshest thing the roughest critics of war policy in Southeast Asia can think of is to accuse the Johnson administration of a no-win policy.

The Johnson administration actually is following a no-lose policy.

It is fighting to keep its enemy in Southeast Asia from winning.

It is fighting what is known as a "limited war," something its critics never heard of and do not agree with. What is a "limited war"?

It is a war fought to prevent the other side from winning — not to force the other side into unconditional surrender.

It holds open the possibility of peace negotiations at any time and tries to assure the possibility of negotiated peace by establishing confidence in the promises of the combatants.

It is a war in which the potentialties of military destruction remain unrealized by both sides. The United States has refrained from waging all-out war in Vietnam because the enemy has refrained from unrestricted bombing in Saigon and other cities in South Vietnam. The enemy has restricted infiltration of South Vietnam by North Vietnamese troops. The enemy has shown no overt inclination to reactivate the never-ended war in Korea and has refrained from calling in "volunteers" from other Communist countries.

Hordes of Chinese "volunteers' in the Korean war finally brought about a stalemate in that no-win war, fought under the Truman and Eisenhower administrations.

Harry Truman continues to be blamed for the U.S. no-win policy there, but Dwight Eisenhower, fresh from unconditional-victory over the Axis powers in Europe, presided over a no-lose settlement in Asia.

With the bombing of Cam Pha, the question becomes whether no-win critics finally have caused President Johnson to waver in his determination to carry on a no-lose campaign in Southeast Asia.

Too many motorists, here and across the nation, not only don't know how to drive properly, they don't know how to park.

Start A Trend

Even so - called good drivers can be seen on 5th and 6th Sts. disdainfully nudging into an ample slot between two other parked cars, banging bumpers and scraping a fender or two.

Angled and parallel parking areas are also sources of complaints of dented sides as a result of thoughtless drivers and passengers opening doors wide without regard to the ajacent vehicle.

This results in steamed tempers, an inclination to be less considerate "the next time," extensive repair bills, higher insurance rates and adds to the general attitude of "what the heck."

It has been estimated if there were a week's suspension of parking damage claims, insurance rates would be cut as much as $10 a policy.

Everyone can park properly; everyone can be courteous and leave a note if another parked car is damaged. Why not start a trend?

Long Live Femininity!

The annual Miss America pageant is a Linus-type security blanket for a host of Americans.

On the basis of looks and figure, the names of the 50 contestants could be mixed in a hat and a satisfactory winner picked at random.

But the ideal Miss America has more than outward beauty — she has brains, too.

The 10 finalists displayed a pleasing range in talent competition and performed ably enough to dispel any notion that beauty and brains are incompatible.

We are reassured annually about the young women of our country by this display of balanced beauty and talent from representatives of the 50 states.

We are not discounting the showmanship that goes on, nor do we swallow the whole bit—because women are human.

But there is enough genuineness in the contestants to restore our faith in genteel femininity — faith that somehow had slipped with a year of reading about and observing anti-feminine antics.

It is obvious young American men are going to have a good crop of prospects as they choose their wives.

The young women in the pageant inspire within us the hope that tomorrow's wives and mothers will be fully capable of handling their responsibilities in an ever-changing world.

The Right Way

Little of a beneficial nature rises from the smoke of a damaging fire.

One encouraging note, however, is found in the comments of Chief Alfred Van Dyne following the blaze which occurred in the Diamond early Saturday evening.

The chief not only had deserving praise for his men, but hastened to commend bystanders for not crowding the scene to the point where firefighting operations were hampered.

Frequently in the past we've found it necessary to complain editorially about the congregated onlookers who made things tough for the firemen.

Regardless of what may have motivated the change in behavior by the bystanders Saturday, it's a welcome development — and one which should continue when sirens wail in the future.

What the too curious fail to realize is that in most cases they not only jeopardize the work of the firemen, but also leave themselves open to possible injury.

Some Unfinished Business

As widespread unease about the shrinking value of the dollar continues to undermine confidence in the federal government's money handling, demands for wage and price controls will be heard.

It will be pointed out by the demanders that the only way to keep both guns and butter within the buying reach of the government and its taxpayers is to put a lid on gun-makers, buttermakers and their employes.

Wartime controls, it will be asserted, are the only way to keep inflation from destroying the value of money—the only way to keep citizens with fixed incomes from being wiped out- the only way to keep public revenue within theoretical balancing distance of public spending.

But when demands for wage and price controls become clamorous, some unfinished business pending before Congress and the Johnson administration will loom so large no one will be able to pretend any more that it isn't there.

The United States never declared war on anyone in Southeast Asia.

Any attempt to give the Johnson administration, or any subsequent administration, wartime power without a declaration of war would turn into a long-running constitutional bicker.

It goes without saying at this juncture in a war no one but the military minds of the United States can justify that an even worse bicker would ensue if the administration asked for a formal declaration of war.

What would have been unpopular when escalation in Vietnam was only beginning would be just as unpopular now that escalation has carried the United States deep into a cul-de-sac of Asiatic power politics.

The official line has been to pooh-pooh absense of a declaration of war. Pooh-poohing would stop in a hurry if the administration asked for wartime emergency powers to cope with a war that never was declared.

Line Forms To The Right

Who's Worried?

By Art Buchwald

WASHINGTON

One of the troubles with the world these days is that people have too much to worry about. You barely get over worrying about one thing and you have to start worrying about something else.

Art Buchwald

Most Americans aren't equipped to worry about everything, and yet we constantly are told by scientists, politicians, generals, social workers, doctors, lawyers, TV commentators, newspaper editorial writers and columnists that we'd better start worrying, or else.

My family thinks we have the solution to the problem. And since it's worked so well for us, I thought I'd pass it on to other people in hopes it might work for them. We decided a couple of weeks ago that each of us would worry about only one thing, to the exclusion of all other things.

FOR EXAMPLE, my father decided to worry about the Middle East. Since he's been worried about the Middle East, none of the rest of us has to worry about it, and we're free to worry about the things that interest us.

My sister Alice worries about China for us. Any time she reads anything about Mao or the Red Guards she'll call us up and say, "I'm very worried." Naturally, we're very relaxed about it because we always say to ourselves, "China's her problem."

My sister Edith worries about the population explosion. Why she decided on the population explosion we'll never know, except that one day she claimed she heard either on the Johnny Carson show, the Merv Griffin show or the Joey Bishop show — she can't remember which one — that by the year 2000 each person will have only 20 square inches of land to stand on. NOW she skims through the papers, and if she doesn't find a population story she's free to enjoy the day.

We were fortunate in that my Uncle Oscar said he'd like to worry about Vietnam. No one really wanted to worry about Vietnam, since it takes up so much time, but Oscar said he'd rather worry about Vietnam than the riots in America's cities.

My sister Doris, who is a Francophobe, worries exclusively about Charles de Gaulle. She got into a fight with Edith, my population-explosion sister, the other day because Edith said De Gaulle really wasn't worth worrying about. But Doris said she'd worry about what she darn pleased, and she's been very anxious ever since De Gaulle's trip to Canada.

MY WIFE CHOSE to worry about the cigarette smoking scare. I tried to talk her out of it because the more she worries, the more cigarettes she smokes. But since she now does all the worrying for us about cigarettes, the rest of the family can continue to smoke without a care in the world.

My brothers-in-law also have chosen one subject each to worry about. Harold worries about auto safety, Arthur worries about air pollution, but the only thing we could get Iz to worry about was the Boston Red Sox.

Because I live in Washington, the family asked me to worry about President Johnson. At first I objected, since worrying about LBJ is a full-time job and I wouldn't have any time to think about anything else. But they pointed out that since I've worried about him for such a long time for myself, I could just as easily do it for them.

I agreed reluctantly and while I haven't been sleeping very well since, at least I'm not worrying about Richard Nixon any more. That's Aunt Molly's job.

VICTOR RIESEL

Norway Solves Strike Problem

OSLO — Strolling through the aromatic open-air flower and fruit market outside the Norwegian Labor Party headquarters here the other day, one of its high officials chuckled and observed that we Americans are "problem-proud."

Victor Riesel

We had been discussing his friend Walter Reuther and the crisis in the U.S. car industry. For every solution, said the candid Norwegian, "you have a problem." "If only Lyndon Johnson had been given a copy of the Norwegian labor law when he was here as Vice-President some years ago, America, too, might today be virtually a strikeless nation," mused my companion.

During School Meeting At Wellsville

Off To Good Start, Board Advised

Except for several minor problems, Wellsville city schools are getting off to a good start, Supt. Donald Lowe told board of education members Monday night as he briefed them for the first time as the new superintendent of schools.

Three teachers from the Philippines who were supposed to have begun their duties last week have not yet arrived in the United States, he explained.

Two of them are women assigned to Fairview Elementary School and the third a male teacher who has a contract to teach physics.

—:—

LOWE SAID the women are now at the "sixth preference level" as set by immigration officials and are expected "in two to three weeks." The other teacher, however, is at the third level and his ability to leave the Philippines appears doubtful, Lowe added.

The superintendent has been in touch with the Department of Immigration at Cleveland and the office of Rep. Wayne L. Hays in Washington, which indicated the elementary teachers will be here soon to assume their duties. The other Filipino, he continued, apparently has not responded to letters requesting information about his possible arrival here.

For that reason, Lowe and the board discussed severing his contract and hiring a Geneva College graduate to teach high school physics and chemistry.

—:—

OTHER personnel additions included the naming of Charles Wilfing to the post of principal at Daw Junior High School, assistant high school principal and supervisor of transportation at a salary of $8,625 per year. The duties are those formerly held by Lowe.

Shirley Johnson was hired to teach the fifth grade at Fairview School at a salary of $4,200 per year and Harold Ginder, former East Liverpool High School industrial arts teacher, will instruct classes in arts and crafts on a substitute basis for $15 per half day.

Also hired was Alyce Carter to the post of teacher's aide in the high school study halls at $1.50 per hour.

Other staff decisions included approval to pay Kyle Baker $180 per year as cafeteria supervision and Ruth Cooper $100 yearly to issue excuses for junior and senior high students.

Members agreed that teachers should not be burdened with the added duties of handling attendance details.

—:—

THE BOARD also approved a recommendation by Lowe that there be two half-day in-service sessions in the schools this term to instruct teachers in the use of various aids and equipment.

The county vocational educational program was discussed, with Lowe suggesting the board examine how the system performed at the end of the school year relative to interest and enrollment.

Robert McNamara, psychologist for the Wellsville and East Liverpool school districts, will not be employed in Wellsville on a regular basis this year, members were informed, because of full-time duties in East Liverpool. McNamara will continue to test students for special education courses, determine IQ's and conduct summer programs at Wellsville.

Lowe and several board members will attend a conference at Cuyahoga Falls Wednesday to learn the immediate effects following last month's passage of S.B. 350 — the School Foundation Law.

Fees for the use of the auditorium by the Wellsville Jaycees and Nicholson Stadium for the little league football squad were set at $5, plus the costs of custodial care and maintenance.

—:—

A REQUEST from the Wellsville Jaycees for the use of the MacDonald School gymnasium each week for a dance will be considered by the board.

A standardized policy on truancy was approved by the board on Lowe's recommendation following his attendance at a countywide meeting of school superintendents.

On the advice of Juvenile Court Judge Louis Tobin, the first time a student is truant the parents will be required to have a conference with the building principal.

If a student is truant the second time, the parent will be notified that "if their son or daughter is truant again, that they, the parent, will be cited into Juvenile Court."

Members termed the plan sound and agreed to enter it into the board policy book.

The Columbiana County Election Board acknowledged that the 5-mill levy planned for the November election is in order and will be on the ballot.

William Ferrall presided.

Judge Dismisses Charges Against Young Woman

FREMONT, Ohio (AP)—Lack of sufficient evidence has brought dismissal of charges of first-degree murder and auto theft against Sandra Bourne, 19, also known as Mrs. Everett Lloyd Johns.

Dismissal of the charges came Monday in Sandusky County Common Pleas Court after prosecution Atty. Harry Sargeant Jr. told a three - judge panel that he lacked sufficient evidence to bring her to trial.

The young woman was to have gone on trial in Sandusky Monday.

Her attorney says she is the common-law wife of Johns, 25. Both were indicted for the New Years Day murders of Mrs. Anna Mae Kuhns, 53, of Clyde and Galen Lorenz, 39, of Fremont. Mrs Kuhns and Lorenz were shot to death. Their bodies were found in a ditch.

Miss Bourne was held under $5,000 bond pending a hearing on another auto theft complaint.

Johns is to go on trial Oct. 2 on the murder charges.

Hancock Board Tackles Overcrowding At School

NEW CUMBERLAND — Overcrowded classroom conditions at Liberty School in Weirton were discussed at the Monday night meeting of the Hancock County Board of Education.

The enrollment at the elementary school for the new term is 481, with 14 teachers. The pupil-to-teacher ratio is 34.3 — the highest in the school system.

A number of parents of students who attend classes there were on hand to protest the overcrowded conditions and to seek relief from the situation. Spokesman for the group was William Miller.

After a lengthy discussion among board members, Supt. Robert Hall and Miller, the board approved a two - pronged approach to the situation.

It consists of re-zoning several areas and sending some pupils to Weirton Heights, where an empty classroom now exists. The board also will purchase several mobile structures to be erected at Liberty school for classroom use.

Originally, the re - zoning plan was introduced during the past summer, and plans were made to implement it, but later, after the presentation of a petition protesing the proposed move, no further action was taken on the plan.

Miller told the board the protests came about due to a misunderstanding by some parents.

The members explained the re-zoning will not separate the children from one family into different schools, which, it was learned, was one point the parents misunderstood.

The board pointed out the crowded conditions at the school only can be relieved by a zoning plan.

The intallation of the two temporary classrooms will hinge on the school obtaining teachers to staff the split classes.

The board instructed Hall to study the problem and implement a re-zoning program to alleviate the situation as well as order the two temporary structures and obtain the necessary teachers.

The breakdown of pupil teacher ratio follows: First grade, 100 pupils, three teachers; second grade, 94 students, three teachers; third grade, 74 pupils, two teachers; fourth grade, 74 pupils, two teachers; fifth grade, 76 pupils, two teachers; sixth grade, 63 pupils, two teachers.

Fight Erupts In Street After Case At Chester

A fight that erupted after a justice of the peace hearing in Chester Monday night caused damage to an ambulance, injuries to one of those involved and resulted in additional fines and costs.

The fray broke out around 6:50 in front of Squire Eugene Allison's office at 4th St. and Carolina Ave. after he had fined George Richard Brooks, 27, of Echo Dr., Wellsville RD 1, $25 and costs on a charge of assault and battery.

Brooks had been charged by his ex-wife after he allegedly struck her outside the Cove Tavern on Route 2, about 2 a.m. Saturday.

Brooks appeared last night for the hearing, the fine was levied and when he left the office, according to witnesses, was attacked by James Johnson, 32, of Echo Dr.

The ensuing fight resulted in the damage to the ambulance belonging to the Lynn Ambulance Co. of East Liverpool. The side window on the vehicle was broken and a dent placed in the hood.

Constable Carl Durham, who attended Brooks' hearing after executing the warrant, along with Mayor Burton G. Ward, who also was at the scene, used tear gas to quell the disturbance.

Johnson was taken in Allison's office and charged with disturbing the peace by fighting and posted $100 bond.

Brooks and Johnson both were charged by James Walker, owner of the ambulance company, with disturbing the peace, fighting and property damage.

Brooks then was locked in a cell at the city jail to await a hearing later before the mayor.

Johnson will be given a hearing Thursday before Squire Allison.

He and Brooks then appeared before Mayor Ward about 9:30 last night.

Brooks was found not guilty, but Johnson received a $25 and costs fine for his part in the incident.

Johnson told the mayor he "must have lost his head."

Johnson promised to take care of the damage to the ambulance. The window, according to Walker is valued at $98.65. He arrived at that figure after consulting with a company at Loudonville, Ohio.

Walker and Robert Pugh, who operate the ambulance in Chester, were at the squire's office on a business matter when the fight erupted.

National associations of fur farmers in the four Nordic countries have approved plans for a 30 per cent cutback in Nordic mink production.

Beaver Community College Offering Various Courses

Two 45-hour classes in oil painting and sculpturing and various other courses are being offered by the Community College of Beaver County, Division of Continuing Education, beginning the week of Sept. 25.

An investments class on stocks and bonds started Monday.

The oil painting class will meet on Mondays from 7 to 10 p.m. and the sculpturing class will meet on Wednesdays from 7 to 10 p.m. Classes will be in the art room at Freedom High School. Tuition for each class will be $10 for residents of sponsoring districts and $20 for residents of nonsponsoring districts.

Mrs. Marianne Elko will instruct both courses. Mrs. Elko has studied art in Europe at the Munich School of Arts, the University of Wurzburg, has a masters degree in interior decorating from the Munich Institute of Technology, and a masters degree in the history of arts from the University of Munich. She has taught painting and sculpturing classes for area colleges and has done extensive private instructing.

Limited class size will permit individualized instruction in art techniques for both the beginner and student with limited experience.

The tuition for adult continuing education classes will be $7 for a 30 hour class for residents of sponsoring districts and $10 for a 45 hour class. Residents of nonsponsoring districts will be charged $14 and $20.

Registration will be held the first evening the class meets.

Courses will include self improvement for women, workshop in veterans affairs, ornamental flower arranging, parliamentary procedures, police school, distributive education, high school diploma program, photography, upholstering, speed reading, shorthand, drama, sewing, driver training, and typing.

A Learning Laboratory has been established at the Community College to enable adults of the area to return to school and take subjects of interest to them at times convenient to them. Programmed instruction materials are utilized and an individualized program of study is developed for each student by the learning laboratory coordinator.

Tuition will be $10 for use of the Learning Laboratory.

Courses available are in all levels of mathematics, general and advanced science, all areas of social studies, all levels of English, German, Spanish, French, ground school for pilots, music fundamentals and bridge.

During School Meeting At Wellsville

Off To Good Start, Board Advised

Except for several minor problems, Wellsville city schools are getting off to a good start, Supt. Donald Lowe told board of education members Monday night as he briefed them for the first time as the new superintendent of schools.

Three teachers from the Philippines who were supposed to have begun their duties last week have not yet arrived in the United States, he explained.

Two of them are women assigned to Fairview Elementary School and the third a male teacher who has a contract to teach physics.

—:—

LOWE SAID the women are now at the "sixth preference level" as set by immigration officials and are expected "in two to three weeks." The other teacher, however, is at the third level and his ability to leave the Philippines appears doubtful, Lowe added.

The superintendent has been in touch with the Department of Immigration at Cleveland and the office of Rep. Wayne L. Hays in Washington, which indicated the elementary teachers will be here soon to assume their duties. The other Filipino, he continued, apparently has not responded to letters requesting information about his possible arrival here.

For that reason, Lowe and the board discussed severing his contract and hiring a Geneva College graduate to teach high school physics and chemistry.

—:—

OTHER personnel additions included the naming of Charles Wilfing to the post of principal at Daw Junior High School, assistant high school principal and supervisor of transportation at a salary of $8,625 per year. The duties are those formerly held by Lowe.

Shirley Johnson was hired to teach the fifth grade at Fairview School at a salary of $4,200 per year and Harold Ginder, former East Liverpool High School industrial arts teacher, will instruct classes in arts and crafts on a substitute basis for $15 per half day.

Also hired was Alyce Carter to the post of teacher's aide in the high school study halls at $1.50 per hour.

Other staff decisions included approval to pay Kyle Baker $180 per year as cafeteria supervision and Ruth Cooper $100 yearly to issue excuses for junior and senior high students.

Members agreed that teachers should not be burdened with the added duties of handling attendance details.

—:—

THE BOARD also approved a recommendation by Lowe that there be two half-day in-service sessions in the schools this term to instruct teachers in the use of various aids and equipment.

The county vocational educational program was discussed, with Lowe suggesting the board examine how the system performed at the end of the school year relative to interest and enrollment.

Robert McNamara, psychologist for the Wellsville and East Liverpool school districts, will not be employed in Wellsville on a regular basis this year, members were informed, because of full-time duties in East Liverpool. McNamara will continue to test students for special education courses, determine IQ's and conduct summer programs at Wellsville.

Lowe and several board members will attend a conference at Cuyahoga Falls Wednesday to learn the immediate effects following last month's passage of S.B. 350 — the School Foundation Law.

Fees for the use of the auditorium by the Wellsville Jaycees and Nicholson Stadium for the little league football squad were set at $5, plus the costs of custodial care and maintenance.

—:—

A REQUEST from the Wellsville Jaycees for the use of the MacDonald School gymnasium each week for a dance will be considered by the board.

A standardized policy on truancy was approved by the board on Lowe's recommendation following his attendance at a countywide meeting of school superintendents.

On the advice of Juvenile Court Judge Louis Tobin, the first time a student is truant the parents will be required to have a conference with the building principal.

If a student is truant the second time, the parent will be notified that "if their son or daughter is truant again, that they, the parent, will be cited into Juvenile Court."

Members termed the plan sound and agreed to enter it into the board policy book.

The Columbiana County Election Board acknowledged that the 5-mill levy planned for the November election is in order and will be on the ballot.

William Ferrall presided.

Sewage Problem Action Ordered By State Board

LISBON — The Ohio Department of Health has directed Columbiana County commissioners to correct a sewage problem it terms a "nuisance and health hazard."

Lisbon Council Monday night received a copy of a letter which the state Water Pollution Control Board mailed the commissioners Aug. 31.

—:—

COUNCIL last July 24 joined with Dr. M. K. Singer, county health commissioner, in asking the state to investigate a long-standing nuisance caused by N. Market St. homes located north of the community limits. They have village water, but individual sewage disposal lines.

A state inspector in August found there are 15 homes whose individual lines have been creating the nuisance over the years. The lines were connected to a line of chimney flue liners which carry the effluent to an open ditch abutting the Rose allotment inside town. The effluent also collects in an abandoned reservoir.

Dr. Singer, in his formal complaint to the state, said the County Board of Health tired to get the people outside town to connect to the village system, but "they apparently have no intention to follow our recommendation."

—:—

THE STATE letter to the commissioners said:

"These 15 homes have imposed a nuisance on neighboring home owners and themselves for many years with their inadequate sewage disposal systems. Now that the Rose addition has been built, the sewage poses an immediate nuisance and health hazard to the residents. The Rose addition itself is served by the village sewerage system. At least 12 homes in this allotment abut the ditch.

"As it is the opinion of both the county and state health departments that immediate action should be taken with respect to serving this area with sanitary sewerage facilities, you will be expected to create a subdistrict of Sewer District 2 that will include this unsewered area, and you should anticipate ensuing orders to proceed with detailed plans. Hopefully, this system can be made tributary to the available municipal sewerage system."

Council approved spending $380 to get the leaf collector ready for the fall rounds. Richard Roberts, street commissioner, received permission to buy a new fan costing $130 and a new hose for $250.

—:—

COUNCILMEN learned rust virtually has ruined three pieces of equipment: The ambulance (the volunteer fire department emergency vehicle) which is reported beyond repair; the former Civil Defense tanker, and the Street Department's Chevrolet truck which will cost approximately $150 to repair.

Council authorized repair of the truck and referred the problem of the tanker to Center Township trustees, since it is their responsibility, Mayor Dean Stockman said. Firemen told the councilmen there is no possible way to fix the tanker.

They said the rear quarter panels in the ambulance are rusted out.

Bids for blacktopping Pritchard Ave. and Exchange St. will be opened Saturday noon at Village Hall. Council will hold a special meeting Monday night to let contracts.

Cleanup Speeded At Site Of Razed Salineville Hall

SALINEVILLE — Fill dirt will be added to the former site of the village hall and grass seed is to be planted by winter, members were told when Salineville Council met Monday night at the fire station.

Plans call for turning the area into a community park.

The street committee ordered three loads of cinders purchased.

The fire station's heating system will be repaired before winter.

The next meeting will be Oct. 9.

Mayor Stanley Fitch presided.

Money, Fringe Benefits Called Musicians' Goal

CLEVELAND (AP) — Money and fringe benefits are the goal of Cleveland Orchestra members who are on strike and picketing at Severance Hall, passing out handbills to passersby.

The orchestra, recently returned from a European tour, is to begin its fall season Sept. 28. But members say that if an agreement is not reached by Sept. 18, the start of the season will be delayed. Rehearsals were to have started Monday.

Local 4 of the American Federation of Musicians negotiated a contract, but the contract was rejected by the orchestra.

The contract called for increasing the present minimum salary from $190 a week for 49 weeks to $225 a week for 52 weeks, with increases to $275 by the fifth and final year of the contract.

The players have demanded a $300 minimum in a three year contract. They also are demanding better fringe benefits.

Sewage Problem Action Ordered By State Board

LISBON — The Ohio Department of Health has directed Columbiana County commissioners to correct a sewage problem it terms a "nuisance and health hazard."

Lisbon Council Monday night received a copy of a letter which the state Water Pollution Control Board mailed the commissioners Aug. 31.

—:—

COUNCIL last July 24 joined with Dr. M. K. Singer, county health commissioner, in asking the state to investigate a long-standing nuisance caused by N. Market St. homes located north of the community limits. They have village water, but individual sewage disposal lines.

A state inspector in August found there are 15 homes whose individual lines have been creating the nuisance over the years. The lines were connected to a line of chimney flue liners which carry the effluent to an open ditch abutting the Rose allotment inside town. The effluent also collects in an abandoned reservoir.

Dr. Singer, in his formal complaint to the state, said the County Board of Health tired to get the people outside town to connect to the village system, but "they apparently have no intention to follow our recommendation."

—:—

THE STATE letter to the commissioners said:

"These 15 homes have imposed a nuisance on neighboring home owners and themselves for many years with their inadequate sewage disposal systems. Now that the Rose addition has been built, the sewage poses an immediate nuisance and health hazard to the residents. The Rose addition itself is served by the village sewerage system. At least 12 homes in this allotment abut the ditch.

"As it is the opinion of both the county and state health departments that immediate action should be taken with respect to serving this area with sanitary sewerage facilities, you will be expected to create a subdistrict of Sewer District 2 that will include this unsewered area, and you should anticipate ensuing orders to proceed with detailed plans. Hopefully, this system can be made tributary to the available municipal sewerage system."

Council approved spending $380 to get the leaf collector ready for the fall rounds. Richard Roberts, street commissioner, received permission to buy a new fan costing $130 and a new hose for $250.

—:—

COUNCILMEN learned rust virtually has ruined three pieces of equipment: The ambulance (the volunteer fire department emergency vehicle) which is reported beyond repair; the former Civil Defense tanker, and the Street Department's Chevrolet truck which will cost approximately $150 to repair.

Council authorized repair of the truck and referred the problem of the tanker to Center Township trustees, since it is their responsibility, Mayor Dean Stockman said. Firemen told the councilmen there is no possible way to fix the tanker.

They said the rear quarter panels in the ambulance are rusted out.

Bids for blacktopping Pritchard Ave. and Exchange St. will be opened Saturday noon at Village Hall. Council will hold a special meeting Monday night to let contracts.

Cleanup Speeded At Site Of Razed Salineville Hall

SALINEVILLE — Fill dirt will be added to the former site of the village hall and grass seed is to be planted by winter, members were told when Salineville Council met Monday night at the fire station.

Plans call for turning the area into a community park.

The street committee ordered three loads of cinders purchased.

The fire station's heating system will be repaired before winter.

The next meeting will be Oct. 9.

Mayor Stanley Fitch presided.

Money, Fringe Benefits Called Musicians' Goal

CLEVELAND (AP) — Money and fringe benefits are the goal of Cleveland Orchestra members who are on strike and picketing at Severance Hall, passing out handbills to passersby.

The orchestra, recently returned from a European tour, is to begin its fall season Sept. 28. But members say that if an agreement is not reached by Sept. 18, the start of the season will be delayed. Rehearsals were to have started Monday.

Local 4 of the American Federation of Musicians negotiated a contract, but the contract was rejected by the orchestra.

The contract called for increasing the present minimum salary from $190 a week for 49 weeks to $225 a week for 52 weeks, with increases to $275 by the fifth and final year of the contract.

The players have demanded a $300 minimum in a three year contract. They also are demanding better fringe benefits.

director and member of the finance committee and in these capacities was concerned with broad policy matters affecting National Steel and with overall management and operational decisions.

He was born in Sharon, Pa., Dec. 4, 1898. He served with the Marine Corps in France from April 1917 to May 1919, where as a flier, he achieved the rank of captain.

He went to work for the Standard Tank Car Co. of Sharon in December 1919 and was promoted successively to foreman, assistant purchasing agent and purchasing agent before he left in 1924 to enter the scrap business with Rotter - Spear Co. of Cleveland. He returned to Standard Tank in December 1925 as production manager. He joined Weirton Steel Co. in 1927. Starting as a salesman, he advanced to assistant sales manager, assistant to the president, vice president and president.

Mr. Millsop was also the first mayor of Weirton when that city was incorporated, being elected in 1947 for a four - year term, and was re-elected in 1951 for a second four year term.

A Republican, he was the only Eisenhower adherant in the delegation which West Virginia sent to the national convention in 1952.

Millsop is survived by his widow, Frances, by two daughters, Mrs. G. A. Stinson of Sewickley and Mrs. Winton R. Close of Sandia Base, N. M., by eight grandchildren and by a brother.

The Greco - Hertnick Funeral Home in Weirton is in charge of arrangements which are incomplete.

90-Day Sentence Given Local Man For Theft Of $1

A 25-year-old East Liverpool man convicted of stealing a change purse containing $1 from an elderly woman in mid-August was sentenced to a 90 - day County Jail term today by Municipal Judge Samuel M. Chertoff.

Franklin Hanlon of Green Ln. pleaded "no contest" on the affidavits signed by Mrs. Sarah Lewis of Newell. Mrs. Lewis said her purse was grabbed Aug. 29 as she walked on W. 5th St. near Market St.

"I was drunk; I don't remember anything," Hanlon told the judge. Chertoff, studying Hanlon's record, said it shows a long series of arrests dating back to 1960, almost all of them for intoxication and petty theft.

Patrolman Paul C. Blevins testified the coin purse later was recovered in the restroom of a nearby tavern, minus the money.

Mt. Everest, the world's loftiest peak, was first conquered on May 29, 1953, when Edmund Hillary of New Zealand and Tenzing Norkey of Nepal reached the top.

submit its member's resignations en masse. This maneuver was deferred however lest the names be turned over to draft boards. Some teachers hold draft exemptions because of classroom duties.

The resignation tactic was conceived to try and circumvent the state's new Taylor Law which prohibits strikes by public employe unions and carries fines on the union of up to $10,000 a day.

In Detroit, the president of the Detroit Federation of Teachers vowed the city's 11,000 teachers would stay out "until the snow flies" if necessary to enforce contract demands.

A tentative settlement was reached Monday night in the nine-day-old wage dispute which had kept 850 teachers out of schools in East St. Louis, Ill.

And a threatened strike in the Baltimore school system was averted as the union and school board representatives reached agreement Monday night. Teachers were expected to give routine approval to the proposal tonight.

In Michigan there were also 77,000 pupils in 17 other districts outside Detroit without teachers. Most union leaders looked to the Michigan Supreme Court where a ruling forbidding strike "under any guise" was being appealed.

approved by the State of Ohio, the County Airport Authority and the Federal Aviation Agency.

He cited a recent grant of $222,000 from the FAA and a promise of about $100,000 from the state government.

The commission heard a lengthy report from Daniel Ziegler II on minor changes that will be made in interim reports on housing and land use and zoning. Ziegler is an employe of the professional planning firm of Carroll V. Hill & Associates of Pittsburgh and Columbus which is preparing the city's "master plan."

The commission took no action on a question referred from Council concerning a request to vacate a short stretch of Green Ln. between Grant St. and Briar Ln.

Attending the session were George Steele, chairman, J. Clifford Conley, James Gratton, Mayor George E. Willshaw, Safety - Service Director Robert E. Vodrey and Robert Owen, members, and Frank Mangano, secretary.

delay Ford's price announcement since the company has 85,000 new models ready for introduction by dealers Sept. 22.

Chrysler's new models will go on display Sept. 14, earliest of the four Detroit car builders.

Chrysler's changes in its "suggested U.S. retail prices" ranged from a boost of $256 on a three-seat Chrysler station wagon to a cut of $144 on the Dodge Charger, the only one of 115 models whose price was dropped.

Based strictly on price tags, with no other consideration, an Associated Press analysis of the 115 models showed the average price increase was $152.70.

Pricing is complicated by the fact that, as usual, some equipment that was optional on old models was made standard on new ones, which was reflected in price tags.

man. The defendant was released a couple of hours later after making $5,000 bond.

The chief said Fr. Beldue fired six shots. Martin has three wounds — one in the front of the right arm and two in the lower back. Black has the stomach wound and a bullet crease across the right arm.

The defendants work together as laborers at the Youngstown Sheet and Tube Co. Both are married and have children. Martin also sells insurance and is a part - time student at Youngstown University.

Investigators said Martin entered the hospital Tuesday and told personnel he had been shot by his girl friend. Youngstown police reported the incident to Gibson and Gause.

Gibson said someone left Black at the emergency entrance at St. Francis Hospital three or four hours after the shooting. "He was in no condition to have gotten there by himself," the chief added.

When New Castle detectives questioned Black after surgery, he explained the wound by saying he stopped for a traffic light and four or five men pulled him from the car and shot him.

Monday afternoon if the settlement had not been reached.

Only one of the city's 15 fire stations was open and the police force on duty was about one-third of normal during the five-day strike but there were no major fires nor an increase in crime.

The beginning salary in the police and fire departments under the old sacale was $5,300 a year with increases to $6,300 a year after three years' service.

Irate Motorist Claims He Was Taken For Ride

An East Liverpool motorist protested today to Municipal Judge Samuel M. Chertoff that he got a free trip to jail rather than a free tank of gas when he attempted to take advantage of one of those service station offers that "your purchase is free if we forget to clean your windshield."

Frank Duncan of 654 Minerva St., facing the judge on an intoxication charge following his arrest Saturday in an E. 3rd St. service station, pleaded "no contest."

"They advertise that 'your purchase is free if we forget to clean your windshield'," Duncan told the judge. "When I tried to collect, they called the law and the police came down and arrested me. I had a few beers, but I wasn't drunk."

The judge said he wants to hear the officers side of the story. He continued the hearing until Wednesday.

PTA Project Plans Set Up At Pughtown

A pre-school story hour will begin Oct. 3 under sponsorship of the PTA, it was announced Monday night during the first meeting of the new school term at Pughtown. Mrs. Floyd Pugh and Mrs. Jay Allison will be in charge.

Mrs. Charles Pugh, treasurer, presented a budget for the year, which was approved by the members.

Mrs. John Goddard, president, announced the West Virginia PTA convention will be held in Huntington Oct. 13-14.

The Hancock County Council of PTAs will meet Sept. 28 at Weir High School, she reminded.

A discussion of a project for the year resulted in a decision to purchase a new sliding board for the playground. A committee of R. O. Stevens, chairman, Mrs. Wayne Archer, James Beagle and Clarence Smith was named to handle the purchase and install the equipment.

Stevens, principal at the school, introduced the faculty members.

Mrs. Joseph Gruda, program chairman, screened a film, "Children Come First."

Refreshments were served by the executive committee.

The next meeting will be Oct. 2.

90-Day Sentence Given Local Man For Theft Of $1

A 25-year-old East Liverpool man convicted of stealing a change purse containing $1 from an elderly woman in mid-August was sentenced to a 90 - day County Jail term today by Municipal Judge Samuel M. Chertoff.

Franklin Hanlon of Green Ln. pleaded "no contest" on the affidavits signed by Mrs. Sarah Lewis of Newell. Mrs. Lewis said her purse was grabbed Aug. 29 as she walked on W. 5th St. near Market St.

"I was drunk; I don't remember anything," Hanlon told the judge. Chertoff, studying Hanlon's record, said it shows a long series of arrests dating back to 1960, almost all of them for intoxication and petty theft.

Patrolman Paul C. Blevins testified the coin purse later was recovered in the restroom of a nearby tavern, minus the money.

Mt. Everest, the world's loftiest peak, was first conquered on May 29, 1953, when Edmund Hillary of New Zealand and Tenzing Norkey of Nepal reached the top.

submit its member's resignations en masse. This maneuver was deferred however lest the names be turned over to draft boards. Some teachers hold draft exemptions because of classroom duties.

The resignation tactic was conceived to try and circumvent the state's new Taylor Law which prohibits strikes by public employe unions and carries fines on the union of up to $10,000 a day.

In Detroit, the president of the Detroit Federation of Teachers vowed the city's 11,000 teachers would stay out "until the snow flies" if necessary to enforce contract demands.

A tentative settlement was reached Monday night in the nine-day-old wage dispute which had kept 850 teachers out of schools in East St. Louis, Ill.

And a threatened strike in the Baltimore school system was averted as the union and school board representatives reached agreement Monday night. Teachers were expected to give routine approval to the proposal tonight.

In Michigan there were also 77,000 pupils in 17 other districts outside Detroit without teachers. Most union leaders looked to the Michigan Supreme Court where a ruling forbidding strike "under any guise" was being appealed.

approved by the State of Ohio, the County Airport Authority and the Federal Aviation Agency.

He cited a recent grant of $222,000 from the FAA and a promise of about $100,000 from the state government.

The commission heard a lengthy report from Daniel Ziegler II on minor changes that will be made in interim reports on housing and land use and zoning. Ziegler is an employe of the professional planning firm of Carroll V. Hill & Associates of Pittsburgh and Columbus which is preparing the city's "master plan."

The commission took no action on a question referred from Council concerning a request to vacate a short stretch of Green Ln. between Grant St. and Briar Ln.

Attending the session were George Steele, chairman, J. Clifford Conley, James Grafton, Mayor George E. Willshaw, Safety - Service Director Robert E. Vodrey and Robert Owen, members, and Frank Mangano, secretary.

delay Ford's price announcement since the company has 85,000 new models ready for introduction by dealers Sept. 22.

Chrysler's new models will go on display Sept. 14, earliest of the four Detroit car builders.

Chrysler's changes in its "suggested U.S. retail prices" ranged from a boost of $256 on a three-seat Chrysler station wagon to a cut of $144 on the Dodge Charger, the only one of 115 models whose price was dropped.

Based strictly on price tags, with no other consideration, an Associated Press analysis of the 115 models showed the average price increase was $152.70.

Pricing is complicated by the fact that, as usual, some equipment that was optional on old models was made standard on new ones, which was reflected in price tags.

man. The defendant was released a couple of hours later after making $5,000 bond.

The chief said Fr. Beldue fired six shots. Martin has three wounds — one in the front of the right arm and two in the lower back. Black has the stomach wound and a bullet crease across the right arm.

The defendants work together as laborers at the Youngstown Sheet and Tube Co. Both are married and have children. Martin also sells insurance and is a part - time student at Youngstown University.

Investigators said Martin entered the hospital Tuesday and told personnel he had been shot by his girl friend. Youngstown police reported the incident to Gibson and Gause.

Gibson said someone left Black at the emergency entrance at St. Francis Hospital three or four hours after the shooting. "He was in no condition to have gotten there by himself," the chief added.

When New Castle detectives questioned Black after surgery, he explained the wound by saying he stopped for a traffic light and four or five men pulled him from the car and shot him.

Monday afternoon if the settlement had not been reached.

Only one of the city's 15 fire stations was open and the police force on duty was about one-third of normal during the five-day strike but there were no major fires nor an increase in crime.

The beginning salary in the police and fire departments under the old sacale was $5,300 a year with increases to $6,300 a year after three years' service.

Irate Motorist Claims He Was Taken For Ride

An East Liverpool motorist protested today to Municipal Judge Samuel M. Chertoff that he got a free trip to jail rather than a free tank of gas when he attempted to take advantage of one of those service station offers that "your purchase is free if we forget to clean your windshield."

Frank Duncan of 654 Minerva St., facing the judge on an intoxication charge following his arrest Saturday in an E. 3rd St. service station, pleaded "no contest."

"They advertise that 'your purchase is free if we forget to clean your windshield'," Duncan told the judge. "When I tried to collect, they called the law and the police came down and arrested me. I had a few beers, but I wasn't drunk."

The judge said he wants to hear the officers side of the story. He continued the hearing until Wednesday.

PTA Project Plans Set Up At Pughtown

A pre-school story hour will begin Oct. 3 under sponsorship of the PTA, it was announced Monday night during the first meeting of the new school term at Pughtown. Mrs. Floyd Pugh and Mrs. Jay Allison will be in charge.

Mrs. Charles Pugh, treasurer, presented a budget for the year, which was approved by the members.

Mrs. John Goddard, president, announced the West Virginia PTA convention will be held in Huntington Oct. 13-14.

The Hancock County Council of PTAs will meet Sept. 28 at Weir High School, she reminded.

A discussion of a project for the year resulted in a decision to purchase a new sliding board for the playground. A committee of R. O. Stevens, chairman, Mrs. Wayne Archer, James Beagle and Clarence Smith was named to handle the purchase and install the equipment.

Stevens, principal at the school, introduced the faculty members.

Mrs. Joseph Gruda, program chairman, screened a film, "Children Come First."

Refreshments were served by the executive committee.

The next meeting will be Oct. 2.

Seaman David Knox of New Cumberland, a grandson, was present. He was aboard the carrier Forrestal during the recent fire.

The honored guest received gifts, cards and flowers.

Personalities In The News

LOS ANGELES (AP) — Actress Ingrid Bergman returns to the American stage tonight after a 20-year absence.

The blonde Swedish actress is starring in the Center Theater Group's production of the late Eugene O'Neill's "More Stately Mansions." It is the American premiere of the play, in the brand new Ahmanson Theater in Los Angeles' Music Center.

Miss Bergman was last seen on the American stage in 1946 when she played the title role in Maxwell Anderson's "Joan of Lorraine."

The O'Neill play, scheduled here for a six-week run, will open on Broadway at the end of October.

LOS ANGELES (AP) — Now it's the august robes of academe for comedian Jerry Lewis.

Lewis, who has directed many of his own pictures, was named a professor of cinema Monday at the University of Southern California.

Dr. Bernard Kantor, chairman of the cinema division, said Lewis' Monday night classes will be restricted to 15 students—who Lewis will personally interview first.

LONDON (AP) — A premature baby girl weighing about four pounds was born Monday to the Winston Spencer Churchills. The father, a journalist, is a grandson and namesake of Britain's World War II leader.

The child, the Churchills' third, was born at Westminster Hospital. She had not been expected until mid-October, the parents said, and they have not picked a name. Their other children are Randolph, named after his grandfather, and a daughter, Jenny.

Ex-AP Figure Dies

ST. CLAIR SHORES, Mich. (AP) — Elmer P. Martel, 92, Associated Press telegrapher who in 1927 sent out the news that President Calvin Coolidge did "not choose to run," died Monday. Martel had been sent by The AP to Coolidge's summer White House in the Black Hills, and it was there that Coolidge announced his decision not to seek the Republican nomination in 1928. Martel spent most of his AP service in the Detroit bureau.

Next Move Up To Ohio U. In Labor Dispute

COLUMBUS, Ohio (AP)—The next move in the labor dispute at Ohio University in Athens is apparentiy up to the union.

Ohio University President Vernon R. Alden and state officials conferred here Monday in the wake of another possible strike at the state - supported school.

At the meeting from which newsmen were barred, Atty. Gen. William B. Saxbe reviewed his opinion that the school lacked authority to netotiate a collective bargaining agreement sought by Local 1966, American Federation of State, County and Municipal Employes.

Saxbe, who stuck with his opinion, said it applied to all other state universities.

Asked about the possibility of another strike at OU, Alden said:

"I don't wish to say because I don't really know what the union reaction to the attorney general's opinion might be."

Meanwhile, Oscar McGee, local 1699 president, said all the union wants is some kind of agreement.

"We really don't care if we get a formal contract or not as long as we have some sort of agreement that is workable," he said.

Last spring the union struck OU, forcing the school to call an early vacation for students while the dispute was being settled.

It's Official But It's Not

CHILLICOTHE, Ohio (AP)—Ohio's new great seal is now official in one respect, but in another it's not.

Gov. James A. Rhodes presided Monday over ceremonies at nearby Adena dedicating the seal, but did not sign the bill making it official.

He forgot to bring the bill with him.

The governor said he would return to Adena and sign it Friday.

The bill adopts a uniform seal for the first time and spells out the right of the governor to control its use.

Variations in the original seal's design prompted Reps. Ralph B. Kohnen Jr. R-67 Cincinnati and Myrl H. Shoemaker D-21 Ross to sponsor a bill during the past session of the Ohio General Assembly authorizing its final form.

About 100 persons, state officials and the Chillicothe High School band attended the ceremony where a stone marker bearing the seal was unveiled. Adena is the home of former Gov. Thomas Worthington.

The area is said to have inspired the seal, which shows a sunrise over a cornfield.

Personalities In The News

LOS ANGELES (AP) — Actress Ingrid Bergman returns to the American stage tonight after a 20-year absence.

The blonde Swedish actress is starring in the Center Theater Group's production of the late Eugene O'Neill's "More Stately Mansions." It is the American premiere of the play, in the brand new Ahmanson Theater in Los Angeles' Music Center.

Miss Bergman was last seen on the American stage in 1946 when she played the title role in Maxwell Anderson's "Joan of Lorraine."

The O'Neill play, scheduled here for a six-week run, will open on Broadway at the end of October.

LOS ANGELES (AP) — Now it's the august robes of academe for comedian Jerry Lewis.

Lewis, who has directed many of his own pictures, was named a professor of cinema Monday at the University of Southern California.

Dr. Bernard Kantor, chairman of the cinema division, said Lewis' Monday night classes will be restricted to 15 students—who Lewis will personally interview first.

LONDON (AP) — A premature baby girl weighing about four pounds was born Monday to the Winston Spencer Churchills. The father, a journalist, is a grandson and namesake of Britain's World War II leader.

The child, the Churchills' third, was born at Westminster Hospital. She had not been expected until mid-October, the parents said, and they have not picked a name. Their other children are Randolph, named after his grandfather, and a daughter, Jenny.

Ex-AP Figure Dies

ST. CLAIR SHORES, Mich. (AP) — Elmer P. Martel, 92, Associated Press telegrapher who in 1927 sent out the news that President Calvin Coolidge did "not choose to run," died Monday. Martel had been sent by The AP to Coolidge's summer White House in the Black Hills, and it was there that Coolidge announced his decision not to seek the Republican nomination in 1928. Martel spent most of his AP service in the Detroit bureau.

95th Birthday Observed By Mrs. Charlotte Knox

Mrs. Charlotte Knox is observing her 95th birthday anniversary today at the home of her daughter, Miss Agnes Knox of 1825 Michigan Ave., with whom she resides.

She was born Sept. 12, 1872, in Keils, County Antrim, Ireland, the daughter of Samuel Agnew and Agnes Crawford Agnew.

She was married to Thomas Knox, a schooldays sweetheart, on March 16, 1892, by the Rev. W. E. Richardson. They came to the United States in May 1890 and settled in New Cumberland, where her husband died in 1931. She moved to East Liverpool in 1936.

Mrs. Knox has three sisters living in Ireland and one brother in Canada. Her youngest daughter, Mrs. James Wise of Cleveland, recently visited in Ireland.

Her hobbies are watching television, reading her Irish newspapers and automobile rides. Her philosophy for a long life is, "Behave yourself and live right."

Seven of her 12 children are living — Mrs. Elizabeth Czech of Jefferson St.; Alex Knox, Utica, Pa.; Miss Agnes Knox, Michigan Ave.; Mrs. Ruth Mosser, Michigan Ave.; Robert Knox, Austintown; Mrs. Wise, Cleveland, and George Knox, Ohioville.

There are 19 grandchildren, 38 great-grandchildren and 13 great - great grandchildren.

Mrs. Knox was honored with a birthday dinner Sunday at Heck's Restaurant in Columbiana, where covers were arranged for 41.

Seaman David Knox of New Cumberland, a grandson, was present. He was aboard the carrier Forrestal during the recent fire.

The honored guest received gifts, cards and flowers.

Next Move Up To Ohio U. In Labor Dispute

COLUMBUS, Ohio (AP)—The next move in the labor dispute at Ohio University in Athens is apparently up to the union.

Ohio University President Vernon R. Alden and state officials conferred here Monday in the wake of another possible strike at the state - supported school.

At the meeting from which newsmen were barred, Atty. Gen. William B. Saxbe reviewed his opinion that the school lacked authority to netotiate a collective bargaining agreement sought by Local 1966, American Federation of State, County and Municipal Employes.

Saxbe, who stuck with his opinion, said it applied to all other state universities.

Asked about the possibility of another strike at OU, Alden said:

"I don't wish to say because I don't really know what the union reaction to the attorney general's opinion might be."

Meanwhile, Oscar McGee, local 1699 president, said all the union wants is some kind of agreement.

Smith Offers Proposal

Supervisory Staff Urged For Recreational Center

A proposal that would provide a supervisory staff for the planned recreational center was presented by Orin Smith, a member of the Community Action Committee, during a meeting of the East Liverpool Jaycees Board of Directors Monday night in the Chamber of Commerce office.

The proposal calls for a coordinator at $7,500 a year and a secretary at $3,120.

Daniel O'Laughlin of Chicago, director of the Office of Economic Opportunity, who was scheduled to speak, was forced to cancel his appearance at the last minute.

The board plans to investigate the proposal by Smith and has set a meeting for Thursday at 7:30 p. m. at the mayor's office with the Board of Park Commissioners. At that time further ideas on the community center will be discussed.

Larry Walton announced that the Jaycees are selling subscriptions to the "Wonderful World of Ohio" at $3 a year as a fund-raising project.

A membership meeting will be held Sept. 25 at the Inn Town Motel, with Glenn Waight, editor of The Review, guest speaker. His topic will be "Jaycees and the Community." A buffet-style dinner will be served at 6:30.

An all-state meeting will be held Sept. 29-Oct. 1 in Columbus.

The club will sponsor a professional wrestling show Sept. 22 at 8:30 p. m. at Memorial Auditorium, when a return championship bout between Bruno Sammartino and Crazy Luke Graham will be featured.

The U.S. beverage industry used about 1.72 million tons of refined sugar — mostly in soft drinks — last year and accounted for about 18.3 per cent of total sugar deliveries.

'Smoker's Test'

★ ★ ★ ★ ★ ★

May Reveal Why Some Get Hooked

By JOHN BARBOUR
Associated Press Science Writer

NEW YORK (AP) — A new and experimental "smoker's test" may spell out why some people are hooked on cigarettes —and may provide some clues to make quitting easier, a panel of researchers said today.

Basically, the test requires about 15 questions to pinpoint one or more of six smoking-gratification patterns, explained Dr. Daniel Horn, director of the National Clearing House for Smoking and Health.

The test measures—or tries to—why people use cigarettes to suppress certain emotions and feelings, the panel noted in its report for the World Conference on Smoking and Health.

Ten per cent of smokers tested so far indicate that they use cigarettes as a stimulant, like coffee in the morning. Some eight per cent say it is simply the handling and lighting of the cigarette that satisfies them. Thirty to forty out of every 100 smokers say they use the cigarette as a mechanism toward a pleasurable period of relaxation.

Some 40 to 45 per cent of smokers say they puff away to get rid of negative feelings—to rise above depressions or let down feelings.

Up to 10 per cent of smokers tested say they light up strictly by habit, and only if they have a cigarette handy.

Some 25 per cent show up on the test with a psychological addiction—a complex reaction showing that they gain several positive elements from smoking. This is the kind of smoker who seems to have a built-in timer. As soon as he puts one out, he begins to develop a desire for the next one. He can't seem to taper off. He has to quit cold turkey.

There are several bad combinations of patterns—for some people have more than one. One of the worst is the combination of psychological addiction and the use of cigarettes to overcome depression. This person, the researchers said, has great trouble quitting.

Some individuals have all six patterns and they are in really bad shape.

Midway Atmosphere Prevails

President, First Lady Hold Fair For Children

WASHINGTON (AP)—A giant ferris wheel, a tuneful merry go-round, striped tents and a midway atmosphere prevail on the White House South Lawn today.

Everything from cotton candy to helium-filled balloons was on hand for a country fair promoted by President and Mrs. Johnson for about 500 children and grandchildren of congressmen and top government officials.

Amusement park experts from several states worked for days to provide rides and refreshments in authentic style for presidential guests aged 6 to 18 — and the President himself.

Just about everything from stuffed-animal prizes to the hot dogs, popcorn, taffy apples and soft drinks was donated for the children of Washington officialdom.

The fair was unique in White House history, the curator, press secretaries and amusement park operators agreed.

There was no special occasion cited for the afternoon frolic. But everyone seemed to be getting in on the act.

The President put the fair on his official schedule and planned to watch the fun of pony rides around the fountain, bingo games, sack races, a dance contest and even some golfing on former President Dwight D. Eisenhower's now little-used putting green.

Newly engaged Lynda Johnson planned to try out the merry-go-round, capable of handling 1,200 riders an hour.

And her fiance, Marine Capt. Charles S. Robb, was to be on duty in white uniform in his role as a White House social aide.

Numerous members of the President's official family and their wives had midway jobs, including Mrs. Orville L. Free man, wife of the secretary of agriculture, working as a fortune teller.

White House social secretary Bess Abell, boss of the midway, called on the International Amusement Park Association in Chicago to launch the temporary White House amusement park.

President Marvin Staton of Oklahoma City took on the job, with the association contributing $1,200 toward expenses. Most of the equipment and labor was donated by amusement parks and operators in Baltimore, Indianapolis, Maryland and Tennessee.

Survey Cites Changes In 10 Years

State Legislators Work Harder—Get Better Pay

CHICAGO (AP) — State legislators are working harder these days than ever before — and in most cases, drawing better pay.

An Assooiated Press survey focused on changes in the last 10 years shows:

In some of the bigger states legislating is becoming pretty much a full-time career, with incomes ranging up to $21,000.

Pay or fringe benefits, or both, have risen in 31 states.

But in some states lawmaking still is a part-time job at token pay.

Legislatures in 24 states now meet in annual sessions instead of on the old every-other-year schedule. Several are moving toward annual sessions.

Most states have had series of special sessions in the last 10 years — as many as 15 in California, 11 in Mississippi, Maryland and Louisiana, and 10 in Florida.

This year sessions set records by running 217 calendar days in California, 175 days in Iowa, 157 in Oregon, 149 in North Carolina and 110 in South Carolina.

The work volume also is increasing.

In the session in Massachusetts, for example, more than 5,100 bills have been filed in the House and more than 1,300 in the Senate.

There are many reasons for the heavier work load — such fundamental issues as reapportionment and the ceaseless scratching for more money to meet spiraling costs of government, school systems and road networks.

New York legislators receive $18,000 a year — $15,000 plus a $3,000 expense allowance.

California's assemblymen and senators have a salary of $16,000 a year. They also get $25 a day for expenses while the legislature is meeting. Figuring this year's session that ran 217 days by the calendar — and deducting for some recesses — each drew approximately $21,000.

The Michigan scale is a $12,500 salary plus $2,500 for expenses.

Pennsylvania's lawmakers draw 17,800 in salary and $4,200 in expenses — double the earnings they had in 1959.

The Massachusetts Legislature boosted pay this year from $5,200 to $10,000 a year.

Illinois legislators are paid $9,000 a year.

The salary spread, for the country as a whole, is startling.

Rhode Island's constitution stipulates that the law writers get together each year for 60 days and get paid $5 a day.

The pay is $15 a day in North Carolina and $20 a day in New Mexico.

Utah's legislators receive $500 per session plus $5 a day for expenses. These in Idaho draw $10 a day while meeting and $25 a day for expenses.

Hunter Hospitalized In Accidental Wound

A 26-year-old Hookstown area man remained hospitalized today with an accidental gunshot wound of the left forearm.

Gene Frasier of Route 30, Hookstown RD 1, is fairly good today at a Pittsburgh hospital, where he was transferred for surgery.

The mishap occurred Saturday evening while he was hunting near home.

Frasier either slipped or fell while unloading his 30-06 rifle after having been groundhog hunting about a mile from home. The family said he had finished hunting and returned to his car. The slug ripped through the door of the car after striking him.

Frasier, hunting alone, drove home and his wife drove him to City Hospital.

'Smoker's Test'

★ ★ ★ ★ ★ ★

May Reveal Why Some Get Hooked

By JOHN BARBOUR
Associated Press Science Writer

NEW YORK (AP) — A new and experimental "smoker's test" may spell out why some people are hooked on cigarettes —and may provide some clues to make quitting easier, a panel of researchers said today.

Basically, the test requires about 15 questions to pinpoint one or more of six smoking-gratification patterns, explained Dr. Daniel Horn, director of the National Clearing House for Smoking and Health.

The test measures—or tries to—why people use cigarettes to suppress certain emotions and feelings, the panel noted in its report for the World Conference on Smoking and Health.

Ten per cent of smokers tested so far indicate that they use cigarettes as a stimulant, like coffee in the morning. Some eight per cent say it is simply the handling and lighting of the cigarette that satisfies them. Thirty to forty out of every 100 smokers say they use the cigarette as a mechanism toward a pleasurable period of relaxation.

Some 40 to 45 per cent of smokers say they puff away to get rid of negative feelings—to rise above depressions or let down feelings.

Up to 10 per cent of smokers tested say they light up strictly by habit, and only if they have a cigarette handy.

Some 25 per cent show up on the test with a psychological addiction—a complex reaction showing that they gain several positive elements from smoking. This is the kind of smoker who seems to have a built-in timer. As soon as he puts one out, he begins to develop a desire for the next one. He can't seem to taper off. He has to quit cold turkey.

There are several bad combinations of patterns—for some people have more than one. One of the worst is the combination of psychological addiction and the use of cigarettes to overcome depression. This person, the researchers said, has great trouble quitting.

Some individuals have all six patterns and they are in really bad shape.

Midway Atmosphere Prevails

President, First Lady Hold Fair For Children

WASHINGTON (AP)—A giant ferris wheel, a tuneful merry go-round, striped tents and a midway atmosphere prevail on the White House South Lawn today.

Everything from cotton candy to helium-filled balloons was on hand for a country fair promoted by President and Mrs. Johnson for about 500 children and grandchildren of congressmen and top government officials.

Amusement park experts from several states worked for days to provide rides and refreshments in authentic style for presidential guests aged 6 to 18 — and the President himself.

Just about everything from stuffed-animal prizes to the hot dogs, popcorn, taffy apples and soft drinks was donated for the children of Washington officialdom.

The fair was unique in White House history, the curator, press secretaries and amusement park operators agreed.

There was no special occasion cited for the afternoon frolic. But everyone seemed to be getting in on the act.

The President put the fair on his official schedule and planned to watch the fun of pony rides around the fountain, bingo games, sack races, a dance contest and even some golfing on former President Dwight D. Eisenhower's now little-used putting green.

Newly engaged Lynda Johnson planned to try out the merry-go-round, capable of handling 1,200 riders an hour.

And her fiance, Marine Capt. Charles S. Robb, was to be on duty in white uniform in his role as a White House social aide.

Numerous members of the President's official family and their wives had midway jobs, including Mrs. Orville L. Free man, wife of the secretary of agriculture, working as a fortune teller.

White House social secretary Bess Abell, boss of the midway, called on the International Amusement Park Association in Chicago to launch the temporary White House amusement park.

President Marvin Staton of Oklahoma City took on the job, with the association contributing $1,200 toward expenses. Most of the equipment and labor was donated by amusement parks and operators in Baltimore, Indianapolis, Maryland and Tennessee.

Survey Cites Changes In 10 Years

State Legislators Work Harder—Get Better Pay

CHICAGO (AP) — State legislators are working harder these days than ever before — and in most cases, drawing better pay.

An Assoociated Press survey focused on changes in the last 10 years shows:

In some of the bigger states legislating is becoming pretty much a full-time career, with incomes ranging up to $21,000.

Pay or fringe benefits, or both, have risen in 31 states.

But in some states lawmaking still is a part-time job at token pay.

Legislatures in 24 states now meet in annual sessions instead of on the old every-other-year schedule. Several are moving toward annual sessions.

Most states have had series of special sessions in the last 10 years — as many as 15 in California, 11 in Mississippi, Maryland and Louisiana, and 10 in Florida.

This year sessions set records by running 217 calendar days in California, 175 days in Iowa, 157 in Oregon, 149 in North Carolina and 110 in South Carolina.

The work volume also is increasing.

In the session in Massachusetts, for example, more than 5,100 bills have been filed in the House and more than 1,300 in the Senate.

There are many reasons for the heavier work load — such fundamental issues as reapportionment and the ceaseless scratching for more money to meet spiraling costs of government, school systems and road networks.

New York legislators receive $18,000 a year — $15,000 plus a $3,000 expense allowance.

California's assemblymen and senators have a salary of $16,000 a year. They also get $25 a day for expenses while the legislature is meeting. Figuring this year's session that ran 217 days by the calendar — and deducting for some recesses — each drew approximately $21,000.

The Michigan scale is a $12,500 salary plus $2,500 for expenses.

Pennsylvania's lawmakers draw 17,800 in salary and $4,200 in expenses — double the earnings they had in 1959.

The Massachusetts Legislature boosted pay this year from $5,200 to $10,000 a year.

Illinois legislators are paid $9,000 a year.

The salary spread, for the country as a whole, is startling.

Rhode Island's constitution stipulates that the law writers get together each year for 60 days and get paid $5 a day.

The pay is $15 a day in North Carolina and $20 a day in New Mexico.

Utah's legislators receive $500 per session plus $5 a day for expenses. These in Idaho draw $10 a day while meeting and $25 a day for expenses.

Chester Council Spurs Drive On Parking Matters

Traffic problems continue to plague Chester Council.

Meeting Monday night, the legislators learned one virtually has been eliminated, but new ones exist.

Mayor Burton Ward informed Council the matter of employes of the Taylor, Smith and Taylor Co. parking in the Phoenix Ave. area apparently has solved itself, following Council's decision at its last meeting to ticket and tow away vehicles if necessary.

—:—

FOLLOWING a general discussion, Council voted that proposed changes in present parking ordinances being prepared by Solicitor James Jordan limit parking to two hours at a time 24 hours a day. Jordan originally was instructed to present an ordinance calling for two - hour parking only until 8 p.m.

Councilman Charles Kology, reporting on a conversation with Jordan relative to changes in the ordinance, said the solicitor had commented that he doubts if a plan to issue parking stickers to residents of the area making them immune from ticketing would be legal in West Virginia.

Ward, after the last meeting, drew up warrants for those traffic violators who have failed to pay parking tickets issued by the police. He said the delinquencies are being cleared up in a hurry.

Ward then pointed out another parking problem has arisen in the area of 5th St. and Carolina Ave., where employes of the National Church Supply Co. park their vehicles during working hours.

—:—

THE MAYOR said at least one complaint, from a news dealer on the corner, has been received in that those wishing to shop at his store have no place to park in close proximity. Kology said he passed the Monongahela Power Co. offices one day last week and noticed a truck stopped there to unload merchandise had to double park.

Kology then declared that still another problem exists at 3rd St. and Carolina Ave.

He broached the subject by asking what has happened to the enforcement of an ordinance prohibiting trucks from using Virginia Ave.

He declared residents in the area are disgruntled since they paid for paving work on the thoroughfare and now feel the street is being torn up by the rigs.

Mayor Ward explained he had assigned Patrolman Rex Cowey to investigate the situation earlier this year.

—:—

WARD SAID he sent Cowey out one morning to the area and ordered him to arrest any truckers using the street.

Kology said he understood Cowey was about to arrest three drivers when he was told the police chief and Councilman Thomas Bowen had given the truckers permission to use a portion of the street in order to allow the rigs easy access to a gas station at 3rd St. and Carolina Ave.

Kology went on to emphasize that an ordinance specifically prohibits truck traffic on the street and declared part of the city's troubles stem from unenforced ordinances.

Cowey reviewed for Council his activities during the day he was assigned to the street. He said he failed to cite the drivers because they informed him they had permission to use the street. He said he wanted to wait until the matter was clarified.

Council took no action on the situation, but Councilman Robert Kincaid expressed the opinion members should attempt to find a solution to the problem since the operator of the service station makes his living in the community and so contributes to its betterment.

Ward said he will consult Police chief Audley Campbell and Bowen in an attempt to clarify the matter.

—:—

MEMBERS were in agreement a bridge over the railroad tracks on 3rd St. is not strong enough to support the rigs. They said timbers on the structure are rotting and present a safety hazard if used by trucks.

Kology told Council the Pennsylvania Railroad had expressed the opinion a truck one day may collapse the bridge.

In other action, Council authorized the purchase of a tear gas gun for Robert Wilson, special patrolman. It also informed Wilson he may purchase a .38-caliber revolver to replace the 32.20 personal weapon he now carries. The city will pay for the gun deduct the money from his salary each month.

The duty of staffing the City Hall from noon until midnight Sunday, when the caretakers are away, was assigned to Cowey and Wilson. They will be paid $1.40 an hour.

Council authorized the purchase of a foam generator for the fire department.

Kincaid and Fireman Lee Haney told Council the unit should prove useful, since it quickly smothers a fire when brought into force in the interior of a building.

The unit will cost about $185 and firemen had requested financial aid in the purchase since its bills recently totaled about $1,800.

—:—

COUNCIL informally decided to withhold the low - cost paving of streets until next spring.

Members learned the city has been unsuccessful in its efforts to purchase the necessary slag for the project, even though two sources in the area have been contacted.

Kology said the company at Midland which normally supplies the city's needs "was unable to find even a bushel of slag." The city street project will require about 345 tons.

Council decided that rather than move ahead under the present handicap it would wait until May to complete the project.

In the interim, Council will seek a legal opinion allowing it to transfer some money from the street improvement fund to a project which would provide water to Tinsenville.

Council withheld action on a successor to Jack Allison, water board member, whose term expired with the September meeting.

An appointment will be made at the Sept. 25 meeting of Council.

The legislators also withheld action on a request by school crossing guard Harry Clark that he be granted a raise in pay. Presently, he receives $15 weekly.

Chief Campbell will be asked to supervise Clark for a few weeks in an effort to obtain a more even flow of traffic when children are in the area.

Remittances totaled $190.47, while bills amounted to $2,447.25.

Patrol Reports On Two Mishaps

A city man was cited by officers of the Ohio Highway Patrol at Lisbon following a two-car mishap on Route 170 north of Route 30 Monday afternoon.

Reports state that James William Garey, 39, of Dome St. was westbound on Route 170 and halted for a stop sign at the intersection of Route 428. He then pulled out into traffic and struck a northbound 1965 coach operated by James H. Stoakes, 27, of Calcutta RD 2.

Damage was moderate and Garey was cited for failure to yield the right-of-way.

Earlier, a truck driver attempting to negotiate a curve, lost control of his tractor - trailer rig and spilled the trailer on Route 164 south of Lisbon.

Officers said Vernon F. Rogers, 22, of Dellroy, Ohio, was northbound at the curve when his trailer broke loose and rolled over. He was cited for driving at speed excessive for conditions.

New Hills Store Holds Belle Vernon Opening

Opening of a new Hills Department Store at Belle Vernon, Pa., is scheduled today by the Shoe Corp. of America, operator of the chain of stores which includes one at Calcutta.

"Miss Pennsylvania," Doris Ann Lausch, will cut the ribbon, marking the opening of the store south of Pittsburgh. New stores are scheduled to open next month at Bluefield, W. Va., and Morgantown, W. Va., making a total of 15 such facilities.

Police Push Inquiry In Theft At Midland

Midland police are continuing their investigation into the theft of three guns from the residence of William Pool of 230 Woodlane Ave.

Officers said entry was gained Sunday night by the smashing of a window into an adjacent empty apartment and then breaking through a plastered wall into the Pool home.

Taken were a .38 snub-nosed revolver, a .25-caliber automatic and a 30-30 Winchester rifle.

ANSWERS YOUR PROBLEMS

Dear Ann Landers: I'm 16 and getting to hate my older brother who is 18, not because of anything he's done but because people keep comparing me to him and throwing him up to me.

Steve is smarter than I am and I know it. He has been on the honor roll ever since I can remember. I'm an average student — mostly Bs and some Cs.

Whenever report cards come out my dad says to Steve, "Honor roll again. Well, I expected it." Then he turns to me and says, "If Steve can make the honor roll why can't you?"

Steve didn't date until a few months ago. My folks think I'm a sex maniac because at age 16 I like girls. Whenever I say I have a date I get a small lecture on how Steve didn't date until he was 18 and maybe that's why he makes better grades.

It isn't only my folks, it's the teachers, too. When I made D on an important exam my math teacher said, "Apparently your brother Steve has the brains in the family." I felt like 2 cents waiting for change. I hope you'll give me advice on how to handle this problem. And maybe if you'd print my letter it might help some other kids. There's got to be guys in this world besides me who have smarter older brothers. — INFERIOR SON.

-:-

Dear Son: I wish all parents and teachers who do this terrible thing to their children could be rounded up and seated in one large arena and be given a blistering lecture. But no arena could hold them all because they run into the millions.

Comparing kids is cruel, and it accomplishes nothing except to increase hostility and take the starch out of the ones who don't do so well. Some kids become completely crushed by comparisons. They give up completely and refuse to do one blamed thing. This insures them against suffering from comparisons.

To you, I say, forgive your parents and teachers for their ignorance. Measure your efforts against your own standards, which, of course, should be high enough so that you will have to put forth your best efforts.

Uncooperative

Dear Ann: I'm 26 years of age and have been married for three years. My husband is 35.

I want a baby so bad I can hardly stand it. My husband says, "Absolutely no children."

When I ask him "Why?" he says things like this: "You are too dumb to be a mother. You would probably leave the baby somewhere."

I think the real reason he doesn't want a family is because he's too immature to accept the responsibility. Also, he's quite vain and enjoy thinking of himself as Perpetual Youth.

I know I'd be a wonderful mother, Ann, and I'm willing to bet that my husband would be a good father, once he had a family. He's fine with other people's children.

Please tell me what you think about this situation. How can I get his approval? — G. C.

-:-

Dear G. C.: You don't need his approval, honey. All you need is his biological cooperation. And by the way, what did you two talk about when you were going together?

A wife who wants a family should not be denied this fulfillment. Stop talking and get busy.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Review, enclosing a self-addressed, stamped envelope.

Hints from Heloise

— By Heloise Cruse —

DEAR HELOISE: Do you know that those oversize, decorative brandy snifters also make excellent punch bowls?

I bought a plastic ladle at the dime store and some smaller brandy snifters to use as punch cups.

It looks very attractive on the table and when not in use, the small snifters can be stored in the larger one.

MRS. L.K.H.

-:-

You doll!

That is really a nifty idea — especially when we don't need a real large punch bowl.

I'll bet lots of women who can't afford expensive punch sets are going to love your idea. I do.

HELOISE.

DEAR HELOISE: To get the musty, damp smell out of closets, drawers, overstuffed chairs, etc., I use whole cloves. I just slip some under the chair cushions, into drawers and on top of closet shelves.

It's surprising how clean-smelling everything is in no time at all.

MARY NARTOWICZ.

DEAR HELOISE: The best way I know of to clean an enameled sauce pan that has been burned is to put four tablespoons of salt in it and fill with cold water. Let it remain overnight.

The next morning, I just bring the salt water to a boil and my pans come clean every time.

MRS. FARNSWORTH.

DEAR HELOISE: Do you iron your dish towels! I want to know. . . .

I have a bet with my husband that you don't.

GAMBLER.

-:-

I hope to smoke a pickle, I don't. So you won the bet!

I consider that ironing dish towels is a waste of time.

If you don't have a dryer, pin your dish towels on your line and pick up your garden hose and turn it on strong spray, wetting them thoroughly. Give your sheets and other flat work the same treatment.

The water will remove nearly every wrinkle. When dry, fold them as you remove them from the line.

Who is going to know? And who would care if they did?

I do not believe in wasting energy in ironing dish towels.

Now . . . go kiss that husband.

HELOISE.

DEAR HELOISE: I have found that a one-pound coffee can saves me time and undue work when I prepare that new whipped dessert mix.

After putting the ingredients in, I only use one beater on my mixer and it doesn't spatter at all.

Then I put it in the refrigerator to chill right in the can.

MRS. FRANCES CARVER.

Man Fined $200 And Jailed On Drunken Driving Charge

A Doddridge County (W.Va.) man was fined $200 and costs and sentenced to a 10-day jail term Monday after Municipal Judge Samuel M. Chertoff convicted him on a charge of driving while under the influence of alcohol.

Ottie S. Myer, 45, of Central Station, W. Va., pleaded not guilty to the charge filed after his arrest by the Ohio Highway Patrol Friday at 1:20 a. m. on W. 6th St. at Jackson St.

It was his second court appearance in four days. He was given a 10-day jail term Friday on a related charge of driving without an operator's permit. The drunken driving charge had been continued until today to allow Myer a chance to obtain counsel, but he appeared without an attorney.

—:—

JUDGE CHERTOFF also ordered a 10-day jail term for Leroy A. Wright of Congo Rd., Newell, who pleaded guilty to a charge of driving without an operator's permit. Wright was arrested Saturday at 1:12 a. m. on the River Rd. by Patrolman Dwight Garvey. Questioned by the court, he said he had not had a permit for "two or three years."

Donald R. Hickman, 25, of 2206 Danbury Ave., Wellsville, was fined $15 and costs after pleading guilty to a charge of speeding 65 miles an hour in a 50-mile zone on the East Liverpool - Wellsville Rd. He was cited by the patrol Aug. 31 at 11:15 p. m. Jay Richard Welch, 18, of 626 Garner Ave. was ordered to pay the costs on a charge of speeding 65 miles an hour in a 50-mile zone, also on the Wellsville Rd. He was cited by the patrol Sept. 2 at 9:55 p. m.

John D. Bobalik, 47, of 1799 Arthur Ave., Wellsville, was fined $5 and costs on a charge of crashing a traffic signal at Washington and E. 4th Sts. The court dismissed a second charge of using a chaffeur's license without the required photo attached. Bobalik was cited Sept. 6 at 9:08 p.m. by Patrolman David Mumaw.

—:—

THREE motorists forfeited $17.50 bonds on speeding charges filed by the patrol.

They were listed as Donald L. McMahon, 56, of Hamburg, N. Y., cited Friday on Route 30 on a charge of driving 70 miles an hour in a 60 - mile zone; James B. Vandergrif, 25, of Cleveland, arrested Friday on Route 7 on a charge of driving 60 miles an hour in a 50-mile zone, and Vincent A. Mainenti, 24, of Weirton, cited Sunday on Route 30 on a charge of driving 70 in a 60-mile zone.

Earlie B. Shephard, 27, of Detroit forfeited $32.50 on a charge of driving 70 miles an hour in a 60-mile zone on Route 30 Saturday night. George E. Mills, 44, of Cleveland, forfeited $22.50 on a charge of driving 70 in a 60-mile zone on Route 30 Friday night.

Historical Units To Hold Meeting

Twins Trounce Senators, Widen Lead To 1 Game

White Sox Lose, Fall 2½ Behind

By RON RAPOPORT
Associated Press Sports Writer

The talk turned to streaks. As befits the manager of a club that has just won a laugher, Minnesota's Cal Ermer made a joke. As befits the manager of a club whose pennant hopes were damaged by a defeat, Chicago's Eddie Stanky did not.

"If we win 17 more, we're in," said Ermer, whose Twins, in first place in the American League by a game, have 17 games left to play. The Twins murdered Washington 13-5 Monday so Ermer had a right to indulge his whimsy.

"That makes a winning streak necessary now," said Stanky, whose White Sox, in fourth place 2½ games behind the Twins, lost to Baltimore 6-1. "We can't afford to stagger any more."

Boston and Detroit, in second and third place respectively in the close race, were idle Monday as were Cleveland, Kansas City, California and New York.

In the National League, Cincinnati clipped Pittsburgh 4-3, St. Louis took Philadelphia 5-1, Houston outhit Chicago 11-10 and San Francisco blanked Los Angeles 4-0. Atlanta and New York were idle.

Minnesota's Dean Chance gave up five unearned runs in the first inning, but the Twins came back for seven runs in the fourth and four more in the fifth to win their third straight game.

Harmon Killebrew had three hits and drove in two runs and Bob Allison had three hits and three RBI as the Twins ganged up on five Senators' pitchers. Rich Reese hit a key two-run double, his fifth pinch hit in his last eight tries.

The White Sox fell victim to three runs batted in by the Orioles' Frank Robinson, who homered and doubled. Jim Hardin stopped the Sox on four hits as only 4,048 turned out to see the home-town contenders.

"That's twice that young man has beaten us," said Stanky. "And I guess Frank Robinson is going after that second batting title. I hope he clinches it when Baltimore plays Detroit and Boston."

TRAPPED. Willie Mays of the Giants is trapped in a rundown by third baseman Bob Bailey and catcher John Roseboro of the Dodgers in Los Angeles last night. The play started when Willie McCovey grounded to Bailey. The Giants won 4-0. (UPI Telephoto)

Pirates Lose In 9th, Eliminated From Race

Herbel Blanks Dodgers; Cardinals Keep Winning

By DICK COUCH
Associated Press Sports Writer

Ron Herbel is giving the San Francisco Giants a much-needed helping hand. . .and just about everybody is pitching in for the Houston Astros.

Herbel, recently promoted from the bullpen to help fill the gap left by Juan Marichal's leg injury, scattered eight hits Monday night in hurling the Giants to a 4-0 victory over Los Angeles.

The Astros, meanwhile, tied a National League record by employing eight pitchers on the way to an 11-10 verdict over the Chicago Cubs.

Nelson Briles, like Herbel an ex-relief specialist, rolled to his seventh straight victory as a starter as league-leading St. Louis whipped Philadelphia 5-1 and Cincinnati struck for two ninth-inning runs to nip Pittsburgh 4-3 in other NL action.

Herbel's second September victory gave the Giants a 9-1 mark for the month and continued a run of brilliant pitching that began on Aug. 1 — with Marichal shelved by a pulled hamstring muscle in his left leg.

Willie McCovey, who drove in three runs in Herbel's 4-3 victory over Cincinnati nine days ago, delivered two more against the Dodgers with a single and his 25th homer. Willie Mays chipped in with two doubles and a single as the Giants beat Don Drysdale and took a 12-4 bulge in their season set with the Dodgers.

The Astros overcame a 5-2 deficit with a five-run salvo in the sixth inning, but barely survived a ninth-inning rally by the Cubs, who tossed six pitchers into the slugfest.

Pat House, the eighth Houston hurler, got the last out after Dave Giusti, Carroll Sembera, Chris Zachary, Dan Schneider, winner Dave Eilers, Tom Dukes and Larry Sherry had come and gone.

Jim Wynn smacked his 37th homer and drove in three runs for the Astros while Sonny Jackson's two-run single keyed the sixth-inning uprising.

The 14 pitchers used by both clubs equalled the major league mark for a nine-inning game and the Astros fell one short of the all-time high of nine pitchers put to work by the old St. Louis Browns in a 1949 game against Chicago.

Briles, touched for a gun in the second inning, blanked the Phils on five hits the rest of the way to register his 12th victory in 17 decisions.

Singles by Tim McCarver, who had four hits, and Phil Gagliano triggered a three-run burst in the fourth inning that carried the Cardinals another step closer to the NL pennant.

The Reds tailed 3-2 in the ninth when two walks around Deron Johnson's double filled the bases with one out. Maury Wills then booted Don Pavletich's grounder as the tying run scored and Pete Rose won it with a bloop single to right center.

Willie Stargell knocked in all three Pittsburgh runs with a single and homer.

Len Dawson of Purdue is the only player to ever lead the Big 10 in passing three years in a row. He is also the only player to lead in total offense three years in a row.

Steelers Cut Breen

Tom McDonald Dealt To Atlanta

By MIKE RECHT
Associated Press Sports Writer

Tommy McDonald, a pint-size pass catcher who seldom stands still on the football field, is on the move again—off the gridiron.

The 5-foot-9 speedster with sure hands that have caught more passes than all but three National Football League players in history, was bouncing toward Atlanta today after the Los Angeles Rams dealt him to the Falcons for a high draft choice.

The former Oklahoma hero, moving into the twilight of a glory-filled NFL career, was a victim of cutdown day as teams jockeyed to reach the 40-player limit Monday.

Another veteran, middle linebacker Vince Costello, who anchored Cleveland's defense through many a winning season, also felt the bite as the Browns sent him to the linebacker-starved New York Giants, also for a draft choice.

The Giants, easily the most active of teams a week before the NFL season opens, also picked up defensive end Bruce Anderson from the Rams and safety Dave Hathcock from Green Bay for draft picks.

To make room for them, the Giants sent veteran tackle Jim Colvin back to Dallas because of a bad knee, placed third-string quarterback Tom Kennedy on injured waivers and dropped defensemen Ted Holman, Joe Siesel and Bob Trygstad.

The Browns obtained end Ron Duncan from Philadelphia for a draft pick in another deal.

Dallas gave offensive guard Curtis Marker and end Sims Stokes, its fourth and sixth-round draft choices, their walking papers.

Detroit cut veteran center Mike Alford, Pittsburgh dropped veteran Gene Breen and Philadelphia axed defenseman Jim Kearney among others.

Indians, Sox In Chicago For Series

CHICAGO (AP) — The Cleveland Indians are entrenched in seventh place in the American League race, but still have a mathematical chance of winning the pennant.

However, the chance is a slim one and since their "magic number" is two their pennant hopes can be dashed completely by losing tonight's doubleheader to the Chicago White Sox, who are in the thick of the pennant race.

Tonight's twin bill will open a four-game series with the White Sox and after the series is completed the two teams meet only three more times this season–in Cleveland Sept. 22, 23 and 24.

Chicago has won eight of 11 games with the Indians so far this season.

Sam McDowell and Luis Tiant are scheduled to start for the Indians tonight and will be opposed by Bruce Howard and Fred Klages.

The Tribe probably will not face Joe Horlen, who pitched a no-hitter against Detroit Sunday, during the current series. Manager Eddie Stanky is expected to save him for the opener of the series against the Minnesota Twins, who follow the Indians as the White Sox opponents.

The Indians, idle Monday, will go to New York for three games with the Yankees following the Chicago series.

James Jordan Records Ace At Weirton

James Jordan of 638 Louisiana Ave., Chester, scored a hole-in-one last week at the Pleasant Valley Country Club golf course in Weirton.

Jordan, using an eight-iron, aced the 130-yard third hole. He was playing in the Fearless Eight Tourney. Others in the foursome were Edward A. Zagula, Crawford Cameron and Frank Larkey.

Jordan won a prize from the Dunlop ball company and qualified for a chance for a trip to Scotland.

Browns Deal Vin Costello To Giants

CLEVELAND (AP)—The Cleveland Browns, preparing for the National Football League season opener against the Dallas Cowboys here Sunday, sent veteran linebacker Vince Costello to the New York Giants Monday and obtained slot end Ron Duncan from the Philadelphia Eagles.

Costello, who was signed as a free agent in 1956 and became a regular in 1957, was sent to the Giants for a draft choice. The Browns then passed the draft pick on to the Eagles for Duncan, who lives in Springfield, Ohio, and played collegiate football at Wittenberg. He is 6 - foot - 3 and weighs 238 pounds.

The acquisition of Duncan probably means that the Browns will release Dave Washington, who played in the Continental League last season and is being tested at the end by Cleveland.

The Browns must cut two players from their roster today to get down to the regular season limit of 40.

Duncan finished at Wittenberg in 1965 and was tested by Dallas that summer. He spent last season on the Eagles' "Cab" squad and also was a part - time performer with Wilmington of the Atlantic Coast League.

Costello, a graduate of Ohio University, had lost his starting middle linebacker job with the Browns to Dale Lindsey and wasn't particularly happy with the backup role.

"I'm not leaving Cleveland with any bitterness, but I wish it could have come about earlier," he said Monday night.

Yesterday's Stars

BATTING — Bob Allison and Harmon Killebrew, Twins, drilled three hits apiece and combined for five RBI in Minnesota's 13-5 romp over Washington.

PITCHING — Jim Hardin, Orioles, stalled Chicago's American League pennant drive by hurling a four-hitter as Baltimore whipped the White Sox 6-1.

Negotiations Between A's, Finley Inconclusive

NEW YORK (AP) — The Kansas City Athletics didn't play baseball Monday, but they went into extra innings on the labor relations front, playing to an apparent scoreless tie.

For nearly 12 hours television cables snaked across the floor of baseball Commissioner William D. Eckert's outer office and reporters slept on couches as, inside in the conference rooms, Athletics' owner Charles O. Finley tried to settle a dispute with his players.

About the only thing the various parties to the argument could agree to was to meet again today.

Eckert, who sat in on some of the discussions, emerged from the marathon session late in the evening to say only that "substantial progress" was being made.

Eckert had called the session in the wake of the fight between Finley and his players that had left pitcher Lew Krausse suspended and then reinstated, first baseman-outfielder Ken Harrelson traded and Manager Alvin Dark fired.

Meeting with Finley and Eckert were American League President Joe Cronin; Jack Aker, Kansas City pitcher and player representative; Marvin Miller, director of the Major League Players Association and a couple of Finley's lawyers.

Miller has filed an unprecedented unfair labor practices charge against Finley with the National Labor Relations Board and Eckert's avowed purpose was to end the feud before it got as far as that nonbaseball body.

The origin of the fight between the volatile club owner and his players occurred last month when Finley suspended Krausse after an alleged drinking incident on a plane.

The players, incensed at Finley's action, issued a statement criticizing him. That in turn led to a lengthy meeting during which Finley fired Dark and released Harrelson, who later signed with the Boston Red Sox.

Krausse was reinstated when he issued a statement saying Finley was justified in fining him $500 and suspending him. Later, though, Krausse charged Finley had coerced him into making the statement, saying, "He's through scaring me."

Miller then filed his charge with the NLRB, stating Finley "threatened individual employes in an attempt to coerce them into withdrawing their pending grievances."

The players and Finley both appealed to Eckert to help resolve the dispute.

Bob Moose Shuts Out Mud Hens

By The Associated Press

The Columbus Jets finally got the best deal in a shutout with the Toledo Mud Hens.

It came Monday night in Columbus as the Ohio teams clashed in the first game of the International League Governor's Cup playoffs' final round.

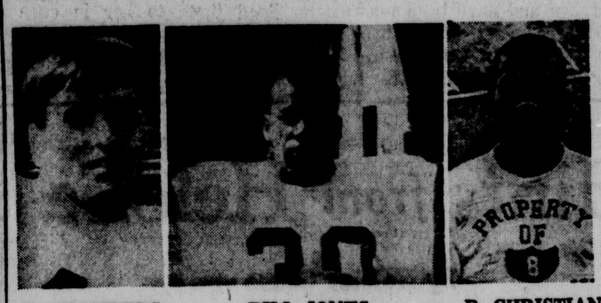
The Jets claimed a 50 victory before a sparse crowd of 1,006 on a nippy night.

In regular season play the Jets were shut out six times by Toledo.

The shutout Monday night was by Bob Moose, a 19 -year-old righthander who gave up only six hits in the opener of the best-of-seven series.

Moose, recalled from the Southern League on Aug. 5, also got into the scoring column after he walked in the seventh inning. He came home on singles by Fred Patek and George Spriggs and a fielder's choice.

Rookie first baseman Bob Robertson also scored in the seventh when he belted a long homer to left.



T. CHAMBERS BILL JONES B. CHRISTIAN

★ ★ ★ ★ ★ ★

EL Coaches Cite Jones, Chambers, B. Christian

After a review of the films of the game, the East Liverpool high football coaches selected Bill Jones for two of the four honors as player of the week.

Jones was selected as the outstanding offensive back and as the outstanding defensive lineman. Head coach Bob McNea cited Jones for his blocking and faking in the backfield. Commenting on Bill's defensive play, McNea revealed that Jone wears a harness to keep his shoulder from going too high, and the harness was laced too tightly the first half. But an adjustment at halftime enabled Jones to become a tiger on defense in the second half.

The outstanding offensive lineman selected was Bruce Christian. Blocking was again the reason for the choice, said McNea. The defensive back honors went to Tom Chambers, for his pass defense. Chambers intercepted one pass and knocked down others.

Ukrainian FG Kicker UCLA Secret Weapon

LOS ANGELES (AP) — That, said Coach Tommy Prothro of the UCLA football team, should solve any problem we might have with the new punt rule in college football.

Prothro, along with a regiment of visiting football writers and several hundred fans, had just seen a strapping young sophomore, Zenon Andrusyshyn, boot a 62-yard field goal soccer - style.

Moments before the 20-year-old Zenon had made two successful kicks from 57 yards, all measured from tee to uprights on the Bruins' Spaulding Field.

The 62-yarder, which outdistanced the record 56 set in the National Football League by the Baltimore Colts' Bert Rechichar against the Chicago Bears on Sept. 27, 1953, was, of course, done in practice.

But it capped 30 uninterrupted minutes of practice kicking and preceded the Bruins' squad drill.

The new college punt rule restricts offensive tackles, guards and center from leaving the line of scrimmage until the ball has been kicked.

UCLA may not even bother to punt.

Andrusyshyn — pronounced "An-dru-si-sh'n" — may be the Bruins' happiest surprise.

Athletic Director J. D. Morgan tells how Zenon arrived on the scene.

"Our track coach, Jim Bush, recruited him. Zenon holds the Canadian javelin throw record—242 feet 6 inches.

Last spring as a freshman, Zenon had a sore elbow and was just fooling around kicking a football. That's when we discovered what he could do."

Zenon, it developed, had been playing soccer since he was seven. He was born of Ukrainian parents in Germany and the family moved to Oakville, Ontario, Canada.

Kinseys Win Sunday Golf At ELCC

Dr. R. J. Kinsey and Ron Kinsey were the winners of the best ball medal play event at the East Liverpool Country Club Sunday with a 65.

Runners-up were C. F. Metz Jr. and Rick Metz. Second division winners were Dick Forzano and Judge Sam Chertoff with a 65.

The final ladies event of the season, rained out Saturday, has been rescheduled for this Saturday. There will be 9 and 18 hole medal play.

The closing golf event of the season for men, a best ball of four event, is scheduled for Sept 23. There will be a stag dinner following the golf, and members are requested to sign up now for the event.

Royals Launch Drills, 'Big O' To Be Absent

CINCINNATI (AP) — All the Cincinnati Royals except superstar Oscar Robertson were expected to be on hand today as the National Basketball Association club starts pre-season training.

The "Big O" and the club are still dickering over contract terms, but Robertson won't be listed officially as a holdout until Sept. 19–four weeks before the first game.

Coach Ed Jucker said twice-a-day workouts will begin Wednesday. Most of today's session was to be used for taking pictures.

The Royals start training with nine veterans and seven rookies.

James Jordan Records Ace At Weirton

James Jordan of 638 Louisiana Ave., Chester, scored a hole-in-one last week at the Pleasant Valley Country Club golf course in Weirton.

Jordan, using an eight-iron, aced the 130-yard third hole. He was playing in the Fearless Eight Tourney. Others in the foursome were Edward A. Zagula, Crawford Cameron and Frank Larkey.

Jordan won a prize from the Dunlop ball company and qualified for a chance for a trip to Scotland.

Browns Deal Vin Costello To Giants

CLEVELAND (AP)—The Cleveland Browns, preparing for the National Football League season opener against the Dallas Cowboys here Sunday, sent veteran linebacker Vince Costello to the New York Giants Monday and obtained slot end Ron Duncan from the Philadelphia Eagles.

Costello, who was signed as a free agent in 1956 and became a regular in 1957, was sent to the Giants for a draft choice. The Browns then passed the draft pick on to the Eagles for Duncan, who lives in Springfield, Ohio, and played collegiate football at Wittenberg. He is 6 - foot - 3 and weighs 238 pounds.

The acquisition of Duncan probably means that the Browns will release Dave Washington, who played in the Continental League last season and is being tested at the end by Cleveland.

The Browns must cut two players from their roster today to get down to the regular season limit of 40.

Duncan finished at Wittenberg in 1965 and was tested by Dallas that summer. He spent last season on the Eagles' "Cab" squad and also was a part - time performer with Wilmington of the Atlantic Coast League.

Costello, a graduate of Ohio University, had lost his starting middle linebacker job with the Browns to Dale Lindsey and wasn't particularly happy with the backup role.

"I'm not leaving Cleveland with any bitterness, but I wish it could have come about earlier," he said Monday night.

Yesterday's Stars

BATTING — Bob Allison and Harmon Killebrew, Twins, drilled three hits apiece and combined for five RBI in Minnesota's 13-5 romp over Washington.

PITCHING — Jim Hardin, Orioles, stalled Chicago's American League pennant drive by hurling a four-hitter as Baltimore whipped the White Sox 6-1.

TRAPPED. Willie Mays of the Giants is trapped in a rundown by third baseman Bob Bailey and catcher John Roseboro of the Dodgers in Los Angeles last night. The play started when Willie McCovey grounded to Bailey. The Giants won 4-0. (UPI Telephoto)

Pirates Lose In 9th, Eliminated From Race

Herbel Blanks Dodgers; Cardinals Keep Winning

By DICK COUCH
Associated Press Sports Writer

Ron Herbel is giving the San Francisco Giants a much-needed helping hand. . .and just about everybody is pitching in for the Houston Astros.

Herbel, recently promoted from the bullpen to help fill the gap left by Juan Marichal's leg injury, scattered eight hits Monday night in hurling the Giants to a 4-0 victory over Los Angeles.

The Astros, meanwhile, tied a National League record by employing eight pitchers on the way to an 11-10 verdict over the Chicago Cubs.

Nelson Briles, like Herbel an ex-relief specialist, rolled to his seventh straight victory as a starter as league-leading St. Louis whipped Philadelphia 5-1 and Cincinnati struck for two ninth-inning runs to nip Pittsburgh 4-3 in other NL action.

Herbel's second September victory gave the Giants a 9-1 mark for the month and continued a run of brilliant pitching that began on Aug. 1 — with Marichal shelved by a pulled hamstring muscle in his left leg.

Willie McCovey, who drove in three runs in Herbel's 4-3 victory over Cincinnati nine days ago, delivered two more against the Dodgers with a single and his 25th homer. Willie Mays chipped in with two doubles and a single as the Giants beat Don Drysdale and took a 12-4 bulge in their season set with the Dodgers.

The Astros overcame a 5-2 deficit with a five-run salvo in the sixth inning, but barely survived a ninth-inning rally by the Cubs, who tossed six pitchers into the slugfest.

Pat House, the eighth Houston hurler, got the last out after Dave Giusti, Carroll Sembera, Chris Zachary, Dan Schneider, winner Dave Eilers, Tom Dukes and Larry Sherry had come and gone.

Jim Wynn smacked his 37th homer and drove in three runs for the Astros while Sonny Jackson's two-run single keyed the sixth-inning uprising.

The 14 pitchers used by both clubs equalled the major league mark for a nine-inning game and the Astros fell one short of the all-time high of nine pitchers put to work by the old St. Louis Browns in a 1949 game against Chicago.

Briles, touched for a gun in the second inning, blanked the Phils on five hits the rest of the way to register his 12th victory in 17 decisions.

Singles by Tim McCarver, who had four hits, and Phil Gagliano triggered a three-run burst in the fourth inning that carried the Cardinals another step closer to the NL pennant.

The Reds tailed 3-2 in the ninth when two walks around Deron Johnson's double filled the bases with one out. Maury Wills then booted Don Pavletich's grounder as the tying run scored and Pete Rose won it with a bloop single to right center.

Willie Stargell knocked in all three Pittsburgh runs with a single and homer.

Len Dawson of Purdue is the only player to ever lead the Big 10 in passing three years in a row. He is also the only player to lead in total offense three years in a row.

Negotiations Between A's, Finley Inconclusive

NEW YORK (AP) — The Kansas City Athletics didn't play baseball Monday, but they went into extra innings on the labor relations front, playing to an apparent scoreless tie.

For nearly 12 hours television cables snaked across the floor of baseball Commissioner William D. Eckert's outer office and reporters slept on couches as, inside in the conference rooms, Athletics' owner Charles O. Finley tried to settle a dispute with his players.

About the only thing the various parties to the argument could agree to was to meet again today.

Eckert, who sat in on some of the discussions, emerged from the marathon session late in the evening to say only that "substantial progress" was being made.

Eckert had called the session in the wake of the fight between Finley and his players that had left pitcher Lew Krausse suspended and then reinstated, first baseman-outfielder Ken Harrelson traded and Manager Alvin Dark fired.

Meeting with Finley and Eckert were American League President Joe Cronin; Jack Aker, Kansas City pitcher and player representative; Marvin Miller, director of the Major League Players Association and a couple of Finley's lawyers.

Miller has filed an unprecedented unfair labor practices charge against Finley with the National Labor Relations Board and Eckert's avowed purpose was to end the feud before it got as far as that nonbaseball body.

The origin of the fight between the volatile club owner and his players occurred last month when Finley suspended Krausse after an alleged drinking incident on a plane.

The players, incensed at Finley's action, issued a statement criticizing him. That in turn led to a lengthy meeting during which Finley fired Dark and released Harrelson, who later signed with the Boston Red Sox.

Krausse was reinstated when he issued a statement saying Finley was justified in fining him $500 and suspending him. Later, though, Krausse charged Finley had coerced him into making the statement, saying, "He's through scaring me."

Miller then filed his charge with the NLRB, stating Finley "threatened individual employes in an attempt to coerce them into withdrawing their pending grievances."

The players and Finley both appealed to Eckert to help resolve the dispute.

Bob Moose Shuts Out Mud Hens

By The Associated Press

The Columbus Jets finally got the best deal in a shutout with the Toledo Mud Hens.

It came Monday night in Columbus as the Ohio teams clashed in the first game of the International League Governor's Cup playoffs' final round.

The Jets claimed a 50 victory before a sparse crowd of 1,006 on a nippy night.

In regular season play the Jets were shut out six times by Toledo.

The shutout Monday night was by Bob Moose, a 19-year-old righthander who gave up only six hits in the opener of the best-of-seven series.

Moose, recalled from the Southern League on Aug. 5, also got into the scoring column after he walked in the seventh inning. He came home on singles by Fred Patek and George Spriggs and a fielder's choice.

Rookie first baseman Bob Robertson also scored in the seventh when he belted a long homer to left.

Steelers Cut Breen

Tom McDonald Dealt To Atlanta

By MIKE RECHT
Associated Press Sports Writer

Tommy McDonald, a pint-size pass catcher who seldom stands still on the football field, is on the move again—off the gridiron.

The 5-foot-9 speedster with sure hands that have caught more passes than all but three National Football League players in history, was bouncing toward Atlanta today after the Los Angeles Rams dealt him to the Falcons for a high draft choice.

The former Oklahoma hero, moving into the twilight of a glory-filled NFL career, was a victim of cutdown day as teams jockeyed to reach the 40-player limit Monday.

Another veteran, middle linebacker Vince Costello, who anchored Cleveland's defense through many a winning season, also felt the bite as the Browns sent him to the linebacker-starved New York Giants, also for a draft choice.

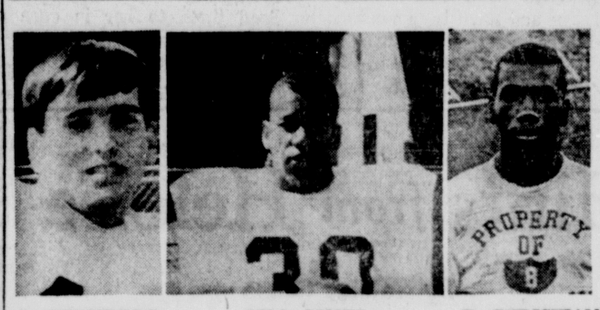
The Giants, easily the most active of teams a week before the NFL season opens, also picked up defensive end Bruce Anderson from the Rams and safety Dave Hathcock from Green Bay for draft picks.

To make room for them, the Giants sent veteran tackle Jim Colvin back to Dallas because of a bad knee, placed third-string quarterback Tom Kennedy on injured waivers and dropped defensemen Ted Holman, Joe Siesel and Bob Trygstad.

The Browns obtained end Ron Duncan from Philadelphia for a draft pick in another deal.

Dallas gave offensive guard Curtis Marker and end Sims Stokes, its fourth and sixth-round draft choices, their walking papers.

Detroit cut veteran center Mike Alford, Pittsburgh dropped veteran Gene Breen and Philadelphia axed defenseman Jim Kearney among others.



T. CHAMBERS BILL JONES B. CHRISTIAN

★ ★ ★ ★ ★ ★

EL Coaches Cite Jones, Chambers, B. Christian

After a review of the films of the game, the East Liverpool high football coaches selected Bill Jones for two of the four honors as player of the week.

Jones was selected as the outstanding offensive back and as the outstanding defensive lineman. Head coach Bob McNea cited Jones for his blocking and faking in the backfield. Commenting on Bill's defensive play, McNea revealed that Jone wears a harness to keep his shoulder from going too high, and the harness was laced too tightly the first half. But an adjustment at halftime enabled Jones to become a tiger on defense in the second half.

The outstanding offensive lineman selected was Bruce Christian. Blocking was again the reason for the choice, said McNea. The defensive back honors went to Tom Chambers, for his pass defense. Chambers intercepted one pass and knocked down others.

Tickets Available

Tickets for Friday night's game between East Liverpool and Midland are now on sale at the First National Drive-In Bank.

Ukrainian FG Kicker UCLA Secret Weapon

LOS ANGELES (AP) — That, said Coach Tommy Prothro of the UCLA football team, should solve any problem we might have with the new punt rule in college football.

Prothro, along with a regiment of visiting football writers and several hundred fans, had just seen a strapping young sophomore, Zenon Andrusyshyn, boot a 62-yard field goal soccer - style.

Moments before the 20-year-old Zenon had made two successful kicks from 57 yards, all measured from tee to uprights on the Bruins' Spaulding Field.

The 62-yarder, which outdistanced the record 56 set in the National Football League by the Baltimore Colts' Bert Rechichar against the Chicago Bears on Sept. 27, 1953, was, of course, done in practice.

But it capped 30 uninterrupted minutes of practice kicking and preceded the Bruins' squad drill.

The new college punt rule restricts offensive tackles, guards and center from leaving the line of scrimmage until the ball has been kicked.

UCLA may not even bother to punt.

Andrusyshyn — pronounced "An-dru-si-sh'n" — may be the Bruins' happiest surprise.

Athletic Director J. D. Morgan tells how Zenon arrived on the scene.

"Our track coach, Jim Bush, recruited him. Zenon holds the Canadian javelin throw record—242 feet 6 inches.

Last spring as a freshman, Zenon had a sore elbow and was just fooling around kicking a football. That's when we discovered what he could do."

Zenon, it developed, had been playing soccer since he was seven. He was born of Ukrainian parents in Germany and the family moved to Oakville, Ontario, Canada.

Indians, Sox In Chicago For Series

CHICAGO (AP) — The Cleveland Indians are entrenched in seventh place in the American League race, but still have a mathematical chance of winning the pennant.

However, the chance is a slim one and since their "magic number" is two their pennant hopes can be dashed completely by losing tonight's doubleheader to the Chicago White Sox, who are in the thick of the pennant race.

Tonight's twin bill will open a four-game series with the White Sox and after the series is completed the two teams meet only three more times this season—in Cleveland Sept. 22, 23 and 24.

Chicago has won eight of 11 games with the Indians so far this season.

Sam McDowell and Luis Tiant are scheduled to start for the Indians tonight and will be opposed by Bruce Howard and Fred Klages.

The Tribe probably will not face Joe Horlen, who pitched a no-hitter against Detroit Sunday, during the current series. Manager Eddie Stanky is expected to save him for the opener of the series against the Minnesota Twins, who follow the Indians as the White Sox opponents.

The Indians, idle Monday, will go to New York for three games with the Yankees following the Chicago series.

Kinseys Win Sunday Golf At ELCC

Dr. R. J. Kinsey and Ron Kinsey were the winners of the best ball medal play event at the East Liverpool Country Club Sunday with a 65.

Runners-up were C. F. Metz Jr. and Rick Metz. Second division winners were Dick Forzano and Judge Sam Chertoff with a 65.

The final ladies event of the season, rained out Saturday, has been rescheduled for this Saturday. There will be 9 and 18 hole medal play.

The closing golf event of the season for men, a best ball of four event, is scheduled for Sept 23. There will be a stag dinner following the golf, and members are requested to sign up now for the event.

Royals Launch Drills, 'Big O' To Be Absent

CINCINNATI (AP) — All the Cincinnati Royals except superstar Oscar Robertson were expected to be on hand today as the National Basketball Association club starts pre-season training.

The "Big O" and the club are still dickering over contract terms, but Robertson won't be listed officially as a holdout until Sept. 19--four weeks before the first game.

Coach Ed Jucker said twice-a-day workouts will begin Wednesday. Most of today's session was to be used for taking pictures.

The Royals start training with nine veterans and seven rookies.

Wants Another Carburetor

Chrysler Corp. To Keep Racing

CHARLOTTE (AP) — A Chrysler Corp. executive says the company will continue its stock car racing program next season even though it would like to see some changes in the existing rules.

Chrysler, which makes its high-performance Dodge and Plymouth parts available at low cost to its racing teams, mainly is interested in obtaining a rules change that would allow the use of two four-barrel carburetors on its hemi engines.

It may get such a change for 1968. Bill France, founder and president of NASCAR and member of the Technical Committee of the Automobile Competition Committee of the U. S. (ACCUS), says in the current issue of the NASCAR Newsletter that the committee will take a new look at manifolding and carburetion.

Under 1967 rules in effect in both NASCAR and the United States Auto Club (USAC), the hemi engines have been limited to one four-barrel carburetor since their acceptance in 1965, while Ford's 427-cubic-inch wedge-type engines may carry two.

France says the current engine displacement limit of 430 inches probably will be retained next year. But he said the Technical Committee will have to study the 1968 autos before arriving at final specifications.

Robert Anderson, vice president and general manager of Chrysler's Plymouth division, says the company plans to continue its racing program "in the same manner as we now participate."

Dodge is apparently placing great hopes in its redesigned Charger. That unit's familiar fastback body has been replaced by a slantback or notchback coupe with smooth lines and a racy look.

Plymouth plans to race either its GT-X or the all-new Road Runner. Aerodynamic studies are being made to determine which of the units will be used. Both are intermediate class cars.

Ford has a new fastback coupe in its Fairlane line and reports are that it will be that company's stock car racing mainstay.

Orioles' Plane Makes Unscheduled Landing

PITTSBURGH (AP) — A chartered airplane carrying the Baltimore Oriole baseball team to Chicago made an unscheduled landing at Pittsburgh Monday when a servicing panel dropped from a lavatory on the plane.

The United Air Lines craft carrying an Oriole party of 44 was at 8,000 feet over the mountains of Western Maryland when the panel popped out, creating a pressurization problem in the four-engine plane.

The falling metal panel also caused some minor damage to the left inboard propellor of the plane.

Ohioan Now Pitt's No. 1 Quarterback

PITTSBURGH, (AP) — Pitt Coach Dave Hart said Monday he was impressed by the speed of Jeff Barr, a 6-1, 190-pounder from Canton, Ohio, who was moved into the starting quarterback slot for the first time in preseason drills.

Hart, who praised Barr's ability as a roll - out runner, did not say whether the Ohioan would get the starting nod when Pitt opens at home against UCLA Sept. 23.

Purdue set a Big 10 mark last season by completing 58.6 per cent of its attempted passes.

Conigliaro Not Ready To Return To Red Sox

BOSTON (AP) — Tony Conigliaro, sidelined since being hit by a pitch on the left cheekbone Aug. 18, plans to wear a protective batting helmet with an ear flap when he rejoins the Boston Red Sox.

Conigliaro donned the special helmet being adopted by many other players for his first hitting drill Monday since he was hit by a fast ball thrown by California's Jack Hamilton.

Conigliaro, who suffered a cracked cheekbone and hemorrhaging behind the left eve, was eligible to come off the disabled list, but found he wasn't ready during a workout at Fenway Park.

"I'm not going to return to the line-up until the sight in the eye is perfect," he said after the drill.

He is scheduled for another examination by eye specialists Thursday.

Even Four-Team Playoff Wouldn't Hurt Series

BOSTON (AP) — Even if the American League's regular season ends in a four-way tie, there's only slight chance the World Series will start or finish on the latest date in history.

A check of record books disclosed today that the latest start of the World Series was Oct. 17 in 1910. The latest windup was a year later, on Oct. 27.

The World Series is scheduled to start in the home of the AL champion Oct. 4 this year. However, with Minnesota, Boston, Chicago and Detroit involved in a wild pennant fight, arrangements are being made for possible playoffs between two, three and four teams.

Should two teams tie for the lead after the regular schedule of 162 games on Oct. 1, they would play a best-of-3 series for the championship and a berth in the World Series.

If three teams tie, there would be a round-robin series of a maximum of five games. The two teams losing two games would be eliminated.

In the event of a four-way deadlock, two sets of best-of-3 series would be played, with survivors meeting in another three-game set for the title. A drawing will be held in New York Thursday morning to determine sites and opponents for possible playoffs. Any playoffs will start Oct. 2.

Tom Fears Fears Fearsome Foursome

NEW ORLEANS (AP) — The Los Angeles Rams' Fearsome Foursome is feared by none other than Fears — Tom, that is — and the New Orleans Saints' coach says they're even more fearsome, "if that's possible," with Roger Brown.

Thus, Fears fears the Rams may bring his Saints down to earth when the two teams clash here Sunday in the league opener for both.

Six weeks ago New Orleans played its very first game — against the Rams. Los Angeles won 16-7.

An expansion club like New Orleans is usually considered easy pickings — even in exhibition season — for the older teams. But St. Louis, Pittsburgh, San Francisco, Atlanta and the Miami Dolphins of the American Football League found out differently and the Saints wound up with an amazing 5-1 exhibition record.

Are the Saints for real?

"We'll find out on Sunday," said Fears today.

The Fearsome Foursome — that's the monicker for the two defensive ends and two defensive tackles of the Rams — limited New Orleans to a net of one yard rushing.

One of the four, Roosevelt Grier, a 287-pounder, is out of action. The Rams gave up three draft choices to get 300-pound Roger Brown from the Detroit Lions last week.

The other members of the Fearsome Foursome are 6-foot-5 Deacon Jones, 260 pounds; 6-5 tackle Merlin Olsen, 275, and 6-7 Lamar Lundy, 260.

Weather Postpones Cup Race

NEWPORT, R.I. (AP) — Winds blustering around the fringes of Hurricane Doria threatened to postpone the first race for the America's Cup today.

The Weather Bureau has forecast an only slightly less blustery repeat of the 30-knot northeasterly that kept both the American defender, Intrepid, and the Australian challenger, Dame Pattie, in port Monday.

The race committee of the New York Yacht Club, holder of the ancient trophy for 116 years, was to meet early today to determine whether there was too much weather for the competing 12-meter sloops.

Intrepid and Dame Pattie have shown themselves somewhat brittle in a stiff breeze, both having been dismasted in high winds during earlier trials over Rhode Island Sound.

Should the overnight prediction of 15-25 knot northeast winds and 6-8 seas be deemed too severe for racing, the committee will put the race off until Wednesday.

There is no time limit in which to run the best-of-7 series for the Cup.

Midwestern Pop Warner Team Wins

The Mid-Western Pop Warner football team won its first game of the season Saturday with a 13-0 win at Beaver Falls.

Mid-Western's first touchdown came in the first quarter when left halfback Larry Slappy went 35 yards around right end. Cregg Irvine failed on a plunge for the extra point.

Mid - Western held Beaver Falls on the 6yardline when Eddie Petroske jarred the ball loose from a Beaver Falls runner and it was picked up by Dale Cochran.

In the third quarter fullback Tom Kennedy scored on a 5 yard plunge up the middle. Bob Lengyel ran the point after to make it 13-0.

Boys who also played a fine game were Ed DiCiccio, Dave DiCiccio, Charles Craik, Jim Ordick, Ron Cataldo, Bob Waida, Jeff Brown and Bill Moore. Mid-Western is coached by Vince Monaco, Louis Steele, Richard Spanik, Dan Zuppe, Louis DiCiccio, Edmund DiCiccio, and Norm Lengyle. The next game will be with Koppel at Midland High's football stadium on Thursday at 6:30 p.m.

Hopeful Signs Cited To End Dayton Strike

DAYTON, Ohio (AP)—Progress appeared slow, but there were hopeful signs Monday in negotiations to get 12,000 striking workers at two General Motors Corp. Frigidaire plants back on the job here.

"We made some significant progress and settled some rather sticky demands we had on the tabie," said Joseph Shump, president of Local 801, International Union of Electrical Workers (IUE)l, following negotiations.

They were to resume today.

The union struck last Wednesday night after its three-year contract expired.

Rat Tail Hunt Flops

CHESTER, Pa. (AP) — Remember that rat tail hunt in Chester? Well, forget it. It flopped.

The hunt was organized by Mayor James H. Gorby who offered a bounty of 10 cents for each rat tail collected. He figured the city could eliminate 10,000 rats for $1,000.

But in 29 days of hunting—if the 63,000 residents of this industrial city outside Philadelphia did any at all—only a dozen tails were turned in.

Corbey didn't stick around for the official roundup. He flew to Europe last weekend on a special State Department visit to Poland — and left the ratty problem to his assistant, Harold A. MacNeilly.

"Ever since I got the assignment they've been calling me 'rat MacNeilly," he said. "For that I needed politics?"

MacNeilly said the rat hunt failed because "either there aren't enough rats, which I doubt; or it wasn't enough money, or the people are just plain lazy."

JOHN NEWCOMBE

Newcombe Currently Top Netter

By WILL GRIMSLEY

NEW YORK (AP) — Pundits say the ideal life is that of the touring amateur tennis player—you travel the world at someone else's expense and you travel with a harem.

The current king of these court gypsies is a tall, handsome Australian named John Newcombe, who added the American to his Wimbledon title this week and Monday received an elegant trophy as the sport's Player of the Year.

As the world's No. 1 player, Newcombe is in a position to call his own shots and dictate his own terms for tournament appearances.

While the straight-laced amateur authorities hush-hush such suggestions, it is known that a top flight star can demand as much as $500 a tournament to play in such places as the French Riviera, the European Continent and the Caribbean.

It's a busy life, but a profitable one. Jack Kramer and Lew Hoad, among others have said that a smart operator can clear as much as $10,000 a year, over and above other sources of income.

"I work for a travel agency in Sydney and I also have a job with a sporting goods company," Newcombe said. "I play tennis 11 months of the year."

Son of a Sydney dentist, John was an all-around teen-age athletic star in a country famed for its sportsmen. In high school he played football, a form of soccer, and cricket.

At 13, he listened to a Davis Cup broadcast and got interested. He told his dad he wanted a tennis racket.

Newcombe won the Australian Junior at 16 and was named the youngest man ever to represent Australia on the world tour. He's been on the merry-go-round ever since.

Like most Australians, he was through high school at 16. He played at Wimbledon at 17 and was a Davis Cup team member at 19.

Now only 23, he is completing his seventh world tour.

This is the major difference between Australian and American tennis players. Clark Graebner of Beechwood, Ohio, whom John beat in the men's final at Forest Hills, N.Y., Sunday, is also 23. He has had one world tour.

U.S. tennis authorities frown on world tours for their athletes and payments above the prescribed $28 a day limit. This attitude has discouraged most good U.S. players. So we keep losing Davis Cup matches to teams as Brazil and Ecuador. And Australia hangs on to the cup.

Toronto Reinstated By CFL

WHEELING (AP) — The Toronto Rifles, suspended from the Continental Football League last week, were reinstated here Monday night during a meeting of league owners.

Under the reinstatement agreement, Toronto will play its remaining games on the road and the seven other clubs in the eastern division will share the expense of operating the franchise.

Commissioner Sol Rosen said coach Bubba Marriott will continue as coach of the Toronto team which will play at Hartford, Conn., Saturday night.

The Rifles were suspended last Tuesday for failing to meet the league's financial requirements. During the suspension they were scheduled to play Wheeling. Rosen said Wheeling will be credited with a victory.

Rosen said two groups are interested in acquiring the Toronto franchise. He said one group is in Toronto and the other is in the United States.

The owners of the minor professional football circuit also reduced to eight days the time a player must remain on the injured reserve list. Previously, injured players were kept on reserve status for 25 days before returning to action.

Rosen said the league has had troubles because it set too high of standards in an attempt to become a third major league.

But he said he was confident about the CFL's future.

"Nobody can deny that we have a product on the field," he added. "Now we have to get the fans out."

Youth Charged In Slaying Of Ex-Ohio Student

GAINESVILLE, Fla. (AP)—A high school student has been charged with first-degree murder in the brutal slaying of a young married woman who once attended Ohio State University.

The charge was placed Monday against Willie Samuel Rivers, 18, who left home here Aug. 18 to stay with relatives in Donaldsonville, authorities reported.

Rivers currently is held in Columbus, Ga.

The nude body of Carol Persons, 25, missing since July 27, was found in a shallow grave in a field Sunday. She had been shot.

She and her husband both were graduate students in psychology at the University of Florida. They moved here last fall from Columbus, Ohio, where they attended Ohio State.

Ex-Director Pleads Innocent To Fraud

PORT CLINTON, Ohio (AP)—Edward Simmans, 37, former safety - service director here, pleaded innocent Monday to four counts of embezzling $2,500 from the city. Simmans, release under $10,000 bond, was indicted secretly last week by the Ottawa County Grand Jury.

County Prosecutor Lowell Peterson has charged that Simmans cashed four fraudulent checks for $2,500. The checks were drawn on city funds in 1964-65, Peterson said.

RICK BARRY

Rick Barry To Sit Out This Season

OAKLAND, Calif. (AP) — Barry, last year's high-scoring hero of the San Francisco Warriors, will only be a spectator this season.

The National Basketball Association's top scorer of last year announced Monday he will sit out the 1967-68 season rather than play for the Warriors after signing with the Oakland Oaks of the American Basketball Association.

Barry, who led the Warriors to the NBA playoffs last season, contracted with the Oaks for the reported sum of $225,000 for three years in June.

The Warriors obtained a San Francisco Superior Court injunction preventing Barry from playing with anyone but them until his reserve clause expires Sept. 30, 1968.

Gov. Wallace Begins Therapy Treatments

HOUSTON, Tex. (AP) — Alabama Gov. Lurleen Wallace begins today six weeks of radiotherapy treatments designed to insure her victory in a two-year battle with cancer.

Doctors at the University of Texas M. D. Anderson Hospital and Tumor Institute removed a lemon-sized tumor and a section of colon July 10 in her second cancer operation.

The 40-year-old governor returned to the hospital as an outpatient Monday and, after tests designed to gauge her recovery from the operation, received a prescription for cobalt-60 treatments. They are intended to destroy any traces of malignant material.

Toledo Editor Wins $2,000 Grady Award

CHICAGO (AP)—Raymond A. Bruner, science editor of The Toledo Blade, has been named winner of the $2,000 James T. Grady Award for outstanding reporting of chemical science and technology.

The award was announced Monday night at the 154th national meeting of the American Chemical Society.

Economists say the level of average family income will reach $50,000 a year in about 70 years at present rates of productivity growth.

Wants Another Carburetor

Chrysler Corp. To Keep Racing

CHARLOTTE (AP) — A Chrysler Corp. executive says the company will continue its stock car racing program next season even though it would like to see some changes in the existing rules.

Chrysler, which makes its high-performance Dodge and Plymouth parts available at low cost to its racing teams, mainly is interested in obtaining a rules change that would allow the use of two four-barrel carburetors on its hemi engines.

It may get such a change for 1968. Bill France, founder and president of NASCAR and member of the Technical Committee of the Automobile Competition Committee of the U. S. (ACCUS), says in the current issue of the NASCAR Newsletter that the committee will take a new look at manifolding and carburetion.

Under 1967 rules in effect in both NASCAR and the United States Auto Club (USAC), the hemi engines have been limited to one four-barrel carburetor since their acceptance in 1965, while Ford's 427-cubic-inch wedge-type engines may carry two.

France says the current engine displacement limit of 430 inches probably will be retained next year. But he said the Technical Committee will have to study the 1968 autos before arriving at final specifications.

Robert Anderson, vice president and general manager of Chrysler's Plymouth division, says the company plans to continue its racing program "in the same manner as we now participate."

Dodge is apparently placing great hopes in its redesigned Charger. That unit's familiar fastback body has been replaced by a slantback or notchback coupe with smooth lines and a racy look.

Plymouth plans to race either its GT-X or the all-new Road Runner. Aerodynamic studies are being made to determine which of the units will be used. Both are intermediate class cars.

Ford has a new fastback coupe in its Fairlane line and reports are that it will be that company's stock car racing mainstay.

Orioles' Plane Makes Unscheduled Landing

PITTSBURGH (AP) — A chartered airplane carrying the Baltimore Oriole baseball team to Chicago made an unscheduled landing at Pittsburgh Monday when a servicing panel dropped from a lavatory on the plane.

The United Air Lines craft carrying an Oriole party of 44 was at 8,000 feet over the mountains of Western Maryland when the panel popped out, creating a pressurization problem in the four-engine plane.

The falling metal panel also caused some minor damage to the left inboard propellor of the plane.

LINCOLN, R.I. (AP) — Darrell Madden, a 44-year-old jockey, is the hottest rider at Lincoln Downs' week-old horse racing meeting.

Madden followed up six winners last Saturday by booting home four more Monday.

Ohioan Now Pitt's No. 1 Quarterback

PITTSBURGH, (AP) — Pitt Coach Dave Hart said Monday he was impressed by the speed of Jeff Barr, a 6-1, 190-pounder from Canton, Ohio, who was moved into the starting quarterback slot for the first time in preseason drills.

Hart, who praised Barr's ability as a roll - out runner, did not say whether the Ohioan would get the starting nod when Pitt opens at home against UCLA Sept. 23.

Purdue set a Big 10 mark last season by completing 58.6 per cent of its attempted passes.

Conigliaro Not Ready To Return To Red Sox

BOSTON (AP) — Tony Conigliaro, sidelined since being hit by a pitch on the left cheekbone Aug. 18, plans to wear a protective batting helmet with an ear flap when he rejoins the Boston Red Sox.

Conigliaro donned the special helmet being adopted by many other players for his first hitting drill Monday since he was hit by a fast ball thrown by California's Jack Hamilton.

Conigliaro, who suffered a cracked cheekbone and hemorrhaging behind the left eye, was eligible to come off the disabled list, but found he wasn't ready during a workout at Fenway Park.

"I'm not going to return to the line-up until the sight in the eye is perfect," he said after the drill.

He is scheduled for another examination by eye specialists Thursday.

Even Four-Team Playoff Wouldn't Hurt Series

BOSTON (AP) — Even if the American League's regular season ends in a four-way tie, there's only slight chance the World Series will start or finish on the latest date in history.

A check of record books disclosed today that the latest start of the World Series was Oct. 17 in 1910. The latest windup was a year later, on Oct. 27.

The World Series is scheduled to start in the home of the AL champion Oct. 4 this year. However, with Minnesota, Boston, Chicago and Detroit involved in a wild pennant fight, arrangements are being made for possible playoffs between two, three and four teams.

Should two teams tie for the lead after the regular schedule of 162 games on Oct. 1, they would play a best-of-3 series for the championship and a berth in the World Series.

If three teams tie, there would be a round-robin series of a maximum of five games. The two teams losing two games would be eliminated.

In the event of a four-way deadlock, two sets of best-of-3 series would be played, with survivors meeting in another three-game set for the title. A drawing will be held in New York Thursday morning to determine sites and opponents for possible playoffs. Any playoffs will start Oct. 2.

Tom Fears Fears Fearsome Foursome

NEW ORLEANS (AP) — The Los Angeles Rams' Fearsome Foursome is feared by none other than Fears — Tom, that is — and the New Orleans Saints' coach says they're even more fearsome, "if that's possible," with Roger Brown.

Thus, Fears fears the Rams may bring his Saints down to earth when the two teams clash here Sunday in the league opener for both.

Six weeks ago New Orleans played its very first game — against the Rams. Los Angeles won 16-7.

An expansion club like New Orleans is usually considered easy pickings — even in exhibition season — for the older teams. But St. Louis, Pittsburgh, San Francisco, Atlanta and the Miami Dolphins of the American Football League found out differently and the Saints wound up with an amazing 5-1 exhibition record.

Are the Saints for real?

"We'll find out on Sunday," said Fears today.

The Fearsome Foursome — that's the monicker for the two defensive ends and two defensive tackles of the Rams — limited New Orleans to a net of one yard rushing.

One of the four, Roosevelt Grier, a 287-pounder, is out of action. The Rams gave up three draft choices to get 300-pound Roger Brown from the Detroit Lions last week.

The other members of the Fearsome Foursome are 6-foot-5 Deacon Jones, 260 pounds; 6-5 tackle Merlin Olsen, 275, and 6-7 Lamar Lundy, 260.

Weather Postpones Cup Race

NEWPORT, R.I. (AP) — Winds blustering around the fringes of Hurricane Doria threatened to postpone the first race for the America's Cup today.

The Weather Bureau has forecast an only slightly less blustery repeat of the 30-knot northeasterly that kept both the American defender, Intrepid, and the Australian challenger, Dame Pattie, in port Monday.

The race committee of the New York Yacht Club, holder of the ancient trophy for 116 years, was to meet early today to determine whether there was too much weather for the competing 12-meter sloops.

Intrepid and Dame Pattie have shown themselves somewhat brittle in a stiff breeze, both having been dismasted in high winds during earlier trials over Rhode Island Sound.

Should the overnight prediction of 15-25 knot northeast winds and 6-8 seas be deemed too severe for racing, the committee will put the race off until Wednesday.

There is no time limit in which to run the best-of-7 series for the Cup.

Midwestern Pop Warner Team Wins

The Mid-Western Pop Warner football team won its first game of the season Saturday with a 13-0 win at Beaver Falls.

Mid-Western's first touchdown came in the first quarter when left halfback Larry Slappy went 35 yards around right end. Cregg Irvine failed on a plunge for the extra point.

Mid - Western held Beaver Falls on the 6yardline when Eddie Petroske jarred the ball loose from a Beaver Falls runner and it was picked up by Dale Cochran.

In the third quarter fullback Tom Kennedy scored on a 5 yard plunge up the middle. Bob Lengyel ran the point after to make it 13-0.

Boys who also played a fine game were Ed DiCiccio, Dave DiCiccio, Charles Craik, Jim Ordick, Ron Cataldo, Bob Waida, Jeff Brown and Bill Moore. Mid-Western is coached by Vince Monaco, Louis Steele, Richard Spanik, Dan Zuppe, Louis DiCiccio, Edmund DiCiccio, and Norm Lengyle. The next game will be with Koppel at Midland High's football stadium on Thursday at 6:30 p.m.

Hopeful Signs Cited To End Dayton Strike

DAYTON, Ohio (AP)—Progress appeared slow, but there were hopeful signs Monday in negotiations to get 12,000 striking workers at two General Motors Corp. Frigidaire plants back on the job here.

"We made some significant progress and settled some rather sticky demands we had on the tabie," said Joseph Shump, president of Local 801, International Union of Electrical Workers (IUE)l, following negotiations.

They were to resume today. The union struck last Wednesday night after its three-year contract expired.

Rat Tail Hunt Flops

CHESTER, Pa. (AP) — Remember that rat tail hunt in Chester? Well, forget it. It flopped.

The hunt was organized by Mayor James H. Gorby who offered a bounty of 10 cents for each rat tail collected. He figured the city could eliminate 10,000 rats for $1,000.

But in 29 days of hunting—if the 63,000 residents of this industrial city outside Philadelphia did any at all—only a dozen tails were turned in.

Corbey didn't stick around for the official roundup. He flew to Europe last weekend on a special State Department visit to Poland — and left the ratty problem to his assistant, Harold A. MacNeilly.

"Ever since I got the assignment they've been calling me 'rat MacNeilly," he said. "For that I needed politics?"

MacNeilly said the rat hunt failed because "either there aren't enough rats, which I doubt; or it wasn't enough money, or the people are just plain lazy."

JOHN NEWCOMBE

Newcombe Currently Top Netter

By WILL GRIMSLEY

NEW YORK (AP) — Pundits say the ideal life is that of the touring amateur tennis player—you travel the world at someone else's expense and you travel with a harem.

The current king of these court gypsies is a tall, handsome Australian named John Newcombe, who added the American to his Wimbledon title this week and Monday received an elegant trophy as the sport's Player of the Year.

As the world's No. 1 player, Newcombe is in a position to call his own shots and dictate his own terms for tournament appearances.

While the straight-laced amateur authorities hush-hush such suggestions, it is known that a top flight star can demand as much as $500 a tournament to play in such places as the French Riviera, the European Continent and the Caribbean.

It's a busy life, but a profitable one. Jack Kramer and Lew Hoad, among others have said that a smart operator can clear as much as $10,000 a year, over and above other sources of income.

"I work for a travel agency in Sydney and I also have a job with a sporting goods company," Newcombe said. "I play tennis 11 months of the year."

Son of a Sydney dentist, John was an all-around teen-age athletic star in a country famed for its sportsmen. In high school he played football, a form of soccer, and cricket.

At 13, he listened to a Davis Cup broadcast and got interested. He told his dad he wanted a tennis racket.

Newcombe won the Australian Junior at 16 and was named the youngest man ever to represent Australia on the world tour. He's been on the merry-go-round ever since.

Like most Australians, he was through high school at 16. He played at Wimbledon at 17 and was a Davis Cup team member at 19.

Now only 23, he is completing his seventh world tour.

This is the major difference between Australian and American tennis players. Clark Graebner of Beechwood, Ohio, whom John beat in the men's final at Forest Hills, N.Y., Sunday, is also 23. He has had one world tour.

U.S. tennis authorities frown on world tours for their athletes and payments above the prescribed $28 a day limit. This attitude has discouraged most good U.S. players. So we keep losing Davis Cup matches to teams as Brazil and Ecuador. And Australia hangs on to the cup.

Toronto Reinstated By CFL

WHEELING (AP) — The Toronto Rifles, suspended from the Continental Football League last week, were reinstated here Monday night during a meeting of league owners.

Under the reinstatement agreement, Toronto will play its remaining games on the road and the seven other clubs in the eastern division will share the expense of operating the franchise.

Commissioner Sol Rosen said coach Bubba Marriott will continue as coach of the Toronto team which will play at Hartford, Conn., Saturday night.

The Rifles were suspended last Tuesday for failing to meet the league's financial requirements. During the suspension they were scheduled to play Wheeling. Rosen said Wheeling will be credited with a victory.

Rosen said two groups are interested in acquiring the Toronto franchise. He said one group is in Toronto and the other is in the United States.

The owners of the minor professional football circuit also reduced to eight days the time a player must remain on the injured reserve list. Previously, injured players were kept on reserve status for 25 days before returning to action.

Rosen said the league has had troubles because it set too high of standards in an attempt to become a third major league.

But he said he was confident about the CFL's future.

"Nobody can deny that we have a product on the field," he added. "Now we have to get the fans out."

Youth Charged In Slaying Of Ex-Ohio Student

GAINESVILLE, Fla. (AP)—A high school student has been charged with first-degree murder in the brutal slaying of a young married woman who once attended Ohio State University.

The charge was placed Monday against Willie Samuel Rivers, 18, who left home here Aug. 18 to stay with relatives in Donaldsonville, authorities reported.

Rivers currently is held in Columbus, Ga.

The nude body of Carol Persons, 25, missing since July 27, was found in a shallow grave in a field Sunday. She had been shot.

She and her husband both were graduate students in psychology at the University of Florida. They moved here last fall from Columbus, Ohio, where they attended Ohio State.

Ex-Director Pleads Innocent To Fraud

PORT CLINTON, Ohio (AP)—Edward Simmans, 37, former safety - service director here, pleaded innocent Monday to four counts of embezzling $2,500 from the city. Simmans, release under $10,000 bond, was indicted secretly last week by the Ottawa County Grand Jury.

County Prosecutor Lowell Peterson has charged that Simmans cashed four fraudulent checks for $2,500. The checks were drawn on city funds in 1964-65, Peterson said.

RICK BARRY

Rick Barry To Sit Out This Season

OAKLAND, Calif. (AP) — Barry, last year's high-scoring hero of the San Francisco Warriors, will only be a spectator this season.

The National Basketball Association's top scorer of last year announced Monday he will sit out the 1967-68 season rather than play for the Warriors after signing with the Oakland Oaks of the American Basketball Association.

Barry, who led the Warriors to the NBA playoffs last season, contracted with the Oaks for the reported sum of $225,000 for three years in June.

The Warriors obtained a San Francisco Superior Court injunction preventing Barry from playing with anyone but them until his reserve clause expires Sept. 30, 1968.

Gov. Wallace Begins Therapy Treatments

HOUSTON, Tex. (AP) — Alabama Gov. Lurleen Wallace begins today six weeks of radiotherapy treatments designed to insure her victory in a two-year battle with cancer.

Doctors at the University of Texas M. D. Anderson Hospital and Tumor Institute removed a lemon-sized tumor and a section of colon July 10 in her second cancer operation.

The 40-year-old governor returned to the hospital as an outpatient Monday and, after tests designed to gauge her recovery from the operation, received a prescription for cobalt-60 treatments. They are intended to destroy any traces of malignant material.

Hancock Board Fills Vacancies

The employment of additional teaching and non - teaching personnel was acted upon Monday night by the Hancock County Board of Education.

Three elementary instructors were hired. They are C. James Duke, Thomas Robert Cupples and Alena K. Lutton. Also employed was a bus driver, William Parsons, and a custodian, Stephen B. Nutter.

Others approved for employment were: Mrs. Margaret O. Evans and Mrs. Emma Wease, as cultural resources aides at $300 a month at Cove and Wells Junior High Schools, and Sandra Yeater as a secretary at Oak Glen High School for $250 a month.

In other action, the board approved the purchase of band equipment for both Weir and Oak Glen high marching bands. Cost of the instruments at Oak Glen is $2,667 and at Weir, $4,727.

Also approved was a plan submitted by Mrs. Mary Fluharty, elementary coordinator, to transfer 31 third - grade students and their teachers from the Chester primary to the intermediate school there. The class will remain intact. The transfer was necessitated by the crowded room condition at the primary building.

Requests approved by the board were: Oak Glen band to participate in the fifth annual cavalcade of bands at Weir High stadium Sept. 23.

Oak Glen students to participate in the National Award Sewing contest at Jackson's Mill, Nov. 3.

Miss Ruth Wilkins to attend the education workshop at Cedar Lakes, Sept. 15.

Weirton Jaycees and the Cattrell Motor Co. to use Weir High stadium Oct. 14 from 10 a.m. to 1 p. m. for the pass, punt and kick contest sponsored by the Ford Motor Co. for boys 8-13.

Approval was granted providing for the transportation of junior high school football teams. The cost will run no more than $200 for the season, members learned.

A request by E. Russell Slack, principal at Oak Glen, to increase the salary of Betty Lou Greathouse to $280 per month was granted. She is the school secretary.

Wellsville To Supervise

Course Planned On Teacher Aide

State officials have chosen the Wellsville schools to administer a 600-hour course of instruction for teacher aides under the Manpower Development Training Program, Supt. Donald Lowe announced Monday night at the Board of Education meeting.

Under the plan, 25 candidates from Columbiana County would study 40 hours each week in a 15-week course of instruction. Five of the potential aides would come from Wellsville.

Candidates will be selected by the Ohio State Employment Service, Lowe explained, and will be paid $1.50 per hour in government funds during their training. Classes are scheduled from 2 until 10 p. m. daily.

The instructor for the course is scheduled to receive up to $6 an hour, with a supervisor scheduled to receive the same rate on a part-time basis.

Lowe suggested the classes be held from 2 until 3 p. m. in the all - purpose room of MacDonald School, and then switch over to classrooms vacated at the end of the school day.

Members were enthusiastic about the plan because of the comprehensive curriculum and the fact the local schools would provide only the physical plant necessary for administering the program.

Classes for the potential aides will provide instruction in areas ranging from psychology to public relations to personal grooming.

Adoption of the program was approved unanimously by board members.

Whites In Milwaukee Hurl Bottles, Rocks At Negroes

MILWAUKEE, Wis. (AP) — Crowds of whites hurled bottles and rocks at a line of Negro open housing marchers in the virtually all-white South Side Monday night, bringing an abrupt end to Milwaukee's 15th straight night of demonstrations.

Whites packed the sidewalks along 16th Street as the demonstrators, led by Negro comedian Dick Gregory and the Rev. James E. Groppi, a white Roman Catholic priest, moved into the neighborhood.

Two persons were injured including Sydney Finley, a national officer of the National Association for the Advancement of Colored People who suffered a head cut.

Police made 13 arrests.

The whites, some of whom had made unsuccessful attempts earlier Monday to start marches of their own into the Negro North Side, were waiting for the procession of about 500 Negroes.

Even before the marchers crossed a viaduct into the neighborhood, bottles and firecrackers were tossed at the feet of police.

Police had used tear gas in a South Side neighborhood Sunday night to scatter whites aroused by the largest civil rights demonstration in the city's history. The demonstration had been staged with only minor incidents through another South Side section.

"Sock it to me, Black Power, ooh, aah," chanted the demonstrators as they advanced through the shouting waves of whites. Some whites held banners that read, "Polish Power," or, "White power."

Others threw rocks and bottles, over the heads of the riot-equipped police accompanying the marchers.

The marchers huddled together. Some hid behind signs calling for open housing.

Some police charged toward the white lines. Others urged the marchers to hurry along.

Some demonstrators threw rocks back at the whites. One Negro youth began smashing storefront windows.

Police pushed the marchers down a darkened residential street.

The whites were sealed off at the corner. A police sergeant pleaded with Father Groppi and other march leaders not to try to push deeper into the neighborhood.

Finally, police led the marchers around the corner and back toward the viaduct leading to the safety of Milwaukee's downtown. The whites jeered as the marchers retreated over the bridge.

The four-block march was over within 15 minutes.

Four Men Fined In Hancock After Hunting Charges

Four men have been fined on charges of illegally hunting in Hancock County.

They appeared Monday before Justice of the Peace John D. Herron at New Cumberland, all charged on various counts by Carl Kirkland, county conservation officer.

Thomas Sholtis, 21, and Eddy Bowman, 20, of Weirton, each was fined a total of $80 on charges of hunting on private property without permission, trespassing and hunting without a license.

Charles Dulaney, 19, of Weirton paid $40 on a charge of hunting on private property without permission and trespassing.

The complaint was filed by Louis Pascoe, manager of Starvaggi Farms at Weirton.

In city police court, Herron fined Jerry Duty, 27, of Weirton $50 and costs for hazardous driving and Clarence B. Melvin, 29, also of Weirton, $10 and costs on the same charge. Both were arrested by New Cumberland police.

Hearing Delayed In Murder Case

A preliminary hearing scheduled for tonight for Charles Hodges, 46, of 318 Ohio Ave., Midland, on a charge of murder has been continued at the request of the defendant.

Hodges was to have received the hearing before Justice of the Peace Steve Germusa. He is accused of the slaying of Mrs. Anne Lois Tookes, 40, of 343 Penn Ave., Midland, in a shooting spree Sept. 4 at the Magnet City Elks Lodge at 4th St. and Midland Ave., Midland.

No date has been set for the new hearing. Two men were wounded by bullets fired by Hodges.

Man Drowns In Indiana Boat Mishap

Services are being arranged for a 29-year-old former city man who was drowned Saturday in a boating mishap on Crooked Lake near Angola, Ind.

Jay Edward Sanford, 29, of Ft. Wayne, Ind., was drowned Saturday about 10 p. m. when he and a friend went for a sailboat ride following a party at a residence near the lake. When the two didn't appear after about 1½ hours, the Steuben County Sheriff's Department was notified.

About daybreak the capsized sailboat was found nearly 800 feet from shore in the East Basin. The second basin was dragged all day Sunday, but only a sweater, belonging to the other man, was found. State police and scuba divers continued the search throughout Monday and at 5:15 p. m., Sanford's body was found — about 1,000 feet from the north shore.

The search continued today for James Cooper, 28, also of Ft. Wayne. Cooper was an editor of the "Reinsurance Reporter," a publication of the Lincoln National Insurance Co. He was also an owner of "This Old House," a local supper club.

Authorities said the lake averages 20 feet in depth, but some of the holes in the lake bed are known to reach 70 feet.

Sanford was born July 26, 1938, in East Liverpool, a son of Edward Sanford and Helen R. Myers Sanford.

He was a district technical sales representative of the H. B. Fuller Adhesive Co. of Detroit, and had resided in Ft. Wayne about five years. He was graduated from East Liverpool High School in 1956, and he played on the football team. He was graduated from Bowling Green State University in 1961.

Mr. Sanford was a member of the Orchard Grove Methodist Church here.

Besides his parents of East Liverpool, survivors include his widow, Mrs. Jeanne Rowley Sanford, at home; his maternal grandparents, Mr. and Mrs. Joseph R. Myers of Bradenton, Fla.; his paternal grandfather William Sanford of East Liverpool; and two sisters, Miss Deborah Sanford of East Liverpool and Miss Joy Lynn Sanford of Alexandria, Va.

The Dawson Funeral Home is in charge of arrangements.

14 Due Hearings On Tax Charges

Fourteen have been served with notices directing them to appear in Municipal Court Sept. 20 at 9 a. m. on charges of violating the city income tax ordinance by failure to file final returns on 1966 earnings or estimates on 1967 income.

Israeli And Egyptian Guns Duel At Canal

By The Associated Press

Israeli and Egyptian guns dueled across the Suez Canal today after Egypt's antiaircraft guns opened up on one of two of Israel's planes. U.N. truce observers quickly arranged a cease-fire.

The shooting broke out near El Qantara in the northern section of the canal. Israel said the Egyptians opened fire on one of its planes flying over Israeli-occupied territory.

An Egyptian communique said two Israeli Mirage jets violated Egyptian air space and "our fire forced them to flee to the east bank of the Suez Canal."

8,000-Foot Peaks Tame Storm Beulah

MIAMI, Fla. (AP) — Mountain peaks reaching 8,000 feet into Hurricane Beulah tamed the once-mighty storm to 75 miles an hour today but not before Beulah raised its Caribbean death toll to 18 and headed for the tourist resorts of Jamaica.

The U.S. Weather Bureau said Beulah was expected to build up its strength on the march over open water before nearing the island of Jamaica.

At midnight the storm was centered about 700 miles southeast of Miami and was moving west. A slight turn to the northwest was forecast. Such a turn could affect Cuba, said forecaster Joseph Pellissier.

Arnold Sugg, a forecaster, said it was too early to predict the effect on the United States.

Two Atlantic hurricanes, Doria and Chloe, remained far from land.

Chloe, moving west from far out in the Atlantic, was said to pose no threat to land for the next two days.

Doria, a "minimal hurricane" centered 500 miles east of Norfolk, Va., was moving to the east at about 14 m.p.h. She was still kicking up the seas causing heavy surf from Massachusetts to Cape Hatteras, N.C.

On Monday 200,000 people were evacuated to emergency shelters from the exposed Barahona Peninsula on the south shore of Hispaniola, the island shared by Haiti and the Dominican Republic. A report from Barahona said 1,000 were homeless there.

Two deaths were reported from the Barahona Peninsula. A man was killed Sunday in Puerto Rico and 15 others died last week in the Martinique area of the east Caribbean as Beulah was forming.

Damage to the nearly mature crops of coffee, bananas, sugar cane and cocoa on the Barahona Peninsula was expected to be severe.

Four Killed, 40 Injured In Plant Blast

MUSCLE SHOALS, Ala. (AP) — Four persons were killed and 40 injured in an explosion which shattered a building at the Reynolds Metal Alloys plant here, company officials said.

They said first reports indicated damage might reach $1 million.

The thundering explosion, heard more than 15 miles away, occurred in the plant's cast house No. 10. The blast sent flames shooting more than 200 feet into the air and turned the building into a pile of rubble.

"It looked like it had been bombed," one witness said.

The plant employs about 3,000 persons. On a normal shift, officials said, between 75 and 80 men would have been working in the casting house. However, the officials said they had no accurate count on those inside the building.

Bob Holloway, the company's public relations director, said the large casting house, where aluminum is melted into ingots, would be closed today.

Holloway said the explosion came just as workers on the midnight shift were reporting to duty and that this may have helped reduce casualties.

Hirings Approved

Hancock Board Fills Vacancies

The employment of additional teaching and non - teaching personnel was acted upon Monday night by the Hancock County Board of Education.

Three elementary instructors were hired. They are C. James Duke, Thomas Robert Cupples and Alena K. Lutton. Also employed was a bus driver, William Parsons, and a custodian, Stephen B. Nutter.

Others approved for employment were: Mrs. Margaret O. Evans and Mrs. Emma Wease, as cultural resources aides at $300 a month at Cove and Wells Junior High Schools, and Sandra Yeater as a secretary at Oak Glen High School for $250 a month.

In other action, the board approved the purchase of band equipment for both Weir and Oak Glen high marching bands. Cost of the instruments at Oak Glen is $2,667 and at Weir, $4,727.

Also approved was a plan submitted by Mrs. Mary Fluharty, elementary coordinator, to transfer 31 third - grade students and their teachers from the Chester primary to the intermediate school there. The class will remain intact. The transfer was necessitated by the crowded room condition at the primary building.

Requests approved by the board were: Oak Glen band to participate in the fifth annual cavalcade of bands at Weir High stadium Sept. 23.

Oak Glen students to participate in the National Award Sewing contest at Jackson's Mill, Nov. 3.

Miss Ruth Wilkins to attend the education workshop at Cedar Lakes, Sept. 15.

Weirton Jaycees and the Cattrell Motor Co. to use Weir High stadium Oct. 14 from 10 a.m. to 1 p. m. for the pass, punt and kick contest sponsored by the Ford Motor Co. for boys 8-13.

Approval was granted providing for the transportation of junior high school football teams. The cost will run no more than $200 for the season, members learned.

A request by E. Russell Slack, principal at Oak Glen, to increase the salary of Betty Lou Greathouse to $280 per month was granted. She is the school secretary.

Wellsville To Supervise

Course Planned On Teacher Aide

State officials have chosen the Wellsville schools to administer a 600-hour course of instruction for teacher aides under the Manpower Development Training Program, Supt. Donald Lowe announced Monday night at the Board of Education meeting.

Under the plan, 25 candidates from Columbiana County would study 40 hours each week in a 15-week course of instruction. Five of the potential aides would come from Wellsville.

Candidates will be selected by the Ohio State Employment Service, Lowe explained, and will be paid $1.50 per hour in government funds during their training. Classes are scheduled from 2 until 10 p. m. daily.

The instructor for the course is scheduled to receive up to $6 an hour, with a supervisor scheduled to receive the same rate on a part-time basis.

Lowe suggested the classes be held from 2 until 3 p. m. in the all - purpose room of MacDonald School, and then switch over to classrooms vacated at the end of the school day.

Members were enthusiastic about the plan because of the comprehensive curriculum and the fact the local schools would provide only the physical plant necessary for administering the program.

Classes for the potential aides will provide instruction in areas ranging from psychology to public relations to personal grooming.

Adoption of the program was approved unanimously by board members.

Whites In Milwaukee Hurl Bottles, Rocks At Negroes

MILWAUKEE, Wis. (AP) — Crowds of whites hurled bottles and rocks at a line of Negro open housing marchers in the virtually all-white South Side Monday night, bringing an abrupt end to Milwaukee's 15th straight night of demonstrations.

Whites packed the sidewalks along 16th Street as the demonstrators, led by Negro comedian Dick Gregory and the Rev. James E. Groppi, a white Roman Catholic priest, moved into the neighborhood.

Two persons were injured including Sydney Finley, a national officer of the National Association for the Advancement of Colored People who suffered a head cut.

Police made 13 arrests.

The whites, some of whom had made unsuccessful attempts earlier Monday to start marches of their own into the Negro North Side, were waiting for the procession of about 500 Negroes.

Even before the marchers crossed a viaduct into the neighborhood, bottles and firecrackers were tossed at the feet of police.

Police had used tear gas in a South Side neighborhood Sunday night to scatter whites aroused by the largest civil rights demonstration in the city's history. The demonstration had been staged with only minor incidents through another South Side section.

"Sock it to me, Black Power, ooh, aah," chanted the demonstrators as they advanced through the shouting waves of whites. Some whites held banners that read, "Polish Power," or, "White power."

Others threw rocks and bottles, over the heads of the riot-equipped police accompanying the marchers.

The marchers huddled together. Some hid behind signs calling for open housing.

Some police charged toward the white lines. Others urged the marchers to hurry along.

Some demonstrators threw rocks back at the whites. One Negro youth began smashing storefront windows.

Police pushed the marchers down a darkened residential street.

The whites were sealed off at the corner. A police sergeant pleaded with Father Groppi and other march leaders not to try to push deeper into the neighborhood.

Finally, police led the marchers around the corner and back toward the viaduct leading to the safety of Milwaukee's downtown. The whites jeered as the marchers retreated over the bridge.

The four-block march was over within 15 minutes.

Four Men Fined In Hancock After Hunting Charges

Four men have been fined on charges of illegally hunting in Hancock County.

They appeared Monday before Justice of the Peace John D. Herron at New Cumberland, all charged on various counts by Carl Kirkland, county conservation officer.

Thomas Sholtis, 21, and Eddy Bowman, 20, of Weirton, each was fined a total of $60 on charges of hunting on private property without permission, trespassing and hunting without a license.

Charles Dulaney, 19, of Weirton paid $40 on a charge of hunting on private property without permission and trespassing.

The complaint was filed by Louis Pascoe, manager of Starvaggi Farms at Weirton.

In city police court, Herron fined Jerry Duty, 27, of Weirton $50 and costs for hazardous driving and Clarence B. Melvin, 29, also of Weirton, $10 and costs on the same charge. Both were arrested by New Cumberland police.

Hearing Delayed In Murder Case

A preliminary hearing scheduled for tonight for Charles Hodges, 46, of 318 Ohio Ave., Midland, on a charge of murder has been continued at the request of the defendant.

Hodges was to have received the hearing before Justice of the Peace Steve Germusa. He is accused of the slaying of Mrs. Anna Lois Tookes, 40, of 343 Penn Ave., Midland, in a shooting spree Sept. 4 at the Magnet City Elks Lodge at 4th St. and Midland Ave., Midland.

No date has been set for the new hearing. Two men were wounded by bullets fired by Hodges.

Man Drowns In Indiana Boat Mishap

Services are being arranged for a 29-year-old former city man who was drowned Saturday in a boating mishap on Crooked Lake near Angola, Ind.

Jay Edward Sanford, 29, of Ft. Wayne, Ind., was drowned Saturday about 10 p. m. when he and a friend went for a sailboat ride following a party at a residence near the lake. When the two didn't appear after about 1½ hours, the Steuben County Sheriff's Department was notified.

About daybreak the capsized sailboat was found nearly 800 feet from shore in the East Basin. The second basin was dragged all day Sunday, but only a sweater, belonging to the other man, was found. State police and scuba divers continued the search throughout Monday and at 5:15 p. m., Sanford's body was found — about 1,000 feet from the north shore.

The search continued today for James Cooper, 28, also of Ft. Wayne. Cooper was an editor of the "Reinsurance Reporter," a publication of the Lincoln National Insurance Co. He was also an owner of "This Old House," a local supper club.

Authorities said the lake averages 20 feet in depth, but some of the holes in the lake bed are known to reach 70 feet.

Sanford was born July 26, 1938, in East Liverpool, a son of Edward Sanford and Helen R. Myers Sanford.

He was a district technical sales representative of the H. B. Fuller Adhesive Co. of Detroit, and had resided in Ft. Wayne about five years. He was graduated from East Liverpool High School in 1956, and he played on the football team. He was graduated from Bowling Green State University in 1961.

Mr. Sanford was a member of the Orchard Grove Methodist Church here.

Besides his parents of East Liverpool, survivors include his widow, Mrs. Jeanne Rowley Sanford, at home; his maternal grandparents, Mr. and Mrs. Joseph R. Myers of Bradenton, Fla.; his paternal grandfather William Sanford of East Liverpool; and two sisters, Miss Deborah Sanford of East Liverpool and Miss Joy Lynn Sanford of Alexandria, Va.

The Dawson Funeral Home is in charge of arrangements.

Israeli And Egyptian Guns Duel At Canal

By The Associated Press

Israeli and Egyptian guns dueled across the Suez Canal today after Egypt's antiaircraft guns opened up on one of two of Israel's planes. U.N. truce observers quickly arranged a cease-fire.

The shooting broke out near El Qantara in the northern section of the canal. Israel said the Egyptians opened fire on one of its planes flying over Israeli-occupied territory.

An Egyptian communique said two Israeli Mirage jets violated Egyptian air space and "our fire forced them to flee to the east bank of the Suez Canal."

Republic Steel Gets Temporary Injunction

WARREN, Ohio (AP)—Trumbull County Common Pleas Judge G. H. Birrell granted Republic Steel Corp. a temporary injunction Monday forbidding truckers from picketing the company's facilities here. The pickets are members of the Teamsters Union and reportedly are dissatisfied with the National Teamster contract signed earlier this year.

It was reported that the grievances are not against Republic Steel, but against steel brokers. However, the company says the pickets have prevented trucks from entering and leaving its plants.

Strip Rail Unions Of Right To Strike, Congress Urged

By NEIL GILBRIDE
AP Labor Writer

WASHINGTON (AP) — The railroad industry's new chief negotiator, John P. Hiltz Jr., says Congress should strip the nation's 25 rail unions of their right to strike.

"I would favor a law to perpetuate railroad service, rather than having the threat of constant interruptions of service," Hiltz said in an informal talk with newsmen.

He said Monday this would mean taking the strike weapon away from unions representing some 600,000 railroad workers. Rail unions have consistently defended their right to strike.

The rail industry and six shop craft unions are awaiting the decision of a White House board this week which Hiltz said may set the bargaining pattern for the industry in the future.

The presidential board, headed by Sen. Wayne Morse, D-Ore., was named under a special law passed in July to halt a two-day nationwide strike — the first time in U.S. history that Congress stepped into a wage dispute except during World Wars I and II.

The board's recommendations, due to be handed down by midnight Friday, will become mandatory if the railroads and unions don't settle voluntarily by Oct. 16. There is little likelihood of a voluntary wage agreement.

The six shop craft unions are demanding a 6.5 per cent wage hike this year and 5 per cent next year plus two 12.5-cent increases for skilled men who make up most of the 137,000 workers affected. The railroads have offered a 6 per cent hike for an 18-month agreement plus one five-cent hourly raise for skilled workers.

The railroads will face new wage demands from other unions right on the heels of the shop craft case. Unions representing several hundred thousand trainmen, switchmen and clerks have already served wage demands for their workers, whose contracts expire next January.

Hiltz, who took over on the retirement of J. E. Wolfe last month, indicated no break in the rail industry's tough bargaining attitude.

The 56-year-old Hiltz bargains for virtually all the nation's railroads. He resigned as president of the Delaware Hudson Railroad to take the new job, is little known outside the industry but brings 33 years of railroading experience to his new post.

Frustration Over Viet War Dominant Feeling Of Voters

WASHINGTON (AP) — Growing frustration over the war in Vietnam is reported by House members to be the dominant feeling of their constituents.

The prospect of increased taxes and crime, and rioting also are weighing heavily on the minds of the voters.

Interviews with a cross-section of Democratic and Republican House members indicates concern over the conduct of the war is the biggest issue.

Back from a two-week vacation, they reported mounting feeling that the United States should act to win the war quickly or pull out of Vietnam.

The political significance of the unrest was interpreted differently by the two party leaders in the House.

Rep. Carl Albert of Oklahoma, Democratic leader, appeared surprised "that the President is not in nearly as much trouble as I thought he was."

"Vietnam is the No. 1 issue," Albert said. "There is a sense of frustration about the war. I found little talk about taxes but a lot of people are worried about the rioting and there was some criticism of the poverty program and concern over farm prices."

Rep. Gerald R. Ford of Michigan, the Republican leader, said: "I have never seen an administration in such public disfavor."

"The people are concerned about Vietnam and are frustrated about the way the war is being waged," Ford said. "There is grave concern about crime and disregard of the law, land strong opposition to a tax increase."

Rep. George W. Andrews, D-Ala., said the chief concerns of his constituents were "the war, taxes, crime and rioting, in that order."

"The people want this war over with," he added.

Parents Achieve Concession In School Busing

PITTSBURGH (AP)—Parents protesting a school busing plan have won a concession from Mayor Joseph Barr.

The mayor agreed Monday to see what he could do to speed up a court hearing on their suit which contends the bus plan is unconstitutional.

About 75 persons, mostly women and children, picketed city hall protesting the plan to bus about 200 pupils from a predominately white section to the new Columbus Middle School in a racially mixed neighborhood in the North Side.

Later, Barr met with four of the women and promised the court hearing speedup. He also said he would send investigators to the school to look into charges of unsafe conditions.

Finishing work on the school was delayed somewhat by the construction strike this summer.

Barr told the women he could do nothing about the bus plan, saying it comes under jurisdiction of the Board of Education, rather than his office.

Some 40 to 50 pupils have been kept away from classes by their parents since the opening of the new school term last week.

7 Get Treatment In Emergencies

A city resident injured in a door and a Wellsville woman hurt at work Monday were treated at City Hospital, along with five others.

Karen Tittle of 260½ Ridgeway Ave. suffered a contusion of the left hand when caught in a door and Irene Weaver of Wellsville RD 1, employed at the Harker China Co., sustained a laceration of the right leg on a skid.

Lisa Brant, daughter of Mr. and Mrs. James Brant of 429 Thompson Ave., suffered a laceration of the forehead in a fall against a coffee table at home; Hayward Tolley of Toronto RD 2, a laceration of the righ ring finger on a bottle.

Donald Wolf, son of Mr. and Mrs. Donald Wolf of LaCroft Ave., a laceration of the left thumb at home; George Woessner of 429 Imperial Dr., a laceration of the left index finger on a grindstone.

Debbie Farnsworth of Shadyside Ave., a laceration of the right arm on glass.

Vandals Hit Schools In Middletown Area

MIDDLETOWN, Ohio (AP)—Vandals caused more than $1,000 damage to two Middletown area schools and to schools buses parked outside Madison Township High School last weekend.

School officials estimated $700 damage-mostly slashed drapes and spoiled food in the cafeteria—at the Poasttown Elementary School. Fourteen windows at the Amenda Junior High School were shot out and the windshields of three school buses were smashed at Madison.

Western Michigan football coach Bill Doolittle was 1966 Coach of the Year in the Mid-American Conference.

County Lists 3 TB Deaths

LISBON — Columbiana County had three tuberculosis deaths in August, according to the monthly report of the county TB control clinic at the Courthouse.

Two new cases of TB and one reactivated case were reported last month.

Clinic personnel gave 149 chest X-rays and 344 Mantoux tuberculin tests. Fifty of the tests were positive, 282 negative and 12 were not read.

Nurses made 114 visits and Dr. M. K. Singer, medical director, held seven consultations.

The clinic placed three patients on drug therapy, bringing to 122 the number on medication at home. Forty-one are in the General Health District (rural areas and villages), 37 in East Liverpool, 27 in Salem, 11 in Wellsville and 6 in East Palestine.

There was one hospital admission last month and four discharges, three with medical advice and one death.

Of the seven county patients in TB hospitals as of Aug. 31, four were in the Ohio Tuberculosis hospital at Columbus, two in veterans' hospitals and one in Mahoning County sanatorium. Three patients were from East Liverpool and two each from Salem and the General Health District.

LEGAL NOTICES

ORDINANCE NUMBER 32, 1967.
AN ORDINANCE AUTHORIZING AN EASEMENT TO THE OHIO VALLEY GAS COMPANY.

WHEREAS, the City of East Liverpool is the owner of certain property known as Thompson Park, and

WHEREAS, that part of said property described herein to be occupied by a pipeline is not now needed for municipal purposes, and

WHEREAS, the City of East Liverpool has authority under Article XVIII, Section 3 of the Ohio Constitution and the Revised Code of Ohio to execute the hereinafter mentioned easement,

NOW, THEREFORE,

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF EAST LIVERPOOL, STATE OF OHIO:

SECTION 1. That the Director of Public Service - Safety and the Mayor of this City, for the amount of $1.00, are hereby authorized by proper instrument to grant and convey to The Ohio Valley Gas Company, its successors and assigns, an easement and right of way to construct, operate, maintain, replace and finally remove a pipeline along the route hereinafter set forth for the transporation of natural gas over, through and across a tract of land owned by the Twp. of East Liverpool, in the County of Columbiana, and State of Ohio, and bounded and described as follows:

Being part of Lot No. 44 of the Maplewood Subdivision of the lands of the W. L. Thompson Estate, said lot containing 3.336 acres, Southeast quarter of Section 34, Township 6, Range 1 West, Ohio River Survey, and more particularly described as follows: Being an easement 15.00 feet in width, west of, parallel to, and adjacent to the east line of said Lot No. 44, extending from the southeasterly right of way of Park Way, (60 feet in width) to the northerly right of way of White Oak Lane (20 feet in width).

Together with the right of ingress and egress to and from the same, reserving to the City of East Liverpool the full use and enjoyment of said premises except for the rights herein granted to said Company.

In the event said pipeline interferes with City's use of the aforesaid land for public purposes, the Company shall, upon receipt of a written request from City, raise or lower said pipeline, or relocate said line to another location on the City's property as mutually agreed upon by the parties hereto. Should the parties be unable to agree upon the new location for said line, said new location shall be determined by a panel of arbitrators composed of three (3) disinterested engineers, of whom the City and the Company shall appoint one each and the two engineers so appointed shall appoint the third, the award of any two of whom shall be final and a condition precedent to the institution of any legal proceedings. Any cost of said arbitration and/or relocation is to be paid solely by the Company.

The rights, privileges and terms hereby shall extend to and be binding upon the City and the Company, their respective successors and assigns.

SECTION 2. That the above described premises which said pipeline is to occupy are not now needed for any municipal purpose.

SECTION 3. That this Ordinance shall take effect and be in force from and after the earliest period allowed by law.

Passed this 5th day of September, 1967.

ERNEST A. LOWE
President of Council

ATTEST:
BETTY J. BERG
Clerk of Council

ANNOUNCEMENTS

2 IN MEMORIAM

"Markie" Little. In loving memory 1956-1958.
No stain was on his little heart
Sin had not entered there
And innocence slept sweetly on
That pale white brow so fair.
He was too pure for this cold earth
Too beautiful to stay,
And so God's holy angel bore
Darling little Markie away.
His smiling face and baby ways
Are a pleasure to recall
He was such a darling little boy
And died beloved by all.

Republic Steel Gets Temporary Injunction

WARREN, Ohio (AP)—Trumbull County Common Pleas Judge G. H. Birrell granted Republic Steel Corp. a temporary injunction Monday forbidding truckers from picketing the company's facilities here. The pickets are members of the Teamsters Union and reportedly are dissatisfied with the National Teamster contract signed earlier this year.

It was reported that the grievances are not against Republic Steel, but against steel brokers. However, the company says the pickets have prevented trucks from entering and leaving its plants.

Strip Rail Unions Of Right To Strike, Congress Urged

By NEIL GILBRIDE
AP Labor Writer

WASHINGTON (AP) — The railroad industry's new chief negotiator, John P. Hiltz Jr., says Congress should strip the nation's 25 rail unions of their right to strike.

"I would favor a law to perpetuate railroad service, rather than having the threat of constant interruptions of service," Hiltz said in an informal talk with newsmen.

He said Monday this would mean taking the strike weapon away from unions representing some 600,000 railroad workers. Rail unions have consistently defended their right to strike.

The rail industry and six shop craft unions are awaiting the decision of a White House board this week which Hiltz said may set the bargaining pattern for the industry in the future.

The presidential board, headed by Sen. Wayne Morse, D-Ore., was named under a special law passed in July to halt a two-day nationwide strike — the first time in U.S. history that Congress stepped into a wage dispute except during World Wars I and II.

The board's recommendations, due to be handed down by midnight Friday, will become mandatory if the railroads and unions don't settle voluntarily by Oct. 16. There is little likelihood of a voluntary wage agreement.

The six shop craft unions are demanding a 6.5 per cent wage hike this year and 5 per cent next year plus two 12.5-cent increases for skilled men who make up most of the 137,000 workers affected. The railroads have offered a 6 per cent hike for an 18-month agreement plus one five-cent hourly raise for skilled workers.

The railroads will face new wage demands from other unions right on the heels of the shop craft case. Unions representing several hundred thousand trainmen, switchmen and clerks have already served wage demands for their workers, whose contracts expire next January.

Hiltz, who took over on the retirement of J. E. Wolfe last month, indicated no break in the rail industry's tough bargaining attitude.

The 56-year-old Hiltz bargains for virtually all the nation's railroads. He resigned as president of the Delaware Hudson Railroad to take the new job, is little known outside the industry but brings 33 years of railroading experience to his new post.

Frustration Over Viet War Dominant Feeling Of Voters

WASHINGTON (AP) — Growing frustration over the war in Vietnam is reported by House members to be the dominant feeling of their constituents.

The prospect of increased taxes and crime, and rioting also are weighing heavily on the minds of the voters.

Interviews with a cross-section of Democratic and Republican House members indicates concern over the conduct of the war is the biggest issue.

Back from a two-week vacation, they reported mounting feeling that the United States should act to win the war quickly or pull out of Vietnam.

The political significance of the unrest was interpreted differently by the two party leaders in the House.

Rep. Carl Albert of Oklahoma, Democratic leader, appeared surprised "that the President is not in nearly as much trouble as I thought he was."

"Vietnam is the No. 1 issue," Albert said. "There is a sense of frustration about the war. I found little talk about taxes but a lot of people are worried about the rioting and there was some criticism of the poverty program and concern over farm prices."

Rep. Gerald R. Ford of Michigan, the Republican leader, said: "I have never seen an administration in such public disfavor."

"The people are concerned about Vietnam and are frustrated about the way the war is being waged," Ford said. "There is grave concern about crime and disregard of the law, land strong opposition to a tax increase."

Rep. George W. Andrews, D-Ala., said the chief concerns of his constituents were "the war, taxes, crime and rioting, in that order."

"The people want this war over with," he added.

Parents Achieve Concession In School Busing

PITTSBURGH (AP)—Parents protesting a school busing plan have won a concession from Mayor Joseph Barr.

The mayor agreed Monday to see what he could do to speed up a court hearing on their suit which contends the bus plan is unconstitutional.

About 75 persons, mostly women and children, picketed city hall protesting the plan to bus about 200 pupils from a predominately white section to the new Columbus Middle School in a racially mixed neighborhood in the North Side.

Later, Barr met with four of the women and promised the court hearing speedup. He also said he would send investigators to the school to look into charges of unsafe conditions.

Finishing work on the school was delayed somewhat by the construction strike this summer.

Barr told the women he could do nothing about the bus plan, saying it comes under jurisdiction of the Board of Education, rather than his office.

Some 40 to 50 pupils have been kept away from classes by their parents since the opening of the new school term last week.

7 Get Treatment In Emergencies

A city resident injured in a door and a Wellsville woman hurt at work Monday were treated at City Hospital, along with five others.

Karen Tittle of 260½ Ridgeway Ave. suffered a contusion of the left hand when caught in a door and Irene Weaver of Wellsville RD 1, employed at the Harker China Co., sustained a laceration of the right leg on a skid.

Lisa Brant, daughter of Mr. and Mrs. James Brant of 429 Thompson Ave., suffered a laceration of the forehead in a fall against a coffee table at home; Hayward Tolley of Toronto RD 2, a laceration of the right ring finger on a bottle.

Donald Wolf, son of Mr. and Mrs. Donald Wolf of LaCroft Ave., a laceration of the left thumb at home; George Woessner of 429 Imperial Dr., a laceration of the left index finger on a grindstone.

Debbie Farnsworth of Shadyside Ave., a laceration of the right arm on glass.

Vandals Hit Schools In Middletown Area

MIDDLETOWN, Ohio (AP)—Vandals caused more than $1,000 damage to two Middletown area schools and to schools buses parked outside Madison Township High School last weekend.

School officials estimated $700 damage-mostly slashed drapes and spoiled food in the cafeteria—at the Poasttown Elementary School. Fourteen windows at the Amenda Junior High School were shot out and the windshields of three school buses were smashed at Madison.

Western Michigan football coach Bill Doolittle was 1966 Coach of the Year in the Mid-American Conference.

County Lists 3 TB Deaths

LISBON — Columbiana County had three tuberculosis deaths in August, according to the monthly report of the county TB control clinic at the Courthouse.

Two new cases of TB and one reactivated case were reported last month.

Clinic personnel gave 149 chest X-rays and 344 Mantoux tuberculin tests. Fifty of the tests were positive, 282 negative and 12 were not read.

Nurses made 114 visits and Dr. M. K. Singer, medical director, held seven consultations.

The clinic placed three patients on drug therapy, bringing to 122 the number on medication at home. Forty-one are in the General Health District (rural areas and villages), 37 in East Liverpool, 27 in Salem, 11 in Wellsville and 6 in East Palestine.

There was one hospital admission last month and four discharges, three with medical advice and one death.

Of the seven county patients in TB hospitals as of Aug. 31, four were in the Ohio Tuberculosis hospital at Columbus, two in veterans' hospitals and one in Mahoning County sanatorium. Three patients were from East Liverpool and two each from Salem and the General Health District.

LEGAL NOTICES

ORDINANCE NUMBER 32, 1967.
AN ORDINANCE AUTHORIZING AN EASEMENT TO THE OHIO VALLEY GAS COMPANY.

WHEREAS, the City of East Liverpool is the owner of certain property known as Thompson Park, and

WHEREAS, that part of said property described herein to be occupied by a pipeline is not now needed for municipal purposes, and

WHEREAS, the City of East Liverpool has authority under Article XVIII, Section 3 of the Ohio Constitution and the Revised Code of Ohio to execute the hereinafter mentioned easement,

NOW, THEREFORE,

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF EAST LIVERPOOL, STATE OF OHIO:

SECTION 1. That the Director of Public Service - Safety and the Mayor of this City, for the amount of $1.00, are hereby authorized by proper instrument to grant and convey to The Ohio Valley Gas Company, its successors and assigns, an easement and right of way to construct, operate, maintain, replace and finally remove a pipeline along the route hereinafter set forth for the transporation of natural gas over, through and across a tract of land owned by the Twp. of East Liverpool, in the County of Columbiana, and State of Ohio, and bounded and described as follows:

Being part of Lot No. 44 of the Maplewood Subdivision of the lands of the W. L. Thompson Estate, said lot containing 3.336 acres, Southeast quarter of Section 34, Township 6, Range 1 West, Ohio River Survey, and more particularly described as follows: Being an easement 15.00 feet in width, west of, parallel to, and adjacent to the east line of said Lot No. 44, extending from the southeasterly right of way of Park Way, (60 feet in width) to the northerly right of way of White Oak Lane (20 feet in width).

Together with the right of ingress and egress to and from the same, reserving to the City of East Liverpool the full use and enjoyment of said premises except for the rights herein granted to said Company.

In the event said pipeline interferes with City's use of the aforesaid land for public purposes, the Company shall, upon receipt of a written request from City, raise or lower said pipeline, or relocate said line to another location on the City's property as mutually agreed upon by the parties hereto. Should the parties be unable to agree upon the new location for said line, said new location shall be determined by a panel of arbitrators composed of three (3) disinterested engineers, of whom the City and the Company shall appoint one each and the two engineers so appointed shall appoint the third, the award of any two of whom shall be final and a condition precedent to the institution of any legal proceedings. Any cost of said arbitration and/or relocation is to be paid solely by the Company.

The rights, privileges and terms hereby shall extend to and be binding upon the City and the Company, their respective successors and assigns.

SECTION 2. That the above described premises which said pipeline is to occupy are not now needed for any municipal purpose.

SECTION 3. That this Ordinance shall take effect and be in force from and after the earliest period allowed by law.

Passed this 5th day of September, 1967.

ERNEST A. LOWE
President of Council

ANNOUNCEMENTS

2 IN MEMORIAM

"Markie" Little. In loving memory 1956-1958.
No stain was on his little heart
Sin had not entered there
And innocence slept sweetly on
That pale white brow so fair.
He was too pure for this cold earth
Too beautiful to stay,
And so God's holy angel bore
Darling little Markie away.
His smiling face and baby ways
Are a pleasure to recall
He was such a darling little boy
And died beloved by all.

A Junior Editors Quiz About WATER

QUESTION: What part does water play in the body?

★ ★ ★

ANSWER: Water and the other substances in the human body would never become separated as shown in our imaginative picture. But the picture is true in that it suggests that a very large part of our bodies is made up of water. Although we hardly realize it, a great deal of activity is going on inside our bodies all the time. The blood is circulating; the food we eat is being digested and distributed; waste products are being removed; an even body temperature is being maintained. The water in the body makes all these activities possible. There are streams of water inside us along which carry the blood corpuscles, for blood is 90 per cent water. This circulation of the blood brings digested food to the body cells and takes waste products away. What we call perspiration is water leaving the body through the skin and taking out the excess heat as it goes. Since water is always leaving the body and evaporating into the air in this way, we must drink every now and then to keep our cooling system going. Because of all the vital services water does for him, the average man must take in about a ton of water each year.

Today In History

By The Associated Press

Today is Tuesday, Sept. 12, the 255th day of 1967. There are 110 days left in the year.

Today's highlight in history:

On this date in 1814, American troops successfully defended Baltimore against the British in the War of 1812.

On this date:

In 1609, the English navigator Henry Hudson, in service of the Dutch, entered the river which was named after him.

In 1687, the Pilgrim colonist John Alden died in Duxbury, Mass.

In 1869, the National Prohibition party was organized in Chicago.

In 1943, dictator Benito Mussolini was kidnaped by German paratroopers from a hotel in Lake Bracciano, Italy.

In 1944, American troops reached German soil for the first time in World War II, pushing five miles across the border northwest of Trier.

In 1953, John F. Kennedy, D-Mass., married Jacqueline Lee Bouvier in Newport, R.I.

Ten years ago — The United States rejected Soviet charges that the United States was conspiring against Syria.

Five years ago — President John F. Kennedy said in a St. Louis speech that no nation which expects to be the leader of other nations can afford to lag in exploration of space.

One year ago — Communist Red Guards met stiff resistance as they pushed the cultural revolution from Peking into the countryside.

$1 off Windsor

new variety Kentucky bluegrass

Here's your opportunity to save on Windsor and enjoy a lawn that feels like velvet and wears like iron. Windsor makes magnificent green turf. Loves summer heat and thrives under hard use. Its thick, carpet-like growth keeps weeds in check too. Ask for Scotts Blend Seventy containing 70% Windsor.
